Dated: Date of Delivery**Due:** August 1, as shown on the inside cover page

Puerto Rico Sales Tax Financing Corporation (the "Corporation") will issue its Sales Tax Revenue Bonds, First Subordinate Series 2010D (Issuer Subsidy Build America Bonds) (the "Series 2010D Bonds") and Sales Tax Revenue Bonds, First Subordinate Series 2010E (Issuer Subsidy Recovery Zone Economic Development Bonds) (the "Series 2010E Bonds" and, together with the Series 2010D Bonds, the "Offered Bonds"), to provide funds to the Commonwealth of Puerto Rico (the "Commonwealth") to be applied for various purposes described herein. Concurrently with the issuance of the Offered Bonds, the Corporation is issuing its Sales Tax Revenue Bonds, First Subordinate Series 2010C (the "Series 2010C Bonds" and, together with the Offered Bonds, the "Series 2010 Bonds"). The Series 2010C Bonds are being offered for sale in the United States tax-exempt market pursuant to a separate Official Statement. The Offered Bonds are being sold solely in Puerto Rico and their issuance is not contingent upon the issuance of the Series 2010C Bonds.

The Series 2010 Bonds are being issued pursuant to a Sales Tax Revenue Bond Resolution, as amended (the "Resolution"), and are payable solely from and secured by a security interest in a portion of the sales tax imposed by the Commonwealth. The Series 2010 Bonds are subordinate in payment priority to the Corporation's outstanding Senior Bonds and Parity Obligations (as defined herein) and additional senior bonds that may be issued by the Corporation, as described herein. The Series 2010 Bonds are on a parity in payment priority with the outstanding First Subordinate Bonds (as defined herein), and additional first subordinate bonds that may be issued or first subordinate obligations that may be incurred by the Corporation, as described herein. The Bank of New York Mellon acts as trustee (the "Trustee") under the Resolution. See Appendix B – Summary of Certain Definitions and Provisions of the Resolution.

The Offered Bonds have the following characteristics:

- The Offered Bonds will be issued as fully registered bonds without coupons in denominations of \$5,000 principal amount and integral multiples thereof.
- The Offered Bonds will be issued by means of a book-entry only system evidencing ownership and transfer of the Offered Bonds on the records of The Depository Trust Company and its participants.
- Interest on the Offered Bonds will accrue from their date of delivery and will be payable quarterly on each February 1, May 1, August 1 and November 1 until maturity (or earlier redemption), commencing on November 1, 2010. The inside cover page of this Official Statement contains information concerning the maturity, interest rate, and price of the Offered Bonds.
- The Offered Bonds are subject to redemption, commencing on August 1, 2015, as described herein. Upon the occurrence of an Extraordinary Event, the Corporation may choose to redeem the Offered Bonds at par. See *Extraordinary Redemption* under THE OFFERED BONDS.
- This cover page contains information for quick reference only. It is *not* a summary of this issue. Investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision. Prospective investors should consider the information set forth in RISK FACTORS before investing.
- In the opinion of Special Puerto Rico Tax Counsel, under existing statutes, the Offered Bonds, and the interest thereon, are exempt from Commonwealth income, municipal license and property taxes. Under most circumstances, interest on the Offered Bonds will be exempt from United States income taxes to (i) individuals who are bona fide residents of Puerto Rico during the entire taxable year in which such interest is received and (ii) Puerto Rico corporations. See TAX MATTERS herein. The Corporation has determined, based on the advice of counsel, that interest on the Offered Bonds is not excludable from gross income for federal income tax purposes under Section 103(a) of the United States Internal Revenue Code. As a result, the Offered Bonds are not being sold in the United States tax-exempt municipal market, but are being sold exclusively in Puerto Rico.
- The Offered Bonds will be dated their date of delivery and are expected to be delivered through The Depository Trust Company on or about June 30, 2010.

The Offered Bonds and other obligations of the Corporation do not constitute a debt or obligation of the Commonwealth nor of its instrumentalities (other than the Corporation), and neither the Commonwealth nor its public instrumentalities (other than the Corporation) is responsible for the payment of the Offered Bonds or such other obligations, for which the full faith, credit and taxing power of the Commonwealth is not pledged.

The Offered Bonds are offered by the Underwriters when, as and if issued by the Corporation and received by the Underwriters, subject to prior sale, to withdrawal or modification of the offer without notice, and to the approval of legality by Nixon Peabody LLP, New York, New York, Bond Counsel to the Corporation. Pietrantonì Méndez & Alvarez LLP, San Juan, Puerto Rico, will pass upon certain legal matters for the Underwriters and will act as Special Puerto Rico Tax Counsel.

INTRODUCTION

This Official Statement of Puerto Rico Sales Tax Financing Corporation (the “Corporation,” or as known by the acronym of its Spanish name, “COFINA”), which includes the cover page, the inside cover page, the table of contents and the appendices, sets forth certain information in connection with the issuance and sale by the Corporation of its \$182,190,000 Sales Tax Revenue Bonds, First Subordinate Series 2010D (Issuer Subsidy Build America Bonds) (the “Series 2010D Bonds”) and Sales Tax Revenue Bonds, First Subordinate Series 2010E (Issuer Subsidy Recovery Zone Economic Development Bonds) (the “Series 2010E Bonds” and, together with the Series 2010D Bonds, the “Offered Bonds”). Concurrently with the issuance of the Offered Bonds, the Corporation is issuing its Sales Tax Revenue Bonds, First Subordinate Series 2010C (the “Series 2010C Bonds” and, together with the Offered Bonds, the “Series 2010 Bonds”). The Series 2010C Bonds are being offered for sale in the United States tax-exempt market pursuant to a separate Official Statement. The Offered Bonds are being sold solely in Puerto Rico and are not contingent upon the issuance of the Series 2010C Bonds. Capitalized terms not defined elsewhere in this Official Statement are defined in *Appendix B – Summary of Certain Definitions and Provisions of the Resolution*.

The Corporation will issue the Series 2010D Bonds as “Build America Bonds” that are subject to U.S. income taxes (except to bona fide residents of Puerto Rico and Puerto Rico corporations to the extent described herein). Upon compliance with certain requirements of the Internal Revenue Code of 1986, as amended (the “Code”), the Corporation will receive a subsidy payment from the federal government equal to 35% of the amount of each interest payment on the Series 2010D Bonds. This subsidy will be paid directly to the Corporation and not to the holders of the Series 2010D Bonds. Under no circumstances will the owners of the Series 2010D Bonds be entitled to a credit against any taxes imposed by the Code as a result of their ownership of the Series 2010D Bonds.

The Corporation will issue the Series 2010E Bonds as “Build America Bonds” that are “Recovery Zone Economic Development Bonds” subject to U.S. income taxes (except to bona fide residents of Puerto Rico and Puerto Rico corporations to the extent described herein). Upon compliance with certain requirements of the Code, the Corporation will receive a subsidy payment from the federal government equal to 45% of the amount of each interest payment on the Series 2010E Bonds. This subsidy will be paid directly to the Corporation and not to the holders of the Series 2010E Bonds. Under no circumstances will the owners of the Series 2010E Bonds be entitled to a credit against any taxes imposed by the Code as a result of their ownership of the Series 2010E Bonds.

For more information regarding the “Build America Bonds” and “Recovery Zone Economic Development Bonds” designation, see *Use of Federal Subsidy Received with Respect to the Offered Bonds* under THE OFFERED BONDS.

The Corporation

The Corporation is an independent governmental instrumentality of the Commonwealth of Puerto Rico (the “Commonwealth”), created under Act No. 91 of the Legislative Assembly of the Commonwealth (the “Legislative Assembly”), approved May 13, 2006, as amended by Act No. 291, approved December 26, 2006, Act No. 56, approved July 5, 2007, Act No. 1, approved January 14, 2009, Act No. 7, approved March 9, 2009 (“Act 7”), and Act No. 18, approved May 22, 2009 (collectively, “Act 91”). The Corporation receives half of the Commonwealth Sales Tax (as defined below) (2.75% out of a total sales tax of 5.5%, as described below) and is authorized to use such portion of the Commonwealth Sales Tax to pay or finance, in whole or in part, or fund: (i) certain debt obligations of the Commonwealth payable solely from Commonwealth budgetary appropriations and outstanding as of June 30, 2006 (the “2006 Appropriation Debt”); (ii) the debt of the

Secretary of the Treasury of the Commonwealth (“Secretary of the Treasury”) with Government Development Bank for Puerto Rico (“Government Development Bank”) in the amount of \$1 billion, a portion of the proceeds of which were used to cover the budgetary deficit of the Commonwealth for Fiscal Year 2008-2009, (iii) certain financing granted to the Secretary of the Treasury by Government Development Bank payable from future Commonwealth general obligation bonds, and any debt of the Commonwealth outstanding as of December 31, 2008 that did not have a source of repayment or was payable from budgetary appropriations, (iv) a portion of the accounts payable to suppliers of the Commonwealth, (v) operational expenses of the Commonwealth for Fiscal Years 2008-2009, 2009-2010, and 2010-2011, (vi) operational expenses of the Commonwealth for Fiscal Year 2011-2012, to the extent included in the annual budget of the Government of Puerto Rico, (vii) the Puerto Rico Economic Stimulus Fund, (viii) the Commonwealth Emergency Fund in order to cover expenses resulting from catastrophic events such as hurricanes or floods, and (ix) the Economic Cooperation and Public Employees Alternatives Fund (all such uses, together with the 2006 Appropriation Debt, the “Authorized Uses”). See THE CORPORATION.

Sales and Use Tax

Pursuant to Act No. 117 of the Legislative Assembly, approved July 4, 2006 (“Act 117”), the Commonwealth imposed for the first time a tax on the sales or use of a broad range of goods and services in the Commonwealth at a rate of 5.5% for the benefit of the Commonwealth and an additional and separate rate of 1.5% for the benefit of municipalities of the Commonwealth (the tax at the 5.5% rate herein called the “Commonwealth Sales Tax”).

Dedicated Sales Tax Fund

Act 91 established the Dedicated Sales Tax Fund, a special fund held and owned by the Corporation separate and apart from the Commonwealth’s General Fund. Act 91 requires that the following amounts be deposited in the Dedicated Sales Tax Fund in each Fiscal Year, whichever is greater: (i) a minimum fixed amount, referred to in the Resolution and herein as the “Pledged Sales Tax Base Amount,” and (ii) the product of the amount of the Commonwealth Sales Tax collected during such Fiscal Year multiplied by a fraction, the numerator of which is two point seventy-five percent (2.75%) and the denominator of which is the rate of such Commonwealth Sales Tax (at present, 5.5%; the amount resulting from such multiplication is sometimes referred to herein as the “2.75% formula”) (the greater of (i) and (ii) being referred to as the “Pledged Sales Tax”). See “*Dedicated Sales Tax Fund*” under PLEDGED SALES TAX.

In each Fiscal Year, the first collections of the Commonwealth Sales Tax are deposited in the Dedicated Sales Tax Fund and applied to fund the Pledged Sales Tax Base Amount. The Pledged Sales Tax Base Amount for the Fiscal Year beginning July 1, 2009 is \$550,264,000. The Pledged Sales Tax Base Amount increases each Fiscal Year thereafter at a statutory rate of 4% up to \$1,850,000,000. Under Act 91, the moneys on deposit in the Dedicated Sales Tax Fund may be used for the payment of the Corporation’s bonds or for any of the Authorized Uses. See “*Dedicated Sales Tax Fund*” and “*Pledged Sales Tax Base Amount*” under PLEDGED SALES TAX.

Regardless of the level of Commonwealth Sales Tax collections, Act 91 requires that in each Fiscal Year all collections of the Commonwealth Sales Tax be deposited in the Dedicated Sales Tax Fund until an amount equal to the Pledged Sales Tax Base Amount is so deposited before any collections of Commonwealth Sales Tax are deposited in the Commonwealth’s General Fund.

Act 91 provides that any subsidy received by the Corporation under the Build America Bond program be deposited in the Dedicated Sales Tax Fund. See “*Use of Federal Subsidy Received with Respect to the Offered Bonds*” under SECURITY FOR THE BONDS.

The Resolution

The Series 2010 Bonds will be issued pursuant to a Sales Tax Revenue Bond Resolution, as amended (the “General Resolution”), adopted on July 13, 2007, a Fourteenth Supplemental Sales Tax Revenue Bond

Resolution, which provides for the terms of the Series 2010C Bonds (the “Fourteenth Supplemental Resolution”), a Fifteenth Supplemental Sales Tax Revenue Bond Resolution, which provides for the terms of the Series 2010D Bonds (the “Fifteenth Supplemental Resolution”), and a Sixteenth Supplemental Sales Tax Revenue Bond Resolution, which provides for the terms of the Series 2010E Bonds (the “Sixteenth Supplemental Resolution”) (the General Resolution, as amended by the Fourteenth Supplemental Resolution, the Fifteenth Supplemental Resolution, and the Sixteenth Supplemental Resolution, the “Resolution”), adopted by the Board of Directors of the Corporation on June 24, 2010, pursuant to which The Bank of New York Mellon (formerly known as The Bank of New York) acts as trustee (the “Trustee”). For a summary of the Resolution, see *Appendix B – Summary of Certain Definitions and Provisions of the Resolution*.

Outstanding Bonds and Parity Obligations

General

Prior to the issuance of the Series 2010 Bonds, the Corporation had outstanding \$12.5 billion aggregate initial principal amount of its Sales Tax Revenue Bonds issued under the General Resolution plus \$383.5 million accreted on existing capital appreciation bonds as of June 1, 2010. The Corporation’s outstanding bonds consist of senior and first subordinate bonds. The Corporation’s outstanding senior bonds consist of the following: (i) Sales Tax Revenue Bonds, Series 2007A (the “Series 2007A Bonds”), (ii) Sales Tax Revenue Bonds, Series 2007B (the “Series 2007B Bonds”), (iii) Sales Tax Revenue Bonds, Series 2007C (the “Series 2007C Bonds”), (iv) Sales Tax Revenue Bonds, Series 2008A (the “Series 2008A Bonds”), and (v) Sales Tax Revenue Bonds, Senior Series 2009C (the “Senior Series 2009C Bonds” and, together with the Series 2007A Bonds, the Series 2007B Bonds, the Series 2007C Bonds and the Series 2008A Bonds, the “Outstanding Senior Bonds”). The Corporation’s outstanding first subordinate bonds consist of the following: (i) Sales Tax Revenue Bonds, First Subordinate Series 2009A (the “Series 2009A Bonds”), (ii) Sales Tax Revenue Bonds, First Subordinate Series 2009B (the “Series 2009B Bonds”), (iii) Sales Tax Revenue Bonds, First Subordinate Series 2010A (the “Series 2010A Bonds”), and (iv) Sales Tax Revenue Bonds, First Subordinate Series 2010B Bond Anticipation Notes (the “Series 2010B Bonds” and, together with the Series 2009A Bonds, the Series 2009B Bonds, the Series 2010A Bonds, the “Outstanding First Subordinate Bonds”).

Concurrently with the issuance of the Offered Bonds, the Corporation is issuing the Series 2010C Bonds in order to repay or refund certain outstanding bonds of the Corporation and for certain other Authorized Uses.

After giving effect to the issuance of the Series 2010 Bonds, the refunding of the bonds to be refunded with the proceeds of the Series 2010C Bonds and the repayment of the Series 2010B Bonds, the Corporation will have \$13.4 billion aggregate initial principal amount of its Sales Tax Revenue Bonds issued under the Resolution, of which \$5.2 billion aggregate initial principal amount consists of Outstanding Senior Bonds (plus \$328.6 million accreted on existing capital appreciation bonds as of June 1, 2010) and \$8.3 billion aggregate initial principal amount consists of Outstanding First Subordinate Bonds (plus \$54.9 million accreted on existing capital appreciation bonds as of June 1, 2010).

The Corporation currently also has outstanding one interest rate swap agreement in an aggregate notional amount of \$136 million, which was entered into under the General Resolution in connection with certain variable rate bonds included in the Series 2007A Bonds, with ongoing quarterly payments thereunder (but not termination payments) secured on a parity with the Outstanding Senior Bonds (the “Outstanding Parity Obligations”).

The Corporation routinely explores opportunities to refinance its debt to reduce debt service from time to time. As previously announced, the Corporation is considering the purchase of all or a portion of the Series 2007A Bonds issued as LIBOR-based Adjustable Rate Bonds accompanied by a termination of an equivalent amount of the interest rate exchange agreement related to such Series 2007A Bonds. If the Corporation decides to purchase the Series 2007A Bonds, such purchase would be funded through the issuance of a series of Senior Bonds. No assurance can be given that the Corporation will purchase any of its Outstanding Senior Bonds or terminate any interest rate exchange agreement in connection therewith.

Outstanding Senior Bonds and Outstanding Parity Obligations

All Outstanding Senior Bonds and Outstanding Parity Obligations are secured equally and ratably under the Resolution and are payable from the Pledged Sales Tax. Additional senior bonds may be issued (the “Additional Senior Bonds” and, together with the Outstanding Senior Bonds, the “Senior Bonds”), and additional parity obligations may be incurred (the “Additional Parity Obligations” and, together with the Outstanding Parity Obligations, the “Parity Obligations”), under the Resolution subject to the applicable additional bonds test described herein and solely to either finance the payment, retirement or defeasance of the 2006 Appropriation Debt, or refund or refinance for savings Outstanding Senior Bonds or Outstanding Parity Obligations. See “*Additional Bonds, Refunding Bonds and Other Obligations*” under SECURITY FOR THE BONDS.

Outstanding First Subordinate Bonds

Under the Resolution, the Corporation is authorized to issue bonds and incur certain obligations subordinate in right of payment to the Senior Bonds and the Parity Obligations. Pursuant to this authority, the Corporation will issue the Series 2010 Bonds, apply the net proceeds thereof for one or more of the Authorized Uses, and grant, for the payment of the Series 2010 Bonds, a security interest in the Pledged Sales Tax subordinate to the security interest of the holders of the Senior Bonds and the Parity Obligations and on a parity with the security interest of the holders of the Outstanding First Subordinate Bonds.

The Series 2010 Bonds, the Outstanding First Subordinate Bonds and all additional bonds issued on a parity therewith (“Additional First Subordinate Bonds” and, together with the Series 2010 Bonds and the Outstanding First Subordinate Bonds, the “First Subordinate Bonds”), and all obligations incurred on a parity therewith (the “First Subordinate Obligations”), will be secured equally and ratably under the Resolution on a basis subordinate to the Senior Bonds and the Parity Obligations, and will be payable from the Pledged Sales Tax remaining after providing for the payment of debt service on Senior Bonds and Parity Obligations, as required by the Resolution. Moreover, owners of the First Subordinate Bonds and obligees of First Subordinate obligations are not entitled to declare a default under the Resolution until all amounts due and payable on the Senior Bonds and Parity Obligations have been paid in full. See “*Subordination Provisions of the First Subordinate Bonds*” and “*Funds and Accounts Under the Resolution*” under SECURITY FOR THE BONDS. The Resolution permits the issuance of additional bonds subordinate to the First Subordinate Bonds (the “Additional Subordinate Bonds” and, together with the First Subordinate Bonds, the “Subordinate Bonds”) and the incurrence of obligations subordinate to the First Subordinate Obligations (the “Additional Subordinate Obligations” and, together with the First Subordinate Obligations, the “Subordinate Obligations”).

Source of Payment and Security for the Bonds

The Senior Bonds, the Subordinate Bonds, and all other additional bonds issued (collectively, the “Bonds”) and the Parity Obligations, the Subordinate Obligations and all other obligations incurred (collectively, the “Obligations”) under the Resolution will be payable solely from, and secured (on a senior or subordinate basis, as applicable) by a security interest granted under the Resolution in the Pledged Property, consisting primarily of the Pledged Sales Tax.

The Series 2010 Bonds and other obligations of the Corporation do not constitute a debt or obligation of the Commonwealth nor its instrumentalities (other than the Corporation), and neither the Commonwealth nor its public instrumentalities (other than the Corporation) is responsible for the payment of the Series 2010 Bonds or such other obligations, for which the full faith, credit and taxing power of the Commonwealth is not pledged.

Brief descriptions of the Corporation, the security for the Offered Bonds, the terms of the Offered Bonds, and the provisions of the Resolution are included in this Official Statement. All references to the Resolution and other documents and agreements are qualified in their entirety by reference to such documents and agreements, copies of which are available for inspection at the offices of the Corporation or the Trustee.

This Official Statement contains certain “forward-looking statements” concerning the Corporation. These statements are based upon a number of assumptions and estimates that are subject to significant uncertainties, many of which are beyond the control of the Corporation. The words “may,” “would,” “could,” “will,” “expect,” “anticipate,” “believe,” “intend,” “plan,” “estimate” and similar expressions are meant to identify these forward-looking statements. Actual results may differ materially from those expressed or implied by these forward-looking statements.

PLEGGED SALES TAX

Commonwealth Sales Tax Revenues

General. Act No. 117 amended the Puerto Rico Internal Revenue Code of 1994, as amended, to provide, among other things, for a general sale and use tax of 5.5% imposed by the Commonwealth on the sale of a wide range of goods and delivery of various services. Act 117 also authorized each municipal government to impose a municipal sale and use tax of 1.5% (the “Municipal Sales Tax”). In general, the Municipal Sales Tax has the same tax base, exemptions (except for non-prepared foods) and limitations as those provided for the Commonwealth Sales Tax.

Act 117 also repealed the 5% general excise tax imposed on imported goods and the 3.6% general excise tax imposed on goods manufactured in Puerto Rico. Other items, such as fuel, crude oil and petroleum products, and vehicles, however, remain subject to the excise tax previously applicable to such items, and are not subject to the Commonwealth Sales Tax or the Municipal Sales Tax.

Articles Subject to Tax. The Commonwealth Sales Tax is imposed on the sale, use, consumption and storage of taxable items, which include tangible personal property, taxable services, admission rights and certain other types of transactions covering separable and identifiable taxable items which are sold for a single price, subject to certain exceptions and limitations. The Secretary of the Treasury has the authority to establish by regulation the conditions for exemption from the tax. The Commonwealth Sales Tax applies to a broad range of items, including, among others, the following items: (a) clothing and accessories, (b) land and mobile phone service, cable TV and internet access, (c) furniture and appliances, (d) electronics, (e) any tangible good not otherwise exempted, (f) alcoholic beverages and tobacco products, (g) prepared foods (including fast foods and other restaurants), (h) personal services, such as laundry, barber and beauty shops, general maintenance services, among others, (i) all non-prescription medicines and nutritional supplements, and (j) cement (used in construction and retail sales).

Exempted Articles. The Commonwealth Sales Tax does not apply to, among other things: (i) motor vehicles, (ii) non-prepared food, (iii) healthcare services and prescription medicines, (iv) certain bakery goods, (v) crude oil and its derivatives, including gasoline, (vi) hotel room charges, (vii) financial services, (viii) services provided by the Commonwealth, including electricity and water, and (ix) local sales of goods to be used as raw materials for manufactured goods, whether or not bound for export. The Treasury Department currently does not support any proposal to exempt any additional goods or services from the application of the Commonwealth Sales Tax.

Exemption During Emergency Periods. Act No. 163 of the Legislative Assembly, approved on November 9, 2007, amended Act 117 to, among other things, exempt certain goods and services from the application of the Commonwealth Sales Tax during a state of emergency declared by the Governor. On September 22, 2008, the Governor signed Executive Order 2008-44 declaring a state of emergency in Puerto Rico as a result of severe flooding in the southern portion of Puerto Rico. The Treasury Department believes that the reduction in Commonwealth Sales Tax revenues for the months of October and November 2008 was due, in part, to this four and a half day tax holiday. The Treasury Department currently does not support the declaration of sales tax holidays that could reduce Commonwealth Sales Tax revenues. Instead, the Treasury Department believes that extraordinary events, such as natural disasters, can be better addressed by providing direct government assistance to those affected either through direct transfers or through the provisions of additional services in the affected communities.

Back to School Sales Tax Holiday. Act No. 111 of the Legislative Assembly of Puerto Rico, approved on July 15, 2008, created the Back to School Tax Free Holiday, during which certain items are exempt from the Commonwealth Sales Tax. During each calendar year, the tax holiday takes place during a three-day period in July designated by the Secretary of the Treasury prior to June 1 of such calendar year. If the Secretary of the Treasury does not designate such three-day period, then the tax holiday takes place from July 15 to July 17 of such calendar year. This tax holiday occurred for the first time during Fiscal Year 2009-2010. The Treasury Department believes that the decline of \$7.6 million in Commonwealth Sales Tax collections for August 2009 as compared to collections for August 2008 was primarily due to this sales tax holiday (the effect of the tax holiday is reflected in the collections received by the Treasury Department during the month of August, which is the month in which July sales are reported by the merchants and retailers). On May 28, 2010, the Treasury Department designated July 15 to July 17 as the three-day period during which this tax holiday will take place during Fiscal Year 2010-2011.

Commonwealth Sales Tax Collections and Projections

The Commonwealth Sales Tax went into effect on November 15, 2006. Since the inception of the sales tax and up until April 2010, the Treasury Department had been reporting its sales tax collection data on a modified cash basis. This meant that the collection figures for any particular month represented the sales taxes corresponding to sales made by merchants and retailers and Commonwealth Sales Tax collected by such merchants and retailers during that month, but reported and remitted to the Treasury Department during the following month. See “*Procedures for the Collection and Deposit of the Pledged Sales Tax in the Dedicated Sales Tax Fund*” below for a description of the reporting and collections procedures utilized by the Treasury Department. Accordingly, the sales tax reported by the Treasury Department for November 2006 related to sales made and taxes collected by merchants and retailers during November 2006 and remitted to the Treasury Department during December 2006. On May 4, 2010, the Treasury Department announced that it would change its reporting method and would begin to record and report its sales tax collection in the month in which the Treasury Department received that sales tax from the merchants and retailers. This change is effective for Fiscal Year 2009-2010. This change did not affect in any way the amount of the Pledged Sales Tax, the method of collecting such sales tax, the amount of taxes required to be deposited nor the process of depositing the Pledged Sales Tax in the Dedicated Sales Tax Fund.

Except as otherwise noted, the sales tax information discussed below is based on historical Commonwealth Sales Tax collections per month utilizing for all Fiscal Years the new reporting method adopted by the Treasury Department in May 2010.

Total Commonwealth Sales Tax collections from December 2006 through May 2010 were approximately \$3.86 billion, an average of \$93 million per month.

Fiscal Year 2006-2007. Commonwealth Sales Tax collections during the seven months of Fiscal Year 2006-2007 (December 2006 through June 2007), when the Commonwealth Sales Tax was first imposed, equaled \$617.9 million, or an average of \$95.1 million per month (after adjustment for December receipts which were based on 15 days of sales in November). Under the previous reporting method utilized by the Treasury Department, total collections reported attributable to sales made during the seven and one-half months of Fiscal Year 2006-2007 (November 15, 2006 through June 2007) equaled \$713.4 million, or an average of \$95.1 million per month. Actual collections exceeded the Treasury Department’s original projection by \$10.3 million, or 1.4%.

Fiscal Year 2007-2008. Commonwealth Sales Tax collections during Fiscal Year 2007-2008 equaled \$1.14 billion, or an average of \$95.1 million per month. Under the previous reporting method utilized by the Treasury Department, total Commonwealth Sales Tax collections reported attributable to sales made during Fiscal Year 2007-2008 equaled \$1.14 billion, or an average of \$95.3 million per month. Such collections exceeded the Treasury Department’s original estimate by \$26.3 million, or 2.4%. The Pledged Sales Tax then in effect (1%) totaled \$207.9 million, nearly \$23 million more than the Pledged Sales Tax Base Amount in effect for that Fiscal Year.

Fiscal Year 2008-2009. Commonwealth Sales Tax collections during Fiscal Year 2008-2009 totaled \$1.10 billion, or an average of \$91.7 million per month. Under the previous reporting method utilized by the Treasury Department, Commonwealth Sales Tax collections reported attributable to sales made during Fiscal Year 2008-2009 would have totaled \$1.098 billion, or an average of \$91.5 million per month. Such collections were below the Treasury Department's revised estimate of \$1.117 billion by \$19 million, or 1.7%, and were \$46 million, or 4%, below collections for Fiscal Year 2007-2008. The Treasury Department believes that the decline in sales tax collections during Fiscal Year 2008-2009 is due primarily to the temporary sales tax holiday resulting from the Governor's declaration of an emergency in response to severe flooding in the southern portion of Puerto Rico and the general economic slowdown. The Pledged Sales Tax then in effect (1%) totaled \$199.6 million, nearly \$7.2 million more than the Pledged Sales Tax Base Amount in effect for that Fiscal Year.

Fiscal Year 2009-2010. Commonwealth Sales Tax collections during the eleven month period ended May 31, 2010 totaled \$999.3 million, or an average of \$90.8 million per month. Such collections year-to-date are 0.8% below collections for the same period in Fiscal Year 2008-2009. The Treasury Department believes that this decline is due primarily to the previously mentioned back-to-school sales tax holiday and prevailing economic conditions. The Treasury Department's current estimate for total Commonwealth Sales Tax collections of Fiscal Year 2009-2010 is \$1.098 billion.

Fiscal Year 2010-2011. Commonwealth Sales Tax revenue projections for Fiscal Year 2010-2011 are \$1.194 billion, or an average of \$99.5 million per month. This projection represents an increase of 8.7% compared to estimated collections for Fiscal Year 2009-2010. This projected increase is based principally on the expected effect of the implementation of the point-of-sale electronic system discussed below under "*Commonwealth Sales Tax Enforcement Initiatives.*" The first phase of this system is expected to be operational in November 2010. Whether sales tax collections meet this estimate is uncertain and depends upon general economic conditions and taxable sales activity for Fiscal Year 2010-2011, as well as upon compliance levels, the successful implementation of the new point-of-sale electronic system, and the results of other enforcement efforts, among other factors.

Revenues from the Commonwealth Sales Tax are dependent on economic conditions in the Commonwealth. A continued downturn in the economy may negatively impact Commonwealth Sales Tax collections. See "*Economic Conditions could affect Commonwealth Sales Tax Revenues*" under RISK FACTORS.

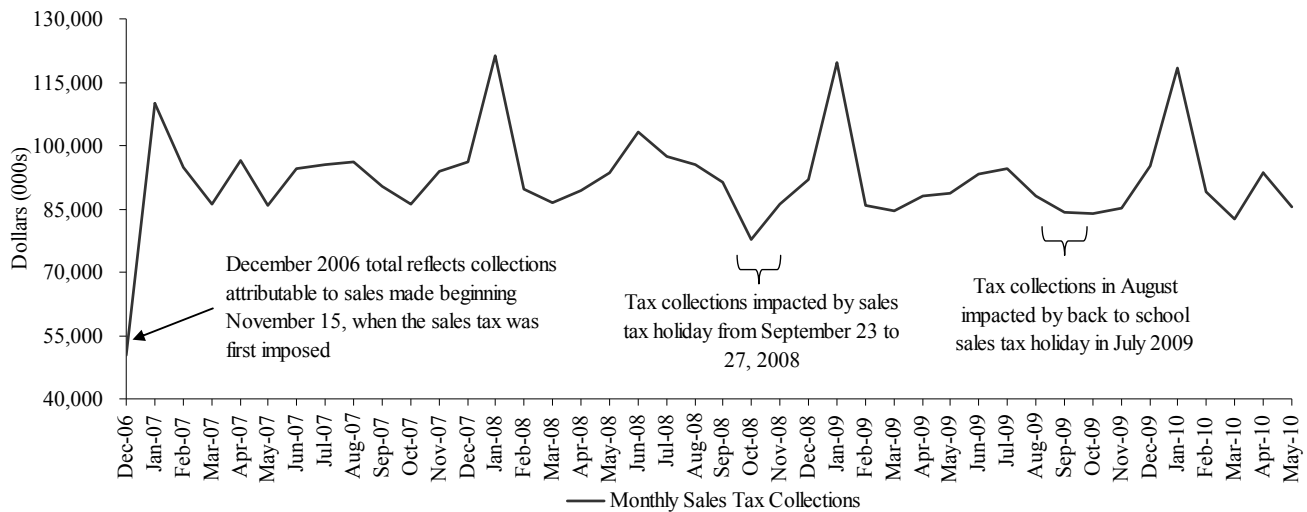

The following tables and graph show historical Commonwealth Sales Tax collections per month utilizing for all fiscal years the new reporting method adopted by the Treasury Department in May 2010. Under the new reporting method, which is effective beginning in Fiscal Year 2009-2010, sales tax collections are recorded in the month in which the sales tax is received by the Treasury Department from the merchant and retailer. Previous reports prepared by the Treasury Department prior to May 2010 recorded the sales tax collections in the month in which such taxes were collected by the merchant and retailer. To permit comparisons of Fiscal Year 2009-2010 with prior fiscal years, in the table and graph below sales tax figures for all months prior to July 2009 have been moved forward one month from the month in which they had been previously reported by the Treasury Department (for example, the figures previously reported in November 2006 appear below reported in December 2006):

The chart below illustrates the composition of Commonwealth Sales Tax collections attributable to sales made during Fiscal Year 2008-2009 (actual receipts by the Treasury Department from August 2008 thru July 2009). Of the \$1.098 billion in collections (under the previous reporting method utilized by the Treasury Department), approximately 51% were from retail trade activity (including general merchandise, clothing and accessories, supermarkets and convenience stores, landscaping and construction materials, health and personal services, auto parts and other retail), 12% from prepared foods, bars and full service restaurants, 12% from information and telecommunications, 9% from wholesale trade, and 3.9% from manufacturing, among other categories.

Economic Indicators

According to the Corporation, gross national product (“GNP”) and personal consumption expenditures are the economic indicators that correlate most closely with the level of sales of goods and services in the Commonwealth and, consequently, Commonwealth Sales Tax collections. The accompanying table provides the annual growth rates within each decade since 1947 for GNP and personal consumption expenditures, together with the annual growth rates experienced over those time periods within the three major components of personal consumption (services, non-durable goods and durable goods).

The graphs below show that since 1947, current personal consumption expenditures have never recorded an annual decline. Also, since 1947 constant personal consumption expenditures (excluding the impact of inflation) experienced negative growth during seven periods. Although recessionary conditions have persisted in Puerto Rico during the last three years, current personal consumption expenditures have grown by an annual average of 3.8% during this period.

Personal consumption expenditures in Puerto Rico have been bolstered by federal transfer payments to individuals, which have increased from \$9.2 billion in Fiscal Year 2004-2005 to \$13.1 billion in Fiscal Year 2008-2009, inclusive of one-time U.S. 2008 stimulus law transfers. Over the past twelve years these transfers have not been affected by economic downturns. The amount of federal transfers to individuals is equal to about 23.6% of personal consumption expenditures in Fiscal Year 2008-2009 and support consumer spending and the overall economy. These federal transfers consist principally of social security, nutritional assistance programs, veterans' benefits and U.S. Civil Service pensions. See *"The Economy – Personal Income"* in *Appendix A – Commonwealth Economic Information* for a breakdown of Puerto Rico personal income statistics by source.

Dedicated Sales Tax Fund

Dedicated Sales Tax Fund. Act 91 created the Dedicated Sales Tax Fund and requires that the Pledged Sales Tax be deposited into the Dedicated Sales Tax Fund. Under the provisions of Act 91, the Dedicated Sales Tax Fund and all present and future collections of the Pledged Sales Tax are transferred to, and made the property of, the Corporation in consideration for the Corporation's commitment to use the proceeds of the sale of its bonds and its other resources for Authorized Uses. The Dedicated Sales Tax Fund is administered by Government Development Bank.

Pledged Sales Tax. The Pledged Sales Tax consists of the first collections of the Commonwealth Sales Tax in each Fiscal Year up to the greater of (i) the Pledged Sales Tax Base Amount, and (ii) the 2.75% formula.

Pledged Sales Tax Base Amount

The Pledged Sales Tax Base Amount for Fiscal Year 2009-2010 is \$550,264,000. The Pledged Sales Tax Base Amount will increase each Fiscal Year thereafter at a statutory rate of 4% up to \$1,850,000,000. Act 91 defines the Pledged Sales Tax Base Amount as the sum of the "Original Base Amount" and the "Additional Base Amount." The Original Base Amount for Fiscal Year 2009-2010 is \$200,096,000 and increases each Fiscal Year thereafter at a statutory rate of 4% up to \$1,850,000,000.

The "Additional Base Amount" for Fiscal Year 2009-2010 is \$350,168,000. The Additional Base Amount will increase each Fiscal Year thereafter at a statutory rate of 4%, until the Fiscal Year (2041) in which the sum of the Original Base Amount and the Additional Base Amount equals \$1,850,000,000 ("Maximum Year"). Pursuant to Act 91, the Additional Base Amount for each Fiscal Year after the Maximum Year will be reduced by that amount necessary so that the sum of the Original Base Amount and the Additional Base Amount equals \$1,850,000,000.

After Fiscal Year 2041, the Pledged Sales Tax Base Amount remains fixed at \$1,850,000,000.

The following table shows the growth of the Pledged Sales Tax Base Amount until Fiscal Year 2058, the last maturity date of the outstanding Bonds:

Regardless of the level of Commonwealth Sales Tax collections, Act 91 requires that in each Fiscal Year all collections of the Commonwealth Sales Tax be deposited in the Dedicated Sales Tax Fund until an amount equal to the Pledged Sales Tax Base Amount is reached before any collections of Commonwealth Sales Tax are deposited in the Commonwealth General Fund.

After an amount equal to the Pledged Sales Tax Base Amount has been deposited in the Dedicated Sales Tax Fund and transferred to the Revenue Account established under the Resolution, all Commonwealth Sales Tax collections are required to be allocated between the Corporation and the Treasury Department so as to give effect to the 50/50 split between the Corporation and the Treasury Department that is contemplated by Act 91 (2.75% of the total 5.5% Commonwealth Sales Tax to each), by (i) transferring Commonwealth Sales Tax collections to the Treasury Department until it has received an amount equal to the Pledged Sales Tax Base Amount, and (ii) thereafter, transferring 50% of all collections to the Revenue Account established under the Resolution and 50% to the Treasury Department.

Act 91 also provides that, if the amounts deposited to the credit of the Dedicated Sales Tax Fund are insufficient to pay principal of or interest on Bonds or other debt obligations of the Corporation or to make any other payment related to obligations incurred with respect to Bonds or other debt obligations, including interest rate swap agreements, such insufficiency shall be paid to the Corporation, for deposit in the Dedicated Sales Tax Fund as additional Pledged Sales Tax, from the first receipts of the Commonwealth Sales Tax collected in subsequent Fiscal Years which are in excess of the Pledged Sales Tax amount applicable to such Fiscal Year.

Procedures for the Collection and Deposit of the Pledged Sales Tax in the Dedicated Sales Tax Fund

Pursuant to that certain banking services agreement by and among the Treasury Department, Government Development Bank, the Corporation and Banco Popular de Puerto Rico, a commercial banking institution in the Commonwealth (“Banco Popular”) (the “Banking Services Agreement”), Banco Popular is responsible for the processing of the Commonwealth Sales Tax and certain Municipal Sales Tax returns and the collection of moneys and deposit thereof into the various accounts of the Government Development Bank, the Corporation and the Treasury Department, among other things.

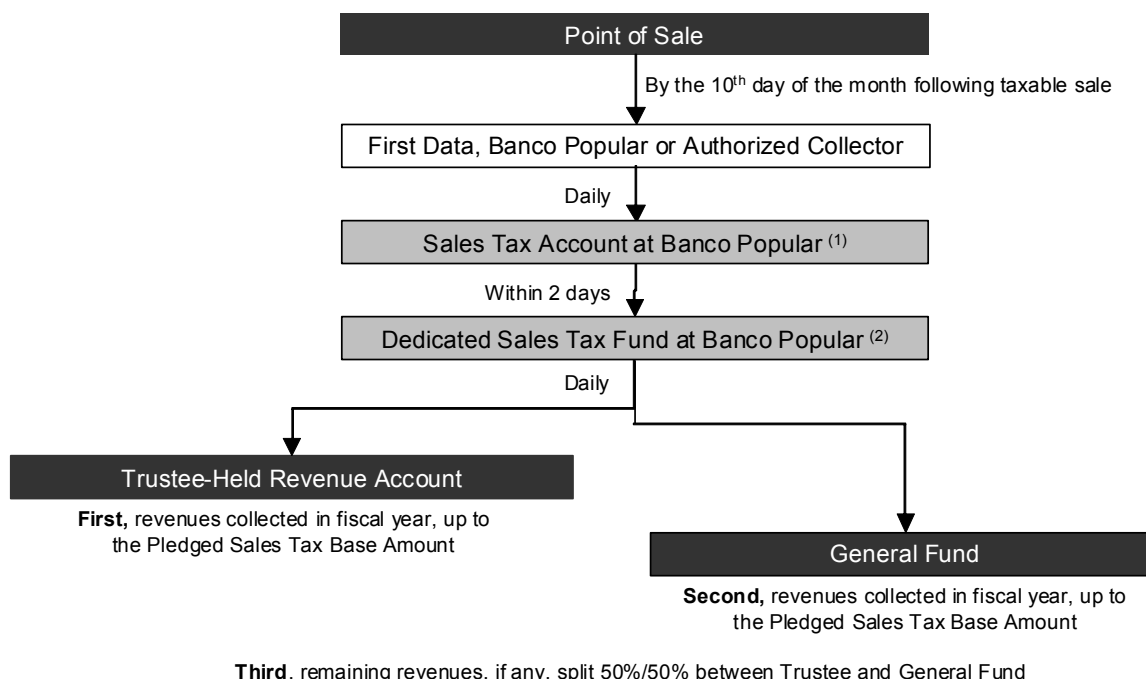

In order to comply with the Dedicated Sales Tax Fund deposit requirements of Act 91, the Banking Services Agreement provides as follows:

- Each month, on or prior to the 10th day,* the merchant or retailer files the return and pays the Municipal Sales Tax and the Commonwealth Sales Tax collected by the merchant during the prior month to First Data Corp., a provider of electronic commerce and payment solutions for businesses and consumers (“First Data”), Banco Popular or any other collector of the Commonwealth Sales Tax designated by the Secretary of the Treasury (the “Authorized Collectors”).
- First Data, Banco Popular and the Authorized Collectors are required to transfer any Commonwealth Sales Tax and Municipal Sales Tax payments received from merchants or retailers on a daily basis directly to a joint Government Development Bank and Corporation account at Banco Popular (the “Sales Tax Account”).
- Once the moneys are deposited in the Sales Tax Account, Banco Popular then transfers on a daily basis (with a 2 day delay) to the Dedicated Sales Tax Fund (an account at Banco Popular’s Trust Department in the name of the Corporation) all Commonwealth Sales Tax collections. In each Fiscal Year, Banco Popular first transfers on a daily basis all moneys on deposit in the Dedicated Sales Tax Fund to the Trustee until the Pledged Sales Tax Base Amount has been

deposited in the Revenue Account. All subsequent Commonwealth Sales Tax collections are transferred to the Treasury Department until such time as it has received an amount equal to the Pledged Sales Tax Base Amount. Thereafter, Banco Popular is required to transfer 50% of each dollar of Commonwealth Sales Tax collected to the Trustee for deposit in the Revenue Account and the other 50% to the Treasury Department account at Government Development Bank. See “*Funds and Accounts Under the Resolution*” under SECURITY FOR THE BONDS.

The accompanying diagram illustrates the collection and deposit process described above. For a description of the flow of funds under the Resolution after deposit in the Revenue Account, see “*Funds and Accounts Under the Resolution*” under SECURITY FOR THE BONDS.

(1) Includes 1.5% Municipal Sales Tax.
 (2) Excludes 1.5% Municipal Sales Tax.

Collections by Merchants and Retailers. Merchants and retailers are required to collect the Commonwealth Sales Tax from the consumer; otherwise, the consumer is required to pay the tax. Any person who transacts business in Puerto Rico as a merchant or retailer must request and receive a Merchants’ Registration Certificate issued by the Secretary of the Treasury which appoints the merchant or retailer as a Commonwealth Sales Tax collection agent. Failure to request a Merchants’ Registration Certificate subjects the merchant or retailer to fines. The Secretary of the Treasury may require that the merchant or retailer post a cash deposit, bond or other item of value as a condition to obtaining or retaining a Merchants’ Registration Certificate. The Commonwealth Sales Tax is required to be remitted no later than the 10th day of the calendar month following the month in which the taxable transaction occurred, unless otherwise provided in regulations adopted by the Secretary of the Treasury.

Tax Return Filings by Merchants and Retailers. Each merchant and retailer is required to file a monthly return detailing all taxable transactions for the prior month no later than the 10th day of each month. Certain large merchants and retailers are required to file their return electronically. As of May 2010, the Treasury Department reports that 86.9% of the collections from the Commonwealth Sales Tax are received electronically, an increase from 64.5% in December 2006. As of March 2010, 225,915 merchants and retailers were required to file a monthly return, out of which 61,014 merchants and retailers are currently filing their monthly returns. This difference may be attributed in part to merchants and retailers that have (a) failed to (i) file a monthly return because no sales taxes were withheld during the respective month or (ii) terminate their Merchants’

Registration Certificate upon ceasing operations in Puerto Rico, or (b) been required to file monthly returns in the past but are no longer required to do so because their sales have fallen below the reporting threshold.

Collections by Large Merchants and Retailers. Large merchants and retailers collect the majority of the Commonwealth Sales Tax. Approximately 31% of the Commonwealth Sales Tax is collected by 20 merchants or retailers that represent a diverse range of businesses. Among the top 20, which include nationally recognized and local companies, there are approximately four mobile phone companies, ten discount retailers and three fast food companies.

Commonwealth Sales Tax Enforcement Initiatives

The Treasury Department has announced various initiatives directed towards increasing Commonwealth Sales Tax collections through the implementation of enforcement and compliance programs. The Secretary of the Treasury has indicated that the sales tax is the prime enforcement priority due to the potential for improvement in collections and the resulting tax revenue increase. According to a study published in March 2009 by the College of Certified Public Accountants Foundation, the Treasury Department is estimated to collect approximately 52% of the potential Commonwealth Sales Tax revenues. The Treasury Department estimates that it will collect in Fiscal Year 2010-2011 an additional \$96 million in annually recurring Commonwealth Sales Tax revenue through the implementation of its enforcement programs.

As part of these revenue raising initiatives, the Treasury Department has undertaken various enforcement programs, such as the implementation of a voluntary disclosure program that provides taxpayers that meet certain criteria the opportunity to pay taxes and interests owed on unreported income and, in certain circumstances, avoid the payment of surcharges and penalties. Under this program, which began on July 1, 2009, the Treasury Department has collected approximately \$26.5 million in connection with 59 cases. In May 2010, the Treasury Department began a letter campaign to promote the use of the voluntary disclosure program. The Treasury Department has sent approximately 2,000 of these letters and expects to send approximately 1,000 letters a week.

The Treasury Department has also implemented programs geared towards the use of technology to detect noncompliance. For example, the Treasury Department is in the process of integrating its general computer systems with the sales tax database in order to better detect non-compliance and has implemented a program whereby Treasury Department officers use hand-held scanning devices to cross-check merchant licenses with sales tax receipts. As a result of these initiatives, the Treasury Department has collected approximately \$10.3 million in fines and penalties attributable to non-compliance with legal and regulatory requirements related to the sales tax.

The Treasury Department is focusing its efforts to increase sales tax revenues by improving compliance in retail transactions. To this end, the Treasury Department undertook a request for proposals procurement process and selected a vendor to provide a new point-of-sale electronic system that would strengthen its enforcement efforts. The system was designed to (i) capture a greater percentage of cash sales through the implementation of a special lottery using sales receipts as lottery tickets and (ii) transmit on a daily basis information regarding all sales tax transactions to the Treasury Department. This point-of-sale system, which would be provided to the majority of merchants free of charge, would also have wireless capabilities in order to capture sales by street vendors. The Treasury Department's vendor selection process was delayed by a temporary restraining order issued by the Puerto Rico Court of Appeals in connection with a challenge filed by a losing bidder. On December 11, 2009, the challenge was dismissed and the temporary restraining order was lifted. On March 12, 2010, the Treasury Department published a revised request for proposals and on May 5, 2010 received proposals from interested vendors. The Treasury Department is currently reviewing the submitted proposals and expects to select a vendor in June 2010 and have a contract in place by July 2010. The first phase of the point-of-sale system is expected to be implemented by November 2010.

The Treasury Department is also focused on strengthening its enforcement workforce. It has equipped a call center to be staffed by 150 tax collection agents responsible for contacting merchants by telephone or electronically and following up on collection efforts. The call center began operations on February 24, 2010. The Treasury Department is also providing additional training and updated equipment to its auditors in order to conduct more effective audits. Currently, there are 714 cases under audit and, from July 2009 through April 2010, the Audit Bureau has completed 214 audits and assessed approximately \$7.9 million in deficiencies. The Treasury Department expects to conclude approximately 270 additional audits by July 2010.

The Treasury Department is also increasing staffing levels in its Enforcement and Compliance Bureaus by approximately 500 employees (including the 150 tax collection agents assigned to the call center mentioned in the previous paragraph), which should enable it to increase the number of unannounced field audits of businesses and merchants to ensure greater compliance with Commonwealth Sales Tax requirements. In February 2009, the Treasury Department resumed unannounced visits to businesses and merchants and currently makes approximately 2,000 visits per month.

The Treasury Department has also sponsored legislation to limit or close certain gaps that existed in Act 117, as amended. In this regard, one of the amendments incorporated in Act No. 7 of March 9, 2009, as amended (“Act No. 7”), require a merchant or retailer to file his or her Commonwealth Sales Tax monthly return on or prior to the tenth day of the following month, rather than the twentieth day (as originally required in Act 117). Such amendment also provides that the Commonwealth Sales Tax exemption applicable to resellers applies only to merchants and retailers (i) with gross sales greater than or equal to \$500,000 or (ii) that do not meet the \$500,000 sales threshold but meet certain other requirements imposed by the Treasury Department. A merchant or retailer that meets neither the \$500,000 threshold nor the other requirements imposed by the Treasury Department would still be entitled to a credit on sales tax paid that must be claimed in each monthly filing. This measure is intended to enable responsible taxpayers to take advantage of the exemption while preventing non-compliant merchants and retailers from abusing the exemption.

In January 2010, the Treasury Department commenced implementing certain additional sales tax enforcement measures. The Treasury Department began to enforce a provision of Act 117 that allows the Secretary to revoke a certificate of exemption held by a merchant or retailer that fails to pay sales taxes collected in full by the 10th day of the month following the occurrence of the taxable event. The Treasury Department has identified potential violations of this provision of Act 117 by more than 1,000 merchants and retailers, which could face revocation of their exemption certificates for a twelve month period. The Treasury Department will also begin to seize the assets of businesses that are delinquent on their sales tax payments.

The Treasury Department is in the process of entering into agreements with various municipalities in order to conduct simultaneous field visits and joint audits in order to increase the effectiveness of sales tax enforcement efforts. The Treasury Department believes that joining efforts with the municipalities, which must enforce the Municipal Sales Tax, will result in higher collections. The Treasury Department has entered into this type of agreement with the municipalities of San Juan and Caguas and is currently working with five other municipalities that have expressed interest in entering into similar agreements. In April 2010, the Treasury Department began joint interventions with the municipality of San Juan. These efforts have resulted in 336 visits to merchants and the imposition of \$36,000 in fines. In May 2010, the Treasury Department began joint interventions with the municipality of Caguas.

There can be no assurance that the Treasury Department’s announced enforcement initiatives will be fully implemented or that, if implemented, they will be successful in materially increasing the rate of compliance with the Commonwealth Sales Tax laws or the amount of the Commonwealth Sales Tax collected.

Interest on the Offered Bonds will accrue from their date of delivery and will be payable quarterly on each February 1, May 1, August 1 and November 1, until maturity (or earlier redemption), commencing on November 1, 2010.

The Offered Bonds are issuable as fully registered bonds without coupons in denominations of \$5,000 and integral multiples thereof. Interest on the Offered Bonds will be computed on the basis of a 360-day year of twelve 30-day months. The Offered Bonds will be registered under The Depository Trust Company's Book-Entry Only system described below and in *Appendix E*. Certificated Offered Bonds will not be available for distribution to investors. Transfers of ownership, and payment on the Offered Bonds will be effected by The Depository Trust Company ("DTC") and its Participants pursuant to rules and procedures established by DTC and its Participants. See "*Book-Entry Only System*" below.

The Corporation may issue additional bonds that are senior to the Series 2010 Bonds for the purposes described in "*Additional Bonds, Refunding Bonds and Other Obligations*" under SECURITY FOR THE BONDS. Upon satisfaction of certain conditions contained in the Resolution, the Corporation may issue additional bonds subordinate to the Outstanding Senior Bonds and on a parity with the Outstanding Subordinate Bonds. See "*Additional Bonds, Refunding Bonds and Other Obligations*" under SECURITY FOR THE BONDS.

Redemption

Optional Redemption of the Offered Bonds. The Offered Bonds are subject to redemption at the option of the Corporation from any source, including, without limitation, the proceeds of refunding bonds or other financing provided by the Corporation, in whole or in part, at any time on or after August 1, 2015, at the redemption prices set forth below, plus accrued interest to the date fixed for redemption:

<u>Redemption Period</u>	<u>Redemption Price</u>
August 1, 2015 through July 31, 2016	101.00
August 1, 2016 through July 31, 2017	100.50
August 1, 2017 and thereafter	100.00

Extraordinary Redemption. The Offered Bonds are subject to redemption at the option of the Corporation prior to their maturity, in whole or in part, upon the occurrence of an Extraordinary Event (defined below), at a redemption price equal to the principal amount of the Offered Bonds to be redeemed plus accrued interest to the redemption date, without premium. An "Extraordinary Event" will have occurred if the Corporation determines that a material adverse change has occurred to Section 54AA or 6431 (or 1400U-2 in the case of the Series 2010E Bonds) of the Code (as such Sections were added by Section 1531 of the American Recovery and Reinvestment Act of 2009, pertaining to "Build America Bonds") or there is any guidance published by the Internal Revenue Service or the United States Treasury with respect to such Sections or any other determination by the Internal Revenue Service or the United States Treasury, which determination is not the result of any act or omission by the Corporation to satisfy the requirements to qualify to receive the federal subsidy from the United States Treasury, pursuant to which the federal subsidy from the United States Treasury is reduced or eliminated.

Notice of Redemption. In the event any Offered Bonds are called for redemption, the Corporation will give the Trustee notice at least thirty (30) days prior to the date fixed for redemption (or such shorter period which is acceptable to the Trustee), and the Trustee shall give notice, in the name of the Corporation, at least sixteen (16) days prior to the date fixed for redemption to DTC, or if the Book-Entry Only System is discontinued for any Series of Offered Bonds as described above, to the registered owners of the Offered Bonds or portions thereof to be redeemed (with copies to the Trustee); *provided, however*, that failure to give such notice to DTC or to any registered owner, or any defect therein, shall not affect the validity of any proceedings for the redemption of any of the Offered Bonds or portions thereof for which proper notice was given. If a notice of redemption is unconditional, or if the conditions of a conditional Notice shall have been satisfied, then upon presentation and surrender of the Offered Bonds or portions thereof so called for redemption at the place or places of payment, such Offered Bonds or such portion will be redeemed.

The notice of redemption will (a) specify the (i) Offered Bonds or portions thereof to be redeemed, (ii) redemption date, (iii) redemption price, (iv) place or places where amounts due upon such redemption will be payable (which will be the principal office of the Trustee), and if less than all of the Offered Bonds are to be redeemed, the CUSIP identification numbers, the numbers of the Offered Bonds, and the portions of the Offered Bonds to be redeemed, (b) state any condition permitted in, or not expressly prohibited by, the Resolution to such redemption, and (c) state that on the redemption date, and upon the satisfaction of any such condition, the Offered Bonds or portions thereof to be redeemed will cease to bear interest.

Any notice of optional redemption of Offered Bonds may be made conditional upon receipt by the Trustee on or prior to the date fixed for redemption of moneys sufficient to pay the principal of and interest on such Bonds or such portions to be redeemed, or upon the satisfaction of any other condition or the occurrence of any other event, which notice of redemption will specify any such conditions or events. Any conditional notice so given may be rescinded at any time before payment of the principal of and interest on the Offered Bonds called for redemption or such portions thereof if any condition so specified is not satisfied or if any such other event does not occur. Notice of such rescission will be given by the Corporation to the Trustee at least two (2) Business Days prior to the scheduled date of redemption, and the Trustee will give notice of such rescission to affected Owners of the Offered Bonds at least one (1) Business Day prior to the scheduled date of redemption, in the same manner as the conditional notice of redemption was given.

If notice of redemption is given and if sufficient funds are on deposit with the Trustee to provide for the payment of the principal of and premium, if any, and interest on the Offered Bonds (or portions thereof) to be redeemed, then the Offered Bonds (or portions thereof) so called for redemption will, on the redemption date, cease to bear interest, and will no longer be deemed outstanding under or be entitled to any benefit or security under the Resolution.

Use of Federal Subsidy Received with Respect to the Offered Bonds

The Corporation will irrevocably designate the Series 2010D Bonds as “Build America Bonds” subject to U.S. income taxes (except to bona fide residents of Puerto Rico and Puerto Rico corporations to the extent described herein). Upon compliance with certain requirements of the Code, the Corporation will receive a subsidy payment from the federal government equal to 35% of the amount of each interest payment on the Series 2010D Bonds. This subsidy will be paid directly to the Corporation and not to the holders of the Series 2010D Bonds. The Corporation will use this subsidy exclusively to pay interest on the Series 2010D Bonds. **No assurance can be given by the Corporation of the receipt of such cash subsidy payments. The Corporation is obligated to make payments of the principal of and interest on the Series 2010D Bonds whether or not it receives such subsidy payments.**

The Corporation will irrevocably designate the Series 2010E Bonds as “Build America Bonds” that are “Recovery Zone Economic Development Bonds” pursuant to Sections 1400U-2 and 6431 of the Code and as “Qualified Bonds” pursuant to Section 54AA(g) of the Code, subject to U.S. income taxes (except to bona fide residents of Puerto Rico and Puerto Rico corporations to the extent described herein). Upon compliance with

certain requirements of the Code, the Corporation will receive a subsidy payment from the federal government equal to 45% of the amount of each interest payment on the Series 2010E Bonds. This subsidy will be paid directly to the Corporation and not to the holders of the Series 2010E Bonds. The Corporation will use this subsidy exclusively to pay interest on the Series 2010E Bonds. **No assurance can be given by the Corporation of the receipt of such cash subsidy payments. The Corporation is obligated to make payments of the principal of and interest on the Series 2010E Bonds whether or not it receives such subsidy payments.**

The subsidy payments for the Series 2010D Bonds and the Series 2010E Bonds constitute Build America Bond Tax Credit Receipts under the Resolution and shall be deposited when received to the credit of the related Debt Service Account relating to the Series 2010D Bonds and the Series 2010E Bonds. In addition, the Build America Bond Tax Credit Receipts factor into the calculation of the additional bonds tests described herein in “*Additional Bonds, Refunding Bonds and Other Obligations*” under SECURITY FOR THE BONDS.

The Corporation has no obligation to the owners or prospective purchasers of the Offered Bonds to maintain the status of the Offered Bonds as Build America Bonds. The Code imposes certain requirements that must be met subsequent to the issuance and delivery of the Offered Bonds in order for the Corporation to receive the cash subsidy payments. If the Corporation does not comply with these requirements, the Corporation may not be entitled to receive the cash subsidy payments.

See *Appendix E - Book-Entry Only System*.

SECURITY FOR THE BONDS

General

Pursuant to the Resolution, the Offered Bonds are limited obligations of the Corporation payable solely from, and secured by a grant of a security interest in, the Pledged Property. The Offered Bonds are subordinate in payment priority to the Senior Bonds and Parity Obligations and on a parity in payment priority with the First Subordinate Bonds and First Subordinate Obligations. The Resolution prohibits the issuance of any bonds or notes with a payment priority that is senior to the Senior Bonds and Parity Obligations. The Resolution permits the issuance of bonds or notes with a payment priority that is senior to, or on a parity with, or subordinate to, the Offered Bonds. Only Senior Bonds and the Parity Obligations will be senior to the Offered Bonds.

Commonwealth Non-Impairment Covenant

Pursuant to Act 91, the Commonwealth agrees and commits with any person, firm or corporation or with any agency of the United States or of any other state or the Commonwealth or any country which acquires the Offered Bonds or provides credit enhancement, sources of payment or liquidity for such Offered Bonds, that it will not limit or restrain the rights and powers conferred by Act 91 or the rights of the Corporation to comply with its agreements with holders of its Bonds until said Offered Bonds, together with the interest thereon, are completely retired and that no amendment to Act 91 shall impair any obligation or commitment of the Corporation.

The Commonwealth has also agreed and committed with any person, firm or corporation or with any agency of the United States or of any other state or the Commonwealth or any country which acquires the Offered Bonds or provides credit enhancement, sources of payment or liquidity for such Offered Bonds, that it will not limit or restrict the rights or powers of the appropriate officers of the Commonwealth to impose, maintain, charge or collect the taxes and other receipts constituting amounts to be deposited in the Dedicated Sales Tax Fund in accordance with the provisions of Act 91; provided, that the Commonwealth is not precluded from exercising its power, through a change in law, to (i) limit or restrict the character or amount of such taxes and other receipts or (ii) substitute like or comparable security in the form of taxes, fees, charges or other receipts for deposit in the Dedicated Sales Tax Fund if, for the ensuing fiscal years, the projected revenues certified by the Secretary of the Treasury of such taxes, other receipts or collateral meet or exceed the debt service and other charges and any coverage requirement set forth in the related authorizing bond documents of the Corporation.

The Corporation has covenanted in the Resolution that any such substitution of any security in the form of taxes, fees, charges and other receipts for the Pledged Sales Tax shall not qualify as the delivery of “like or comparable security” unless the Trustee shall have been provided with (i) written confirmation of all outstanding ratings of the Bonds from the applicable rating agencies, taking such substitution into account, and (ii) written opinions of the Secretary of Justice, nationally recognized Bond Counsel, and Puerto Rico counsel expert in public finance matters, each concluding that the Puerto Rico Supreme Court, if properly presented with the issue, would conclude that the substituted assets and revenues have been validly imposed by law; have been validly transferred to the Corporation and do not constitute “available resources” of the Commonwealth for purposes of Section 2 and Section 8 of Article VI of the Constitution of Puerto Rico nor shall they be available for use by the Secretary of the Treasury of the Commonwealth.

Property Pledged for the Payment of the Offered Bonds

Pledged Property consists of (i) all Revenues (as discussed below), and all right, title and interest of the Corporation in and to the Revenues and all rights to receive the same, (ii) the Funds, Accounts (other than the Costs of Issuance Account and the Rebate Account) and Subaccounts (other than Subaccounts in the Cost of Issuance Account or Rebate Account) held by the Trustee, and moneys and securities and, in the case of any Debt Service Reserve Account, Reserve Account Cash Equivalents, from time to time held by the Trustee under the terms of the Resolution, subject to the application thereof as provided in the Resolution, (iii) any and all other rights and property of every kind and nature from time to time pledged by the Corporation to the Trustee under the Resolution as and for additional security for the Bonds and Parity Obligations, and (iv) any and all cash and non-cash proceeds, products, offspring, rents, and profits from any of the Pledged Property mentioned described in paragraphs (i) through (iii) above, including, without limitation, those from the sale, exchange, transfer, collection, loss, damage, disposition, substitution or replacement of any of the foregoing. The Series 2010 Bonds do not have any Debt Service Reserve requirement. None of the Outstanding Senior Bonds or Outstanding Subordinate Bonds have any Debt Service Reserve requirement.

Revenues consist of (i) all Pledged Sales Tax collections received by the Corporation or the Trustee, (ii) with respect to any particular Bond, the proceeds of any draw on or payment under any Credit Facility which is intended for the payment of such Bond, but only for purpose of such payment and not for other purposes of

the Resolution, (iii) any amounts received by the Corporation pursuant to a Qualified Hedge, if any, after giving effect to any netting of amounts payable by the parties thereunder, (iv) income and interest earned and gains realized in excess of losses suffered by any Fund, Account (other than the Rebate Account) or Subaccount (other than any Subaccount in the Rebate Account) held by the Trustee, and (v) any other revenues, fees, charges, surcharges, rents, proceeds or other income and receipts received by or on behalf of the Corporation or by the Trustee, lawfully available for the purposes of the Resolution and deposited by or on behalf of the Corporation or by the Trustee in any Fund, Account (other than the Costs of Issuance Account and the Rebate Account) or Subaccount (other than Subaccounts in the Cost of Issuance Account or Rebate Account) held by the Trustee. Revenues include the subsidy payments received under the Build America Bonds program.

The Corporation covenants that it will not issue any bonds, notes or other evidences of indebtedness secured by a pledge of or lien upon the Pledged Property, and shall not otherwise create any lien or charge on the Pledged Property, other than as permitted by the Resolution.

After the issuance of the Series 2010 Bonds, the refunding of the bonds to be refunded with the proceeds of the Series 2010C Bonds and the repayment of the Series 2010B Bonds, the Corporation's Outstanding First Subordinate Bonds will represent \$8.3 billion in aggregate initial principal amount, consisting of the following: (i) the Series 2009A Bonds, issued pursuant to the Seventh Supplemental Sales Tax Revenue Bond Resolution adopted by the Board of Directors of the Corporation on June 10, 2009, (ii) the Series 2009B Bonds, issued pursuant to the Eighth Supplemental Sales Tax Revenue Bond Resolution adopted by the Board of Directors of the Corporation on June 17, 2009, (iii) the Series 2010A Bonds, issued pursuant to the Twelfth Supplemental Sales Tax Revenue Bond Resolution adopted by the Board of Directors of the Corporation on January 28, 2010, (iv) the Series 2010C Bonds, issued pursuant to the Fourteenth Supplemental Sales Tax Revenue Bond Resolution adopted by the Board of Directors of the Corporation on June 24, 2010, (v) the Series 2010D Bonds, issued pursuant to the Fifteenth Supplemental Sales Tax Revenue Bond Resolution adopted by the Board of Directors of the Corporation on June 24, 2010, and (vi) the Series 2010E Bonds, issued pursuant to

the Sixteenth Supplemental Sales Tax Revenue Bond Resolution adopted by the Board of Directors of the Corporation on June 24, 2010.

Subordination Provisions of the First Subordinate Bonds

The First Subordinate Bonds are secured equally and ratably under the Resolution on a basis subordinate to the Senior Bonds and Parity Obligations and are payable from the Pledged Sales Tax. As a result, the First Subordinate Bonds are payable from any and all amounts of the Pledged Sales Tax remaining after providing for the payment of any and all amounts due to the Senior Bonds and any Parity Obligations, as provided in the Resolution. Moreover, the First Subordinate Bonds are not entitled to declare a default under the Resolution until such time as any and all amounts due and payable on the Senior Bonds and any Parity Obligations have been paid in full.

Additional First Subordinate Bonds may be issued, and Additional First Subordinate Obligations may be incurred, under the Resolution subject to the applicable additional bonds test described herein and solely to provide funds for the Authorized Uses or to refund or refinance for savings Senior Bonds, Parity Obligations, Subordinate Bonds or Subordinate Obligations.

The Resolution provides for the creation of the "Project Fund" and the following accounts and subaccounts in such Fund: a Costs of Issuance Account, a Capitalized Interest Account, a Bond Proceeds Account, a Revenue Account, a Debt Service Account (which shall contain a Principal Subaccount, an Interest Subaccount and a Holding Subaccount, established for each Class of Bonds and separately for Series of Tax-Exempt Bonds in such class and Taxable Bonds in such class), a Debt Service Reserve Account (established for each Class of Bonds), a Redemption Account, and a Rebate Account (containing a Subaccount for each Series of Bonds), each to be held by the Trustee. All such Accounts and Subaccounts, other than the Costs of Issuance Account and the Rebate Account, are subject to the lien and pledge created under the Resolution.

Under the Resolution, all Revenues received must be deposited into the Revenue Account except for certain investment earnings and income which flow to the Rebate Account; *provided, however*, that the proceeds of any draw on or payment under any Credit Facility which is intended for the payment of a Bond may be applied directly to such payment or deposited directly to the Debt Service Account for such purpose. All Build America Bond Tax Receipts in respect of interest paid on Senior Bonds and First Subordinate Bonds shall be deposited to the credit of the related Debt Service Accounts. In addition, there shall be deposited in the Revenue Account all other amounts required by the Resolution to be so deposited. Amounts on deposit from time to time in the Revenue Account shall be withdrawn and transferred as of the last Business Day of each calendar month as follows and in the following order or priority:

- (2) to each Debt Service Account established for the Senior Bonds and Parity Obligations, allocated on a pro-rata basis between the Principal Subaccount, the Interest Subaccount, and the Holding Subaccount in each such Debt Service Account, all amounts until the amounts on deposit in all such Debt Service Accounts (crediting thereto transfers to such Debt Service Account of Capitalized Interest pursuant to the Resolution and any Build America Bond Tax Credit Receipts attributable to Senior Bonds transferred to such Debt Service Account pursuant to the Resolution) shall equal the Accrued 12/15 Month Obligation (Senior) related to the Senior Bonds and Parity Obligations;
- (3) to any Debt Service Reserve Account established for the Senior Bonds, the amount required to cause the amount on deposit therein to be at least equal to the Debt Service Reserve Requirement for the Senior Bonds;

(5) to each Debt Service Reserve Account established for the First Subordinate Bonds, the amount required to cause the amount on deposit therein to be at least equal to the Debt Service Reserve Requirement for the First Subordinate Bonds; and

(6) if an amount at least equal to the Accrued 12/15 Month Obligation (Senior) and Accrued 12/15 Month Obligation (Subordinate), and after crediting thereto Capitalized Interest available for transfer, and/or transferred, to the Debt Service Accounts during such period, Build America Bond Tax Credit Receipts scheduled to be paid, and/or paid, to the Trustee during such period, and any Accrued Holding Amounts transferred to the related Holding Subaccounts in the Debt Service Accounts during the relevant period, is on deposit in the Debt Service Accounts pursuant to clauses (2) and (4) above, the balance on deposit in the Revenue Account, if any, may be applied, upon written direction of the Corporation to the Trustee in the following priority:

(a) to pay or provide for the payment of amounts payable under Credit Facilities, Liquidity Facilities and Qualified Hedges not otherwise required to be funded pursuant to clauses (2) and (4) above, until such amounts shall be fully paid or otherwise provided for from this or any other source, and then

“Accrued 12-Month Obligation (Senior)” shall mean for Outstanding Senior Bonds and Parity Obligations, as of any particular date, (i) the aggregate of the Principal Installments of such Bonds and principal component of Parity Obligations, plus (ii) the aggregate of the interest on such Senior Bonds and interest component of Parity Obligations, and, for Senior Bonds that are Adjustable Rate Bonds, based on the Assumed Interest Rate, in the case of (i) and (ii) that are due during the next ensuing twelve-month period, plus (iii) the Accrued Holding Amounts applicable to such Senior Bonds.

“Accrued 12/15-Month Obligation (Subordinate)” shall mean for Outstanding Subordinate Bonds and Subordinate Obligations of a particular Class, as the context requires, as of any particular date, (i) the aggregate of the Principal Installments of such Bonds and principal component of Subordinate Obligations, plus (ii) the aggregate of the interest on such Subordinate Bonds and interest component of such Subordinate Obligations, and, for Subordinate Bonds that are Adjustable Rate Bonds, based on the Assumed Interest Rate, in the case of (i) and (ii) that are due during the next ensuing twelve-month period (provided, that for any Subordinate Bonds or Subordinate Obligations that have Principal Installments, interest or other scheduled principal or interest components due on a basis more frequently than quarterly, the calculation of Accrued 12/15-Month Obligation (Subordinate) for such Subordinate Bonds or Subordinate Obligations shall be with respect to the amounts due during the next ensuing fifteen-month period), plus (iii) the Accrued Holding Amounts related to such Subordinate Bonds.

“Accrued Holding Amounts” means, as of any date and for any Bonds, the cumulative amount set forth in schedules contained in the related Series Resolution.

Additional Bonds, Refunding Bonds and Other Obligations

Act 91 provides that the Corporation shall not authorize a bond issue unless the Executive Director or a designated officer of the Corporation certifies that the principal and interest of the Corporation’s bonds to be issued, plus the principal and interest of all outstanding bonds of the Corporation (other than those bonds to be paid with the proceeds of the new bonds or those payments of principal and interest for which moneys sufficient for their payment have been segregated), payable every Fiscal Year (beginning with the current Fiscal Year) is less than or equal to the Pledged Sales Tax Base Amount assigned to the Corporation corresponding to each such Fiscal Year plus any Build America Bonds Tax Credit Receipts the Corporation expects to receive during each such Fiscal Year.

The Resolution permits the issuance of Bonds (a) to provide funds for any of the Authorized Uses, (b) to refund or otherwise prepay any Bonds issued under the Resolution, or (c) for any other purpose set forth under Act 91, as amended from time to time.

The Resolution permits the issuance of additional Bonds as Senior Bonds (i.e., with payment priorities on a parity with those of the Outstanding Senior Bonds and Parity Obligations) or as Subordinate Bonds (i.e., with payment priorities subordinate to those of the Outstanding Senior Bonds and Parity Obligations and on a parity with or subordinate to such Subordinate Bonds).

The Resolution requires that no such Series of Bonds may be issued, and no Parity Obligations or Subordinate Obligations in addition to Parity Obligations incurred on and prior to the date of issuance of Bonds designated “Series 2008A” may be incurred, unless the Corporation shall have filed with the Trustee a certificate of an Authorized Officer of the Corporation reflecting the following (in each case, Accrued 12-Month Obligation (Senior), Accrued 12/15-Month Obligation (Senior), Accrued 12-Month Obligation (Subordinate), and Accrued 12/15-Month Obligation (Subordinate) shall each have credited thereto any capitalized interest

available for transfer, and/or transferred, to the related Debt Service Accounts during the relevant period, any Build America Bond Tax Credit Amounts paid to the Trustee for deposit in the related Debt Service Accounts during the relevant period, and any Accrued Holding Amounts transferred to the related Holding Subaccounts in the Debt Service Accounts during the relevant period):

All Bonds, Parity Obligations and Subordinate Obligations

(a) the Pledged Sales Tax Base Amount applicable to the Fiscal Year in which such additional Bonds are to be issued or Parity Obligations or Subordinate Obligations are to be incurred and in each Fiscal Year thereafter during which Bonds and Parity Obligations or Subordinate Obligations, including such additional Bonds or Parity Obligations or Subordinate Obligations, are to be Outstanding, taking into account the minimum adjustment thereto to the extent provided in the Act, and (b) the Accrued 12-Month Obligation (Senior) and Accrued 12-Month Obligation (Subordinate) for all Outstanding Bonds, Parity Obligations and Subordinate Obligations, including such additional Bonds, Parity Obligations and Subordinate Obligations, for each Related August 2 Computation Period, and showing that the amount in clause (a) for each such Fiscal Year at least equals 102% of the amount in clause (b) hereof for each such Related August 2 Computation Period;

Additional Requirements — Senior Bonds and Parity Obligations

A. (i) the Pledged Sales Tax Base Amount applicable to the Fiscal Year in which such additional Senior Bonds are to be issued or Parity Obligations are to be incurred, (ii) the Accrued 12/15-Month Obligation (Senior) with respect to the Senior Bonds and Parity Obligations, including such additional Senior Bonds, and Parity Obligations, and the Operating Cap applicable, for the 12-month period constituting such Fiscal Year (attributing to such Fiscal Year any calculation thereof for any 15-month period ending three months after the end of such Fiscal Year as required by the definition of “Accrued 12/15-Month Obligation (Senior)”), (iii) the Pledged Sales Tax Base Amount for each subsequent Fiscal Year taking into account the minimum adjustment thereto to the extent provided in the Act, and (iv) the Accrued 12/15-Month Obligation (Senior) with respect to the Senior Bonds and Parity Obligations, including such additional Senior Bonds and Parity Obligations, and the Operating Cap applicable, in each subsequent Fiscal Year (attributing to such Fiscal Year any calculation thereof for any 15-month period ending three months after the end of such Fiscal Year as required by the definition of “Accrued 12/15-Month Obligation (Senior)”), and showing *first* that the amount in clause (A)(i) hereof at least equals the amount in clause (A)(ii) hereof, and *second* that the amount for each subsequent Fiscal Year in clause (A)(iii) hereof at least equals the amount for such Fiscal Year in clause (A)(iv) hereof, and

B. (i) the total amount of Commonwealth Sales Tax assumed to be received in each Fiscal Year during which Senior Bonds and Parity Obligations, including such additional Senior Bonds or additional Parity Obligations, are to be Outstanding under the Resolution, based on the assumption that the Commonwealth Sales Tax actually received in the Fiscal Year immediately preceding the date of issuance of such additional Senior Bonds or incurrence of such additional Parity Obligations is to be increased for each subsequent Fiscal Year by four percent (4%), and (ii) the total Accrued 12/15-Month Obligation (Senior) with respect to all Outstanding Senior Bonds and all Parity Obligations, including such additional Senior Bonds and additional Parity Obligations, in each such Fiscal Year (attributing to such Fiscal Year any calculation thereof for any 15-month period ending three months after the end of such Fiscal Year as required by the definition of “Accrued 12/15-Month Obligation (Senior)”), and showing, for each such Fiscal Year, that the amount in (B)(i) hereof is at least three (3) times the related amount in (B)(ii) hereof, and

C. No Senior Bonds or Parity Obligations in addition to Bonds issued or incurred on and prior to the date of issuance of the Bonds designated “Series 2008A” may be issued or incurred except (i) as Refunding Bonds, provided that the Accrued 12/15-Month Obligation (Senior) for each Related August 2 Computation Period shall not have thereby been increased following the issuance of such Refunding Bonds, or (ii) for the purpose of the payment or retirement of extra-constitutional debt of the Commonwealth outstanding as of June 30, 2006, provided, that for additional Senior Bonds to be issued for purposes of this clause (ii), the

debt service for any such additional Senior Bonds shall not be scheduled to be paid more frequently than quarterly and the debt service for all Senior Bonds (including such additional Senior Bonds) and principal and interest components of Parity Obligations for each Fiscal Year during which such additional Senior Bonds are Outstanding shall not exceed the Pledged Sales Tax Original Base Amount for each such Fiscal Year.

Additional Requirement — First Subordinate Bonds and First Subordinate Obligations

D. *except* with respect to First Subordinate Bonds issued as Refunding Bonds and First Subordinate Obligations incurred in connection with such Refunding Bonds provided that the Accrued 12-Month Obligation (Subordinate) related thereto for each Related August 2 Computation Period shall not have thereby been increased following the issuance of such Refunding Bonds (as to such Refunding Bonds and First Subordinate Obligations, the remaining requirements of this subsection (D) shall be inapplicable), for each Fiscal Year during which First Subordinate Bonds and First Subordinate Obligations, including such additional First Subordinate Bonds or additional First Subordinate Obligations, are to be Outstanding under the Resolution, (i) the total amount of Commonwealth Sales Tax assumed to be received based on the assumption that the Commonwealth Sales Tax actually received in the Fiscal Year immediately preceding the date of issuance of such additional First Subordinate Bonds or incurrence of such additional First Subordinate Obligations is to be increased for each subsequent Fiscal Year by four percent (4%), (ii) the Accrued 12/15-Month Obligation (Senior) and Accrued 12/15-Month Obligation (Subordinate) for the Outstanding Senior Bonds, Parity Obligations, First Subordinate Bonds and First Subordinate Obligations and such additional First Subordinate Bonds or additional First Subordinate Obligations for each Related August 2 Computation Period, and showing that the amount in (D)(i) hereof for each such Fiscal Year is at least two (2.0) times the amount in (D)(ii) hereof for each such Related August 2 Computation Period.

Under the Resolution, “Related August 2 Computation Period” means with respect to calculations to be made under the Resolution in connection with the issuance of Senior Bonds or First Subordinate Bonds or incurrence of Parity Obligations or First Subordinate Obligations, the 12-month period (or, as applicable, 15-month period) commencing on August 2 in such Fiscal Year of issuance or incurrence and, as the context requires, commencing on August 2 in the related succeeding Fiscal Years.

The Corporation may issue Subordinate Bonds or incur Subordinate Obligations of Class Priority which is lower than that of First Subordinate Bonds and First Subordinate Obligations at any time subject to the requirements of the Resolution.

Owners of Subordinate Bonds and obligees under Subordinate Obligations may not declare an Event of Default, or cause the Trustee to take any remedial actions in the event such Subordinate Bonds or Subordinate Obligations are not timely paid amounts due, during any period that Senior Bonds or Parity Obligations are outstanding under the Resolution.

Commonwealth’s Authority to Cover Deficiencies

If the Commonwealth Sales Tax collections deposited in the Dedicated Sales Tax Fund in a given Fiscal Year are less than the applicable Pledged Sales Tax Base Amount for such Fiscal Year, Act 91 authorizes the Secretary of the Treasury to fund the shortfall from any available funds (including funds derived from borrowings from Government Development Bank) and requires the Director of the Office of Management and Budget of the Commonwealth to include in the Commonwealth’s recommended budget for the current or the next Fiscal Year the appropriations necessary to cover the deficiency. Such deficiencies may be funded from available resources of the Commonwealth and, therefore, may be subject to the limitations provided under Section 8 of Article VI of the Constitution of Puerto Rico discussed above. **This Official Statement is not intended to provide information regarding the financial condition or financial prospects of the Commonwealth or its General Fund.**

RISK FACTORS

Prospective investors should carefully consider the risk factors set forth below regarding an investment in the Offered Bonds as well as other information contained in this Official Statement. The following discussion of risk factors is not meant to be a complete list of risks associated with the purchase of the Offered Bonds and does not necessarily reflect the relative importance of various factors. Potential purchasers of Offered Bonds are advised to consider the following factors, among others, and to review the other information in this Official Statement in evaluating an investment in the Offered Bonds. Any one or more of the factors discussed, and others, could lead to a decrease in the market value and/or the liquidity of the Offered Bonds. There can be no assurance that other risk factors will not become material in the future.

Economic Conditions Could Affect Commonwealth Sales Tax Revenues

The amount of future Commonwealth Sales Tax revenues depends upon various factors, including economic conditions in the Commonwealth. Economic conditions in the Commonwealth have reflected numerous cycles of growth and recession. The Commonwealth has been in a recession since the fourth quarter of fiscal year 2006. For more information regarding the economic conditions of the Commonwealth, see *Appendix A – Commonwealth Economic Information*. There can be no assurance that historical data related to economic conditions in the Commonwealth are predictive of future trends.

Legislative Assembly Authority over the Commonwealth Sales Tax

Section 2 of Article VI of the Constitution of the Commonwealth (the “Puerto Rico Constitution”) states that the power of the Commonwealth to impose and collect taxes and to authorize their imposition and collection by municipalities shall be exercised as determined by the Legislative Assembly and shall never be surrendered or suspended. In accordance with these provisions, the Legislative Assembly may amend, modify or repeal Act 117, which imposes the Commonwealth Sales Tax.

The Legislative Assembly has in the past enacted amendments to Act 117 to exempt specified goods and services from the imposition of the Commonwealth Sales Tax and provide for tax holidays in certain limited circumstances. There can be no assurance that future proposals will not result in additional exemptions from the Commonwealth Sales Tax. See “*Commonwealth Sales Tax Revenues*” and “*Commonwealth Sales Tax Collections and Projections*” under PLEDGED SALES TAX.

Article 5(c) of Act 91 states that the Commonwealth has agreed and committed with any person, firm or corporation or with any agency of the United States or of any other state or the Commonwealth or any country which acquires the Bonds or provides credit enhancement, sources of payment or liquidity for such Bonds, that it will not limit or restrain the rights and powers conferred by Act 91 or the rights of the Corporation to comply with its agreements with Bondowners until said Bonds, together with the interest thereon, are completely retired. The Commonwealth has also agreed that it will not limit or restrict the rights or powers of the appropriate officers of the Commonwealth to impose, maintain, charge or collect the taxes and other receipts constituting amounts to be deposited in the Dedicated Sales Tax Fund in accordance with the provisions of Act 91, provided that the Commonwealth is not precluded from exercising its power, through a change in law, to (i) limit or restrict the character or amount of such taxes and other receipts or (ii) substitute like or comparable security in the form of taxes, fees, charges or other receipts for deposit in the Fund if, for the ensuing fiscal years, the projected revenues certified by the Secretary of the Treasury of such taxes, other receipts or collateral meet or exceed the debt service and other charges and any coverage requirements set forth in the related authorizing bond documents of the Corporation. Article 5(c) of Act 91 also provides that no amendment to Act 91 shall impair any obligation or commitment of the Corporation. See “*Commonwealth Non-Impairment Covenant*” under SECURITY FOR THE BONDS.

The Corporation has covenanted that any such substitution of any security in the form of taxes, fees, charges and other receipts for the Pledged Sales Tax shall not qualify as the delivery of “like or comparable

security” unless the Trustee shall have been provided with (i) written confirmation of all outstanding ratings of the Bonds from the applicable rating agencies, taking such substitution into account, and (ii) written opinions of the Secretary of Justice, nationally recognized Bond Counsel, and Puerto Rico counsel expert in public finance matters, each concluding that the Puerto Rico Supreme Court, if properly presented with the issue, would conclude that the substituted assets and revenues have been validly imposed by law, have been validly transferred to the Corporation and do not constitute “available resources” of the Commonwealth for purposes of the last paragraph of Section 2 and Section 8 of Article VI of the Puerto Rico Constitution nor shall they be available for use by the Secretary of the Treasury.

Certain Constitutional Considerations Relating to Act 91

Section 8 of Article VI of the Puerto Rico Constitution provides that if, in any Fiscal Year, the Commonwealth’s “available resources including surplus” are insufficient to meet appropriations made for that Fiscal Year, interest on the public debt and amortization thereof (which for purposes of the Puerto Rico Constitution includes general obligation bonds and notes of the Commonwealth and any payments required to be made by the Commonwealth under its guarantees of bonds and notes issued by its public instrumentalities) must be paid first and other disbursements shall thereafter be made in accordance with priorities established by law. Section 2 of Article VI of the Puerto Rico Constitution provides, in its last paragraph, that the Secretary of the Treasury may be required to apply the available resources including surplus to the payment of interest on the public debt and the amortization thereof in any case provided for by Section 8 of Article VI of the Puerto Rico Constitution at the suit of any holder of bonds or notes issued in evidence thereof. These provisions of the Puerto Rico Constitution are sometimes referred to as the “Constitutional Debt Priority Provisions.”

The Statement of Motives of Act No. 56 of July 5, 2007, which amended Act 91, states that it is the intent of the Legislative Assembly that the moneys deposited in the Dedicated Sales Tax Fund not constitute “available resources” of the Commonwealth for any purpose, including for the purposes set forth in the Constitutional Debt Priority Provisions. In addition, Act 91 states that the Dedicated Sales Tax Fund is to be transferred to, and shall be the property of, the Corporation and provides further that the Pledged Sales Tax will (i) be deposited in the Dedicated Sales Tax Fund upon receipt and will not be deposited into the Commonwealth’s General Fund, (ii) not constitute resources available to the Commonwealth, and (iii) not be available for use by the Secretary of the Treasury.

On the date of issuance of the Series 2010 Bonds, the Secretary of Justice of the Commonwealth (who acts as attorney general for the Commonwealth) will issue an opinion (the “2010 Opinion”) opining that (i) Act 91 and each of the statutes amending Act 91 were validly enacted by the Commonwealth and are in full force and effect, (ii) the Dedicated Sales Tax Fund, the funds on deposit therein and the Pledged Sales Tax do not constitute “available resources” of the Commonwealth for purposes of the Constitutional Debt Priority Provisions, and (iii) the Dedicated Sales Tax Fund, the funds on deposit therein and the Pledged Sales Tax are not available for use by the Secretary of the Treasury. On July 31, 2007, in connection with the issuance of the initial series of Outstanding Senior Bonds, a prior Secretary of Justice issued an opinion (the “2007 Opinion”) reaching substantially the same conclusion. On June 18, 2009, in connection with the issuance of the Corporation’s Sales Tax Revenue Bonds, First Subordinate Series 2009A, the prior Secretary of Justice also issued an opinion (the “2009 Opinion”) reaching substantially the same conclusion. On February 9, 2010, in connection with the issuance of the Series 2010A Bonds, the current Secretary of Justice issued an opinion (the “2010A Opinion”) reaching substantially the same conclusion.

The Supreme Court of Puerto Rico has not addressed the constitutional issues covered in the 2010 Opinion, the 2010A Opinion, the 2009 Opinion and the 2007 Opinion and could reach a different conclusion. The Supreme Court of Puerto Rico, however, has consistently ruled that there is a presumption of constitutionality that attaches to every statute adopted by the Legislative Assembly and has further stated that opinions by the Secretary of Justice, although not binding, are entitled to persuasive weight. The Supreme Court of Puerto Rico has also stated that deference to the Legislative Assembly should be especially high in matters involving the use of public funds and the regulation of the economy, and that in these types of cases, the

constitutionality of a statute will be upheld unless there is no rational relationship between the legislation and a legitimate government interest.

In connection with the issuance of the Series 2010 Bonds, Bond Counsel and Underwriters' Counsel have each opined to the Corporation that if the appropriate issues are properly presented for judicial decision, a court would hold that Act 91 validly transfers the Pledged Sales Tax, including the Commonwealth's right to receive the Pledged Sales Tax, to the Corporation, that the Pledged Sales Tax does not constitute "available resources including surplus" of the Commonwealth for purposes of the Constitutional Debt Priority Provisions, and that Act 91 validly provides that the Pledged Sales Tax is not available for use by the Secretary of the Treasury.

The opinions of Bond Counsel and Underwriters' Counsel described above expressly note that a court's decision regarding the matters upon which they are opining would be based on such court's own analysis and interpretation of the factual evidence before it and applicable legal principles. Thus, if a court reached a different result than that expressed in such opinions, such as that the exclusion of the Pledged Sales Tax from the definition of available resources for purposes the Constitutional Debt Priority Provisions is unconstitutional, it would not necessarily constitute reversible error. Consequently, the opinions of Bond Counsel and Underwriters' Counsel described above are not a prediction of what a particular court (including any appellate court) that reached the issue on the merits would hold, but, instead, are the opinions of Bond Counsel and Underwriters' Counsel as to the proper result to be reached by a court applying existing legal rules to the facts properly found after appropriate briefing and argument and, in addition, are not a guarantee, warranty or representation, but rather reflect the informed professional judgment of Bond Counsel and Underwriters' Counsel as to specific questions of law.

To the extent that a court determines that the Pledged Sales Tax constitutes "available resources" for purposes of the Constitutional Debt Priority Provisions, the Pledged Sales Tax may have to be applied to the payment of principal and interest on the Commonwealth's public debt before being used to pay principal of and interest on the Bonds, including the Series 2010 Bonds. Should such application be required, the ratings on the Bonds may be adversely affected.

Limited Nature of Ratings; Reductions, Suspension or Withdrawal of a Rating

Any rating assigned to the Offered Bonds by a rating agency will reflect such rating agency's assessment of the likelihood of the payment of interest when due and principal of the Offered Bonds on their respective maturity or mandatory redemption dates. Any rating of the Offered Bonds is not a recommendation to purchase, hold or sell such Offered Bonds and such rating will not address the marketability of such Offered Bonds, their market price or suitability for a particular investor. There is no assurance that any rating will remain for any given period of time or that any rating will not be lowered, suspended or withdrawn entirely by a rating agency if, in such rating agency's judgment, circumstances so warrant based on factors prevailing at the time, including, but not limited to, the evaluation by such rating agency of the financial outlook for the Corporation or the Commonwealth's economy. Any such reduction, suspension or withdrawal of a rating, if it were to occur, could adversely affect the availability of a market or the market prices for the Offered Bonds. Finally, the Resolution does not include a covenant by the Corporation to maintain a specific rating with respect to outstanding Bonds or Obligations.

Limited Nature of Remedies

The Offered Bonds are subordinate to the Senior Bonds and the Parity Obligations and are not entitled to declare a default under the Resolution until such time as any and all amounts due and payable on the Senior Bonds and any Parity Obligations have been paid in full. See "Subordination Provisions of the Bonds" under SECURITY FOR THE BONDS. In the event the owners of the Offered Bonds shall be entitled to declare a default, the payment of the Offered Bonds by the Corporation cannot be accelerated, except for the application

of funds held by the Trustee for the benefit of the holders of the Offered Bonds on the date such default is declared.

There is no Assurance that a Secondary Market for the Offered Bonds will Develop

The Offered Bonds are a new issue of securities. There is no assurance that a secondary market for the Offered Bonds will develop, or if it does develop, that it will provide the holders of the Offered Bonds with liquidity for their investment or that it will continue for the life of the Offered Bonds. Although the Underwriters have advised the Corporation that they presently intend to make a market for the Offered Bonds as permitted by applicable laws, the Underwriters are not obligated to do so and any such market making may be discontinued at any time at the sole discretion of the Underwriters.

Pro-Forma Commonwealth Sales Tax Revenues and Debt Service Coverage

The following debt service coverage table presents Commonwealth Sales Tax revenues over combined Senior Bond and First Subordinate Bond debt service and Parity Obligation payments. This table assumes a growth rate of 4% in Commonwealth Sales Tax collections, which is the rate used to calculate sales tax growth for one of the additional bonds tests included in the Resolution. This is neither a projection nor a guarantee of actual collections. Actual collections may differ substantially from the amounts shown.

Debt service is net of capitalized interest.

(3) Debt service for the year ending and including August 1. Debt service is based on all outstanding First Subordinate Bonds and First Subordinate Obligations after the issuance of the Series 2010 Bonds. Debt service is net of capitalized interest.

(4) Commonwealth Sales Tax Revenues reduced by the Operating Cap over Total Debt Service.

(5) Commonwealth Sales Tax collections for 2010 are assumed to be equal to Fiscal Year 2008-2009 collections of \$1,098,000,000 with no escalation.

The following debt service coverage table presents Commonwealth Sales Tax revenues over combined Senior Bond and First Subordinate Bond debt service and Parity Obligation payments. This table assumes a growth rate of 1.57%, which is the rate needed to achieve a minimum 1.0x debt service coverage in all years. This is neither a projection nor a guarantee of actual collections. Actual collections may differ substantially from the amounts shown.

Debt service is net of capitalized interest.
- (3) Debt service for the year ending and including August 1. Debt service is based on all outstanding First Subordinate Bonds and First Subordinate Obligations after the issuance of the Series 2010 Bonds. Debt service is net of capitalized interest.
- (4) Commonwealth Sales Tax Revenues reduced by the Operating Cap over Total Debt Service.
- (5) Commonwealth Sales Tax collections for 2010 are assumed to be equal to Fiscal Year 2008-2009 collections of \$1,098,000,000 with no escalation.

The Corporation believes that personal consumption expenditures and GNP are the economic indicators that correlate most closely to sales of goods and services that represent the sales tax base. While historical trends do not necessarily predict future performance, from Fiscal Year 1947 to Fiscal Year 2009, the average annual growth rate in personal consumption expenditures (nominal) was 7.64%. Moreover, the annual average growth rate in personal consumption expenditures (nominal) during the last decade, which experienced two recessions, was 5.03%. During Fiscal Year 2009, which constitutes the third consecutive year showing a reduction in gross national product, personal consumption expenditures (nominal) grew by 1.8% while Commonwealth Sales Tax revenues decreased by 3.6% as compared to Fiscal Year 2008.

PLAN OF FINANCING

Overview

The Corporation anticipates using the proceeds of Offered Bonds, together with other funds available to the Corporation, to (i) repay certain of its outstanding obligations, (ii) provide funds to the Commonwealth for the Authorized Uses, and (iii) pay the cost of issuance of the Offered Bonds. The Corporation will designate the Series 2010E Bonds as “Build America Bonds” that are “Recovery Zone Economic Development Bonds” pursuant to Sections 1400U-2 and 6431 of the Code and as “Qualified Bonds” under Section 54AA(g) of the Code, and elect under Code Section 54AA(g) to receive a cash subsidy from the United States Treasury equal to 45% of the stated interest paid on such bonds as provided in Code Sections 1400U-1 and 6431.

THE CORPORATION

The Corporation is an independent governmental instrumentality of the Commonwealth created by Act 91 for the purpose of issuing bonds and utilizing other financing mechanisms to provide funds to the Commonwealth for the Authorized Uses. Act 91 vested the Corporation with all the powers conferred to Government Development Bank under its charter (other than the power to act as fiscal agent), including the power to issue bonds for its corporate purposes. The Corporation is also known by an acronym of its Spanish name — “COFINA.” Act 91 transfers present and future collections of the Pledged Sales Tax to the Corporation in exchange for, and in consideration of, the Corporation’s commitment to provide funds for the Authorized Uses from the net proceeds of the bonds issued by the Corporation and other funds and resources available to the Corporation. Act 91 provides that the board of directors of the Corporation (the “Governing Board”) shall consist of the members of the Board of Directors of Government Development Bank.

The following individuals are at present members of the Governing Board of the Corporation:

<u>Name</u>	<u>Occupation</u>	<u>Expiration of Term</u>
Carlos M. García	President, Government Development Bank	September 23, 2010
Marcos Rodríguez-Ema	Governor's Chief of Staff	September 23, 2011
Manuel H. Dubón	Attorney	September 23, 2012
Pedro Ray	Engineer	September 23, 2011
Juan E. Rodríguez-Díaz	Attorney	September 23, 2012
Agnes B. Suárez	Businesswoman	September 23, 2010
Angel A. Fullana Olivencia	Engineer	September 23, 2010

Certain officers of Government Development Bank have been appointed officers of the Corporation. Currently, Mr. Fernando L. Batlle, Executive Vice President and Director of Financing, Investments and Treasury for Government Development Bank, is the Corporation's Executive Director. Mr. Victor Feliciano, Vice President and Treasurer of Government Development Bank, is the Corporation's Assistant Executive Director. Mr. Jorge A. Rivera, General Counsel to Government Development Bank, is the Corporation's General Counsel.

The Corporation's offices are located at the offices of Government Development Bank at Roberto Sánchez Vilella Government Center, De Diego Avenue, Stop 22, Santurce, Puerto Rico 00940.

Other Obligations of the Corporation

In addition to the Outstanding Senior Bonds, the Outstanding Parity Obligations and the Outstanding First Subordinate Bonds, the Corporation has borrowed money, and incurred obligations, that are not secured under the Resolution. As of December 31, 2009, the Corporation had repaid all obligations that were not secured under the Resolution.

The Corporation is also a party to certain forward delivery swap agreements, effective on February 1, 2012, in an aggregate notional amount of \$907 million. Pursuant to the terms of the agreements, on the effective date, the Corporation would begin making payments of 3.95% to the counterparties in return for 67% of LIBOR until its maturity on August 1, 2040. Under present market pricing, pursuant to the swap agreements, if the Corporation were to terminate the swaps on February 1, 2012, the Corporation would be required to make a termination payment. The Corporation's obligations under the swap agreements, including its obligation to make a termination payment, are subordinate to the Senior Bonds, the Parity Obligations, the First Subordinate Bonds and the First Subordinate Obligations. However, the swap agreements would become Parity Obligations under the Resolution to the extent the Corporation issues bonds that meet certain requirements set forth in such swap agreements, and the swap agreements are in compliance with the additional bonds tests set forth in the Resolution and are each considered a Qualified Hedge under the Resolution.

TAX MATTERS

The following is a summary of the opinion of Pietrantonio Mendez & Alvarez LLP, Special Puerto Rico Tax Counsel, regarding certain Puerto Rico and United States federal tax consequences of the ownership of the Offered Bonds by Puerto Rico residents. See also *Appendix D – Form of Opinion of Special Puerto Rico Tax Counsel*.

This section does not purport to cover all of the Puerto Rico and United States federal tax consequences arising from the purchase and ownership of the Offered Bonds. The following is based upon laws, regulations, judicial decisions and administrative pronouncements now in effect and subject to change, and any change may apply retroactively and affect the accuracy of the opinions, statements and

conclusions set forth in this discussion. You should consult your independent tax advisor as to the application to your particular situation of the tax discussion described below, as well as the effect of any foreign, state or other laws.

An opinion of counsel represents only such counsel's best legal judgment and is not binding on the Treasury Department, any municipality or agency of Puerto Rico, the United States Internal Revenue Service or the courts. Accordingly, there can be no assurance that the opinions set forth herein, if challenged, would be sustained.

Puerto Rico Tax Considerations for Puerto Rico Residents

In the opinion of Pietrantonio Mendez & Alvarez LLP, based on the laws of Puerto Rico now in force:

1. Interest on the Offered Bonds is exempt from Puerto Rico income, sale, use and withholding taxes, including the alternative minimum tax imposed by Section 1017 of the Puerto Rico Internal Revenue Code of 1994, as amended (the "P.R. Code");

2. The Offered Bonds are exempt from property taxes imposed by the Municipal Property Tax Act of 1991, as amended, and interest thereon is exempt from the municipal license tax imposed by the Municipal License Tax Act of 1974, as amended;

3. The transfer of the Offered Bonds by (i) gift will not be subject to gift tax under the P.R. Code in the case of donors who are residents of Puerto Rico at the time the gift is made, (ii) death will not be subject to estate tax under the P.R. Code in the case of a decedent who at the time of death was (x) a resident of Puerto Rico and (y) a United States citizen who acquired such citizenship solely by reason of birth or residence in Puerto Rico, and (iii) any means will not be subject to Puerto Rico sales and use taxes;

4. Gain recognized from the sale or exchange of an Offered Bond will be subject to income tax under the P.R. Code to taxpayers subject to Puerto Rico income tax on such gains, including individuals residing in Puerto Rico and corporations and partnerships organized under the laws of Puerto Rico;

5. The Offered Bonds will be considered an obligation of an instrumentality of Puerto Rico for purposes of (i) the non-recognition of gain rules of Section 1112(f)(2)(A) of the P.R. Code applicable to certain involuntary conversions and (ii) the exemption from the surtax imposed by Section 1102 of the P.R. Code available to corporations and partnerships that have a certain percentage of their net income invested in obligations of instrumentalities of Puerto Rico and certain other investments; and

6. Interest on the Offered Bonds constitutes "industrial development income" under Section 2(j) of the Puerto Rico Industrial Incentives Act of 1963, the Puerto Rico Industrial Incentives Act of 1978, the Puerto Rico Tax Incentives Act of 1987, and the Puerto Rico Tax Incentives Act of 1998, as amended (collectively, the "Acts"), when received by a holder of a grant of tax exemption issued under any of the Acts that acquired the Offered Bonds with "eligible funds," as such term is defined in the Acts.

The P.R. Code does not provide rules with respect to the treatment of the excess, if any, of the amount due at maturity of a Bond over its initial offering price (the "Accretion Amount"). Under the current administrative practice followed by the Puerto Rico Department of the Treasury, the Accretion Amount is treated as interest.

Prospective owners of the Offered Bonds, including but not limited to financial institutions, should be aware that ownership of the Offered Bonds may result in having a portion of their interest and other expenses attributable to interest on the Offered Bonds disallowed as deductions for purposes of computing the regular tax and the alternative minimum tax for Puerto Rico income tax purposes.

United States Federal Tax Considerations for Puerto Rico Residents

Disclosure pursuant to U. S. Internal Revenue Service Circular No. 230: This tax discussion is not intended or written to be used, and cannot be used by any taxpayer, for purposes of avoiding penalties that may be imposed on the taxpayer by the Internal Revenue Service. This tax discussion was written in connection with the promotion or marketing of the Offered Bonds. Each prospective purchaser of the Offered Bonds should seek tax advice from an independent tax advisor based on its particular circumstances.

The following is a general discussion of the anticipated material federal income tax consequences of the purchase, ownership and disposition of the Offered Bonds. This discussion does not address the tax consequences to persons other than initial purchasers who are Puerto Rico U.S. Holders (as defined below), and a Puerto Rico Corporation (as defined below) that hold their Offered Bonds as capital assets within the meaning of Section 1221 of the United States Internal Revenue Code, as amended (the “Code”) and it does not address all of the tax consequences relevant to investors that are subject to special treatment under the United States federal income tax laws (such as life insurance companies, retirement plans, regulated investment companies, persons who hold transition bonds as part of a “straddle,” a “hedge” or a “conversion transaction,” persons that have a “functional currency” other than the U.S. dollar, investors in pass-through entities and tax-exempt organizations). This summary also does not address the consequences to holders of the Offered Bonds under state, local or foreign tax laws.

As used herein, the term “Puerto Rico U.S. Holder” means a Puerto Rico individual that is an individual who is a bona fide resident of Puerto Rico, within the meaning of Section 937 of the Code, during the entire taxable year. As used herein, the term “Puerto Rico Corporation” means a corporation organized under the laws of the Commonwealth of Puerto Rico.

Interest on the Offered Bonds. Interest on the Offered Bonds received by, or “original issue discount” (within the meaning of the Code) accrued to, an individual who is a Puerto Rico U. S. Holder during the entire taxable year in which such interest is received or “original issue discount” is accrued will constitute gross income from sources within Puerto Rico and, therefore, is excludable from gross income for purposes of the Code pursuant to section 933(1) thereof.

Interest on the Offered Bonds received by, or “original issue discount” (within the meaning of the Code) accrued to, a Puerto Rico Corporation, is not subject to income taxation under the Code provided such interest or “original issue discount” is not effectively connected, or treated as effectively connected, with or attributable to the conduct of a trade or business within the United States by such corporation and such corporation is not treated as a domestic corporation for purposes of the Code.

Sale or Retirement of Offered Bonds. In general, pursuant to the provisions of Section 1.937-2 of the Regulations issued under the Code, the source of the income from the disposition of personal property by a Puerto Rico U.S. Holder shall be determined under the rules of Section 865 of the Code. Accordingly, the gain on the sale or exchange of the Offered Bonds (excluding “original issue discount” under the Code as of the date of the sale or exchange), recognized by a Puerto Rico U.S. Holder will constitute Puerto Rico source income and, therefore, qualify for the income exclusion under in Section 933(1) of the Code, provided, (i) that such Offered Bonds do not constitute inventory in the hands of such individual, and (ii) the Puerto Rico U.S. Holder was a bona fide resident of Puerto Rico for the 10 years preceding the year of the gain. The regulations provide a special rule under which a Puerto Rico U.S. Holder who was not a resident of Puerto Rico for the entire 10 year period preceding the year of the gain may elect to treat the portion of the gain attributable to the period of Puerto Rico residency as Puerto Rico source income excludable under Section 933(1) of the Code.

A Puerto Rico Corporation generally will not be subject to income or withholding tax under the Code on a gain realized on the sale or exchange of the Offered Bonds, provided such gain is not effectively connected or treated as effectively connected with the conduct by the Puerto Rico Corporation of a trade or business in the United States and such corporation is not treated as a domestic corporation for purposes of the Code.

The opinion of Special Puerto Rico Tax Counsel regarding the tax consequences under Puerto Rico law and the Code arising from ownership of, receipt or accrual of interest on, or disposition of the Offered Bonds is limited to the above. Special Puerto Rico Tax Counsel does not express any opinion as to the laws of jurisdictions other than Puerto Rico and the United States federal laws applicable to Puerto Rico, or as to any other laws of any other jurisdiction or compliance therewith by any party.

Backup Withholding

Backup withholding of United States federal income tax may apply to payments made in respect of the Offered Bonds to registered owners who are not “exempt recipients” and who fail to provide certain identifying information (such as the registered owner’s taxpayer identification number) in the required manner. Generally, individuals are not exempt recipients, whereas corporations and certain other entities generally are exempt recipients. Payments made in respect of the Offered Bonds to a Puerto Rico U.S. Holder must be reported to the IRS, unless the Puerto Rico U.S. Holder is an exempt recipient or establishes an exemption. A Puerto Rico U.S. Holder can obtain a complete exemption from the backup withholding tax by filing Form W-9 (Payer’s Request for Taxpayer Identification Number and Certification).

Any amounts withheld under the backup withholding rules from a payment to a beneficial owner would be allowed as a refund or a credit against such beneficial owner’s United States federal income tax provided the required information is furnished to the IRS.

The United States Treasury Department has recently published the General Explanation of the Administration’s Fiscal Year 2010 Revenue Proposals (the “Green Book”). Said proposals include extending the information reporting requirement to payments of interest to corporations in excess of \$600 per calendar year and requiring backup withholding in certain circumstances not currently contemplated in the Code. As of this date, no bills have been filed at the United States Congress to adopt these proposals.

Prospective owners of the Offered Bonds should also be aware that the Code provides special rules for the taxation of shareholders of foreign corporations that qualify as “controlled foreign corporations,” “personal holding companies,” or “passive foreign investment companies,” as such terms are defined by the Code.

Build America Bonds

The Series 2010D Bonds will be issued as “Build America Bonds” and the Corporation will elect to receive cash subsidy payments from the United States Treasury equal to thirty-five percent (35%) of the interest payable by the Corporation on the Series 2010D Bonds. Under no circumstances will the owners of the Series 2010D Bonds be entitled to a credit against the taxes imposed by the Code. Prospective owners of the Series 2010D Bonds who are not Puerto Rico U.S. Holders should consult their own independent tax advisors regarding the tax consequences of owning the Series 2010D Bonds.

The Series 2010E Bonds will be issued as “Build America Bonds” that are “Recovery Zone Economic Development Bonds” and the Corporation will elect to receive cash subsidy payments from the United States Treasury equal to forty-five percent (45%) of the interest payable by the Corporation on the Series 2010E Bonds. Under no circumstances will the owners of the Series 2010E Bonds be entitled to a credit against the taxes imposed by the Code. Prospective owners of the Series 2010E Bonds who are not Puerto Rico U.S. Holders should consult their own independent tax advisors regarding the tax consequences of owning the Series 2010E Bonds.

No Opinion as to Exclusion under Section 103(a) of the Code

The Corporation has determined, based on the advice of counsel, that interest on the Offered Bonds is not excludable from gross income for federal income tax purposes under Section 103(a) of the United States Internal Revenue Code. As a result, the Offered Bonds are not being sold in the United States tax-exempt municipal market, but are being sold exclusively in Puerto Rico. Special Puerto Rico Tax Counsel is not

opining as to the status of the Offered Bonds for purposes of Section 103(a) of the United States Internal Revenue Code.

RATINGS

The Offered Bonds have been assigned ratings of “A+” by Standard & Poor’s Ratings Services (“S&P”), “A1” by Moody’s Investors Service (“Moody’s), and “A+” by Fitch Ratings (“Fitch”). These ratings only reflect the respective opinions of such rating agencies.

In April 2010, Moody’s and Fitch began to recalibrate their ratings of certain U.S. municipal bond issues and issuers in order to enhance the comparability of credit ratings across their portfolio of rated securities. As a result of this recalibration, the Corporation’s First Subordinate Bonds are now rated “A1” instead of “A2” by Moody’s with a stable outlook and “A+” instead of “A” by Fitch with a stable outlook. This recalibration, however, does not reflect an improvement in the credit quality or a change in Moody’s or Fitch’s opinion of the Corporation’s credit quality. The recalibration is just an adjustment to denote a comparable level of credit risk as ratings in other sectors.

Any explanation of the significance of such ratings must be obtained from the respective rating agency. There is no assurance that any such rating will continue in effect for any period or that any such rating will not be revised or withdrawn entirely by any such rating agency if, in its judgment, circumstances so warrant. Any such downgrade revision or withdrawal of such rating or ratings may have an adverse effect on the market prices of the Offered Bonds. A securities rating is not a recommendation to buy, sell, or hold securities. Each security rating should be evaluated independently of any other security rating. For an explanation of the limitations inherent in ratings, See *“Limited Nature of Ratings; Reductions, Suspension or Withdrawal of Ratings”* under RISK FACTORS. The Resolution does not include a covenant by the Corporation to maintain a specific rating with respect to outstanding Bonds or Obligations.

LEGALITY FOR INVESTMENT

The Offered Bonds will be eligible for deposit by banks in the Commonwealth to secure public funds and will be approved investments for insurance companies to qualify them to do business in the Commonwealth, as required by law.

UNDERWRITING

The Underwriters have jointly and severally agreed, subject to certain conditions, to purchase from the Corporation the Offered Bonds described on the inside cover page of this Official Statement at an aggregate purchase price of \$178,996,156.12 reflecting an underwriters’ discount of \$3,193,843.88, and to reoffer such Offered Bonds at the public offering prices or yields derived from such prices set forth on the inside cover page hereof. Such Offered Bonds may be offered and sold to certain dealers (including dealers depositing such Offered Bonds into investment trusts) at prices lower or yields higher than such public offering prices or yields, and such prices or yields may be changed, from time to time, by the Underwriters. The Underwriters’ obligations are subject to certain conditions precedent, and they will be obligated to purchase all such Offered Bonds if any Offered Bonds are purchased.

Santander Securities Corporation (“SSC”) and Merrill Lynch, Pierce, Fenner & Smith Incorporated (“Merrill”) have entered into an agreement pursuant to which they will provide services and advice to each other related to the structuring and execution of certain municipal finance transactions for the Commonwealth’s governmental entities in the global capital markets and in the United States market and in the Puerto Rico market if issued in connection with such global or U.S. issuances. SSC and Merrill will be entitled to receive a portion of each other’s revenues from the underwriting of the Offered Bonds as consideration for their professional services.

LEGAL MATTERS

All legal matters incident to the authorization, issuance, sale and delivery of the Offered Bonds are subject to the approval of Nixon Peabody LLP, New York, New York, Bond Counsel to the Corporation. The issuance of the Offered Bonds is conditioned upon the delivery on the date of issuance of the approving opinion of Bond Counsel to the Corporation. Pietrantoní Méndez & Alvarez LLP, San Juan, Puerto Rico will pass upon certain legal matters for the Underwriters and will act as Special Puerto Rico Tax Counsel. The proposed form of opinions of Nixon Peabody LLP, New York, New York, Bond Counsel, and Pietrantoní Méndez & Alvarez LLP, San Juan, Puerto Rico, Special Puerto Rico Tax Counsel, are set forth as *Appendix C* and *Appendix D*, respectively, to this Official Statement.

CONTINUING DISCLOSURE

To the extent that Rule 15c2-12 (the “Rule”) of the Securities and Exchange Commission (“SEC”) promulgated under the Securities Exchange Act of 1934, as amended (the “1934 Act”), requires underwriters (as defined in the Rule) to determine, as a condition to purchasing the Offered Bonds, that the Corporation will make such covenants, the Corporation will covenant as follows:

The Corporation shall provide:

(a) within 305 days after the end of each Fiscal Year, to the Electronic Municipal Market Access system (“EMMA”) (<http://emma.msrb.org>) established by the Municipal Securities Rulemaking Board (the “MSRB”), (i) the Corporation’s audited financial statements, (ii) information regarding actual receipts of the Pledged Sales Tax received by the Corporation, and (iii) such narrative explanation as may be necessary to avoid misunderstanding and to assist the reader in understanding the presentation of such information; and

(b) in a timely manner, to the MSRB through EMMA, notice of any of the following events with respect to the Bonds, if, in the judgment of the Corporation or its agent, such event is material: (1) principal and interest payment delinquencies; (2) non-payment related defaults; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions or events affecting the tax-exempt status of the Offered Bonds; (7) modifications to rights of security holders; (8) bond calls; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Offered Bonds; (11) rating changes; and (12) failure by the Corporation to comply with clause (a) above.

Events (4) and (5) above are included pursuant to a letter from the SEC staff to the National Association of Bond Lawyers, dated September 19, 1995. With respect to the following events:

Event (4) and (5). The Corporation does not undertake to provide any notice with respect to credit enhancement added after the primary offering of the Offered Bonds, unless the Corporation applies for or participates in obtaining the enhancement.

Event (6). For information on the tax status of the Offered Bonds, see TAX MATTERS.

Event (8). The Corporation does not undertake to provide notice of a mandatory scheduled redemption not otherwise contingent upon the occurrence of an event if (i) the terms, dates and amounts of redemption are set forth in detail in this Official Statement under “*Redemption*” under THE BONDS above, (ii) the only open issue is which Offered Bonds will be redeemed in the case of a partial redemption, (iii) notice of redemption is given to the Beneficial Owners as required under the terms of the Offered Bonds, (iv) public notice of the redemption is given pursuant to the Release Number 34-23856 of the SEC under the 1934 Act, even if the originally scheduled amounts are reduced by prior optional redemptions or bond purchases.

The Corporation may from time to time choose to provide notice of the occurrence of certain other events in addition to those listed above if, in the judgment of the Corporation, such other event is material with

respect to the Offered Bonds, but the Corporation does not undertake to provide any such notice of the occurrence of any material event except those events listed above.

No Beneficial Owner may institute any suit, action or proceeding at law or in equity (“Proceeding”) for the enforcement of the continuing disclosure undertaking (the “Undertaking”) or for any remedy for breach thereof, unless such Beneficial Owner shall have filed with the Corporation evidence of ownership and a written notice of and request to cure such breach, the Corporation shall have refused to comply within a reasonable time and such Beneficial Owner stipulates that (a) no challenge is made to the adequacy of any information provided in accordance with the Undertaking and (b) no remedy is sought other than substantial performance of the Undertaking. All Proceedings shall be instituted only as specified herein, in any Commonwealth court located in the Municipality of San Juan, Puerto Rico, and for the equal benefit of all beneficial owners of the outstanding bonds benefited by the same or a substantially similar covenant, and no remedy shall be sought or granted other than specific performance of the covenant at issue.

An amendment to the Undertaking may only take effect if:

(a) the amendment is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the Corporation, or type of business conducted; the Undertaking, as amended, would have complied with the requirements of the Rule at the time of award of a series of bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and the amendment does not materially impair the interests of Beneficial Owners of bonds, as determined by parties unaffiliated with the Corporation (such as, but without limitation, the Corporation’s financial advisor or bond counsel); or

(b) all or any part of the Rule, as interpreted by the staff of the SEC at the date of the issue of a series of bonds ceases to be in effect for any reason, and the Corporation elects that the Undertaking shall be deemed terminated or amended (as the case may be) accordingly.

For purposes of the Undertaking, a beneficial owner of a bond includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares investment power which includes the power to dispose, or to direct the disposition of, such bond, subject to certain exceptions as set forth in the Undertaking. Any assertion of beneficial ownership must be filed, with full documentary support, as part of the written request described above.

The Corporation became obligated to make annual disclosure of certain financial information in accordance with the Rule in an offering that took place in 2007. The Corporation has been in compliance with its continuing disclosure obligations each year in accordance with the Rule.

GOVERNMENT DEVELOPMENT BANK FOR PUERTO RICO

As provided by Act No. 272 of the Legislature of the Commonwealth, approved May 15, 1945, as amended, Government Development Bank has acted as financial advisor to the Corporation in connection with the Offered Bonds offered hereby. As financial advisor, Government Development Bank participated in the selection of the Underwriters of the Offered Bonds. Certain of the Underwriters have been selected by Government Development Bank to serve from time to time as underwriters of its obligations and the obligations of the Commonwealth, its instrumentalities and public corporations. Certain of the Underwriters or their affiliates participate in other financial transactions with Government Development Bank. Government Development Bank is an intended beneficiary of some of the Authorized Uses to be funded with proceeds of the Offered Bonds.

COMMONWEALTH OF PUERTO RICO ECONOMIC INFORMATION

The information below provides certain general economic data about the Commonwealth, particularly data relating to those indicators of economic activity which correlate most closely with the level of consumption of goods and services in the Commonwealth and, thus, the level of Commonwealth Sales Tax revenues. This summary does not purport to discuss all of the variables which may impact the level of Commonwealth Sales Tax revenues. The data in this section is provided as a general indication of prior levels of consumption and the economic activity that is generally understood to drive consumption but is not intended to provide a basis for predicting the future performance of taxable retail sales or the Commonwealth Sales Tax.

General

According to the United States Census Bureau, the population of Puerto Rico was 3,808,610 in 2000 (3,967,179 as of July 1, 2009 according to the most recent U.S. Census Bureau estimate), compared to 3,522,000 in 1990. As of 2000, the population of San Juan, the island's capital and largest city, was 434,374 (420,326 as of July 1, 2009 according to the most recent U.S. Census Bureau estimate).

The economy of Puerto Rico is closely linked to the United States economy, as most of the external factors that affect the Puerto Rico economy (other than oil prices) are determined by the policies and performance of the mainland economy. These external factors include exports, direct investment, the amount of federal transfer payments, the level of interest rates, the rate of inflation, and tourist expenditures.

Puerto Rico's economy is currently in a recession that began in the fourth quarter of fiscal year 2006, a fiscal year in which the real gross national product grew by only 0.5%. For fiscal years 2007 and 2008, Puerto Rico's real gross national product contracted by 1.2% and 2.8%, respectively. For fiscal year 2009, preliminary reports indicate that the real gross national product contracted by 3.7%. In March 2010, the Puerto Rico Planning Board (the "Planning Board") announced that it was projecting a contraction of 3.6% in real gross national product for fiscal year 2010 and an increase of 0.4% in real gross national product for fiscal year 2011.

The economic indicators which correlate most closely with the level of sales of goods and services in the Commonwealth are gross national product ("GNP") and personal consumption expenditures. Personal income is also indicative of the level of sales of goods and services in the Commonwealth. These factors, in turn, are affected by other variables such as the price of oil and employment rates, among others. These factors are the indicators utilized by the Commonwealth to make projections of Commonwealth Sales Tax revenues.

Personal Income

Nominal personal income, both aggregate and per capita, has increased consistently from 1947 to 2009. In fiscal year 2009, aggregate personal income was \$59 billion (\$49.9 billion in 2005 prices) and personal income per capita was \$14,905 (\$12,589 in 2005 prices). Personal income includes transfer payments to individuals in Puerto Rico under various social programs. Total U.S. federal transfer payments to individuals amounted to \$13.1 billion in fiscal year 2009 (\$12.2 billion in fiscal year 2008). Entitlements for previously performed services or resulting from contributions to programs such as Social Security, Veterans' Benefits, Medicare, and U.S. Civil Service retirement pensions were \$10 billion, or 76% of the transfer payments to individuals in fiscal year 2009 (\$9.3 billion, or 73.9%, in fiscal year 2008). The remainder of the federal transfers to individuals is represented by grants, mostly concentrated in the Nutritional Assistance Program (Food Stamps) and Pell Grant scholarships (higher education).

The following table shows the personal income for the five fiscal years ended June 30, 2009.

Personal Consumption

During Fiscal Year 2009, at current prices, personal consumption amounted to \$55.6 billion, representing an increase of \$1 billion, or 1.8%, from Fiscal Year 2008. This increase was based on a 1.5% increase in nondurable goods (40% of personal consumption), 4.2% decrease in durable goods (9% of personal consumption), and 3.2% increase in services (51% of personal consumption). At constant 2005 prices, personal consumption decreased 2.4% from Fiscal Year 2008. These figures are characteristic of an economy in recession, where the most affected category is durable goods.

The following table shows personal consumption expenditures by product for the five fiscal years ended June 30, 2009.

Gross National Product

The dominant sectors of the Puerto Rico economy in terms of production and income are manufacturing and services. The manufacturing sector has undergone fundamental changes over the years as a result of increased emphasis on higher-wage, high-technology industries, such as pharmaceuticals, biotechnology, computers, microprocessors, professional and scientific instruments, and certain high technology machinery and equipment. The service sector, which includes finance, insurance, real estate, wholesale and retail trade, transportation, communications and public utilities, and other services, plays a major role in the economy. It ranks second to manufacturing in contribution to gross domestic product and leads all sectors in providing employment.

The following table shows the gross national product for the five fiscal years ended June 30, 2009.

Since the 1950s, the Planning Board has prepared a complete set of macroeconomic measures like those prepared for the United States by the Bureau of Economic Analysis (“BEA”) of the Department of Commerce, as part of the National Income and Product Accounts (“NIPA”). In contrast with BEA, which computes the economic accounts on a quarterly basis, the Planning Board computes Puerto Rico’s NIPA on an annual basis. Like BEA, the Planning Board revises its statistics on a regular basis. The Planning Board classifies its statistics as preliminary until they are revised and made final in conjunction with the release of new data each year. Thus, all macroeconomic accounts for fiscal year 2009 shown in this Appendix are preliminary until the revised figures are released and the forecast for fiscal year 2010 is revised. Certain information regarding current economic activity is, however, available in the form of the Government Development Bank – Economic Activity Index, a coincident indicator of ongoing economic activity. This index, shown in the table below and published by Government Development Bank for Puerto Rico (“GDB”) since October 2009, is composed of several variables (total payroll employment based on the Establishment Survey, total electric power consumption, cement sales and consumption of gasoline) that provide for an index that highly correlates to Puerto Rico’s real gross national product.

As the following graph shows, the month-to-month reduction in the Government Development Bank – Economic Activity Index has begun to stabilize.

Economic Forecast for Fiscal Years 2010 and 2011

On March 10, 2010, the Planning Board released its revised gross national product forecast for fiscal year 2010 and its gross national product forecast for fiscal year 2011. The Planning Board revised its gross national product forecast for fiscal year 2010 from a projected growth of 0.7% to a contraction of 3.6%, both in constant dollars. The Planning Board’s revised forecast for fiscal year 2010 took into account the estimated effects on the Puerto Rico economy of the Government’s fiscal stabilization plan and the activity expected to be generated from the Government’s local stimulus package. The revised forecast also considered the effect on the Puerto Rico economy of general and global economic conditions, the U.S. economy, the volatility of oil prices, interest rates and the behavior of local exports, including expenditures by visitors. The Planning Board’s forecast for fiscal year 2011 projects an increase in gross national product of 0.4% in constant dollars. The forecast, however, did not take into account the activity expected to be generated from funds received or expected to be received by the American Recovery and Reinvestment Act of 2009 (“ARRA”). The Planning Board’s forecast for fiscal year 2011 took into account the estimated effect of the projected growth of the U.S. economy, tourism activity, personal consumption expenditures, federal transfers to individuals and the acceleration of investment in construction due to the Government’s local stimulus package and the establishment of public-private partnerships.

Fiscal Year 2009

The Planning Board’s preliminary reports on the performance of the Puerto Rico economy for fiscal year 2009 indicate that real gross national product decreased 3.7% (an increase of 2.0% in current dollars) over fiscal year 2008. Nominal gross national product was \$62.8 billion in fiscal year 2009 (\$50 billion in 2005 prices), compared to \$61.5 billion in fiscal year 2008 (\$51.9 billion in 2005 prices). Aggregate

personal income increased from \$55.6 billion in fiscal year 2008 (\$49 billion in 2005 prices) to \$59 billion in fiscal year 2009 (\$49.9 billion in 2005 prices), and personal income per capita increased from \$14,080 in fiscal year 2008 (\$12,410 in 2005 prices) to \$14,905 in fiscal year 2009 (\$12,589 in 2005 prices).

According to the Household Survey, total employment for fiscal year 2009 averaged 1,168,200, a decrease of 4.1% from the previous fiscal year. The unemployment rate for fiscal year 2009 was 13.4%, an increase from 11% for fiscal year 2008.

Among the variables contributing to the decrease in gross national product was the continuous contraction of the manufacturing and construction sectors. Due to the Commonwealth's dependence on oil for power generation and gasoline (in spite of its recent improvements in power-production diversification), the high level of oil prices accounted for an increased outflow of local income in fiscal year 2008. Although the situation improved significantly during fiscal year 2009, oil prices remained at relatively high levels and the impact of the increases of previous years were still felt in fiscal year 2009. The current difficulties associated with the financial crisis resulted in lower short-term interest rates, but this did not translate into a significant improvement in the construction sector due to the high level of inventory of residential housing units.

Fiscal Year 2008

The Planning Board's reports on the performance of the Puerto Rico economy for fiscal year 2008 indicate that real gross national product decreased 2.8% (an increase of 3.4% in current dollars) over fiscal year 2007. Nominal gross national product was \$61.5 billion in fiscal year 2008 (\$51.9 billion in 2005 prices), compared to \$59.5 billion in fiscal year 2007 (\$53.4 billion in 2005 prices). Aggregate personal income increased from \$52.1 billion in fiscal year 2007 (\$48.5 billion in 2005 prices) to \$55.6 billion in fiscal year 2008 (\$49 billion in 2005 prices), and personal income per capita increased from \$13,244 in fiscal year 2007 (\$12,319 in 2005 prices) to \$14,080 in fiscal year 2008 (\$12,410 in 2005 prices). The significant increase in personal income in fiscal year 2008 is due in part to the tax rebate program implemented by the Bush Administration during that fiscal year.

According to the Household Survey, total employment for fiscal year 2008 averaged 1,217,500, a decrease of 3.6% compared to 1,262,900 for fiscal year 2007. At the same time, the unemployment rate for fiscal year 2008 was 11.0%, an increase from 10.4% for fiscal year 2007.

Among the variables contributing to the decrease in gross national product were the continuous contraction of the manufacturing and construction sectors, as well as the current contraction of U.S. economic activity. Furthermore, the decline in Puerto Rico's gross national product was not offset by the federal tax rebates due to the high levels of oil prices during fiscal year 2008. The dramatic increase to record levels in the price of oil and its derivatives (such as gasoline) during that period served to reduce the income available for other purchases and, thereby, negatively affected domestic demand. Due to the Commonwealth's dependence on oil for power generation and gasoline (in spite of its recent improvements in power-production diversification), the high level of oil prices accounted for an increased outflow of local income in fiscal year 2008. The current difficulties associated with the financial crisis resulted in lower short-term interest rates, but this did not translate into a significant improvement in the construction sector.

Fiscal Year 2007

The Planning Board's reports on the performance of the Puerto Rico economy during fiscal year 2007 indicate that the real gross national product fell by 1.2%. Nominal gross national product was \$59.5 billion (\$53.4 billion in 2005 prices), compared to \$56.7 billion in fiscal year 2006 (\$54.0 billion in 2005 prices). This represents an increase in nominal gross national product of 4.9%. Aggregate personal income was \$52.1 billion in fiscal year 2007 (\$48.5 billion in 2005 prices), as compared to \$50.8 billion in fiscal year

2006 (\$48.5 billion in 2000 prices), and personal income per capita was \$13,244 in fiscal year 2007 (\$12,319 in 2005 prices), as compared to \$12,970 in fiscal year 2006 (\$12,382 in 2005 prices).

According to the Household Survey, total employment for fiscal year 2007 averaged 1,262,900, an increase of 0.8% compared to 1,266,300 for fiscal year 2006. This increase in employment was driven by self-employment. The unemployment rate for fiscal year 2007 was 10.4%, a decrease from 11.0% for fiscal year 2006.

Overview of Fiscal Condition

Fiscal Condition

Structural Budget Imbalance. Since 2000, the Commonwealth has experienced a structural imbalance between recurring government revenues and expenditures. The structural imbalance was exacerbated during fiscal years 2008 and 2009, with recurring government expenditures significantly exceeding recurring revenues.

Prior to fiscal year 2009, the government bridged the deficit resulting from the structural imbalance through the use of non-recurring measures, such as borrowing from GDB or in the bond market, postponing the payment of various government expenses, such as payments to suppliers and utilities providers, and other one time measures such as the use of derivatives and borrowings collateralized with government owned real estate. Since March 2009, the government has taken multiple steps to address and resolve this structural imbalance.

For fiscal year 2009, the estimated deficit was approximately \$3.490 billion, consisting of the difference between preliminary revenues (without taking into account a one time accounting adjustment related to the sales and use tax) and estimated expenses for such fiscal year. The estimated deficit is projected to be less than \$2.5 billion for fiscal year 2010 and approximately \$1.0 billion for fiscal year 2011, as discussed below. The administration projects it will eliminate the deficit by fiscal year 2013.

Results for Fiscal Year 2009. Total preliminary General Fund revenues for fiscal year 2009 were \$7.673 billion, representing a decrease of \$686 million, or 8.2%, from fiscal year 2008 revenues and an increase of \$73 million, or 1.0%, over the \$7.6 billion revised estimate presented by the administration in February 2009. Total expenses for fiscal year 2009 were approximately \$11.250 billion, consisting of budgeted General Fund expenditures of \$9.484 billion and approximately \$1.766 billion of additional non-budgeted expenses. The difference between preliminary General Fund revenues and total expenses for fiscal year 2009 was principally paid from proceeds of Puerto Rico Sales Tax Financing Corporation (“COFINA” by its Spanish-language acronym) bond issues pursuant to the fiscal stabilization plan described below.

Preliminary Results for Fiscal Year 2010 (First Ten Months). Preliminary General Fund revenues for the first ten months of fiscal year 2010 (from July 2009 through April 2010) were \$6.281 billion, a decline of \$253.8 million, or 3.9%, from the \$6.535 billion of revenues for the same period in the prior fiscal year and a decline of \$88 million, or 1.4%, from budgeted revenues of \$6.370 billion for the first ten months of fiscal year 2010. As budgeted, the decline in General Fund revenues reflects the reduction in General Fund revenues from the sales and use tax as a result of the allocation of a larger portion of such tax to COFINA (amounting to \$353.8 million for the first ten months of fiscal year 2010), and the continuing impact of the ongoing economic recession, partly offset by the effect of the temporary and permanent revenue raising measures implemented as part of the fiscal stabilization plan described below (including \$213.4 million in additional property taxes for the first ten months of fiscal year 2010). If the additional allocation to COFINA and additional property taxes are not taken into account, the reduction in General Fund revenues would have been \$99 million, or 1.6%. The estimated General Fund revenues for fiscal year 2010 remain, as budgeted, at \$7.670 billion.

Budgeted expenditures for fiscal year 2010 amount to \$10.170 billion, consisting of \$7.670 billion of budgeted General Fund expenditures and approximately \$2.5 billion of additional expenditures to be covered from COFINA bond issues, as part of a multi-year fiscal stabilization plan to achieve fiscal balance (see “Fiscal Stabilization Plan” below).

Fiscal Stabilization Plan. In January 2009, the administration, which controls the Executive and Legislative branches of government, began to implement a multi-year plan designed to achieve fiscal balance, restore sustainable economic growth and safeguard the investment-grade ratings of the Commonwealth. The fiscal stabilization plan, which was generally contained in Act No. 7 of March 9, 2009, as amended (“Act No. 7”), sought to achieve budgetary balance on or before fiscal year 2013, while addressing expected fiscal deficits in the intervening years through the implementation of a number of initiatives, including: (i) a gradual \$2 billion operating expense-reduction plan through reduction of operating expenses, including payroll, which is the main component of government expenditures, and the reorganization of the Executive Branch; (ii) a combination of temporary and permanent revenue raising measures, coupled with additional tax enforcement measures; and (iii) a bond issuance program through COFINA. The proceeds from the COFINA bond issuance program were and will be used to repay existing government debt (including debts with GDB), finance operating expenses for fiscal years 2009 through 2011 (and for fiscal year 2012, to the extent included in the government’s annual budget for such fiscal year), including costs related to the implementation of a workforce reduction plan, and fund an economic stimulus plan, as described below. During fiscal year 2010, the administration began to design a comprehensive reform of the tax system (that it expects to adopt during fiscal year 2011) and to implement a long-term economic development plan, both of which are designed to complement the short-term economic reconstruction and supplemental stimulus initiatives described below.

As of April 30, 2010, the administration had implemented measures that are expected to result in annual savings of approximately \$900 million.

Government Reorganization Plan. The administration has also taken the first steps to reorganize and modernize the Executive Branch. On December 11, 2009, the Governor signed Act No. 182 that seeks to reduce the number of government agencies and operational expenditures. On April 13, 2010, the administration submitted to the Legislative Assembly a bill proposing a referendum to amend the Constitution in order to restructure the Legislative Assembly by reducing the number of legislators. If the bill is approved, the referendum would be held on or prior to May 1, 2011 and any amendments to the Constitution approved in such referendum would take effect with respect to the Legislative Assembly to be installed on January 2, 2013.

Unfunded Pension Benefit Obligations and Cash Flow Deficits of the Retirement Systems. One of the challenges every administration has faced during the past 20 years is how to address the growing unfunded pension benefit obligations and cash flow deficits of the three government retirement systems that are funded principally with government appropriations. As of June 30, 2009, the total unfunded accrued actuarial liability for the three retirement systems was \$23.9 billion and the expected aggregate cash flow deficit for fiscal year 2010 was \$640 million.

In February 2010, the Governor of Puerto Rico established a special commission to make recommendations for improving the financial solvency of the retirement systems. The Commission is expected to submit a report to the Governor by the end of the first quarter of fiscal year 2011.

Economic Reconstruction Plan

In fiscal year 2009, the administration began to implement a short-term economic reconstruction plan. The cornerstone of this plan was the implementation of federal and local economic stimulus programs. Puerto Rico has been awarded approximately \$6.5 billion in stimulus funds under the ARRA program, which was enacted by the U.S. government to stimulate the U.S. economy in the wake of the global economic

downturn. Approximately \$3.3 billion of the ARRA funds is allocated for consumer and taxpayer relief and the remainder will be used to expand unemployment and other social welfare benefits, and spending in education, healthcare and infrastructure, among others. As of April 23, 2010, Puerto Rico has disbursed \$2.8 billion in ARRA funds, or 43% of awarded funds.

The administration has complemented the federal stimulus package with additional short and medium-term supplemental stimulus measures that seek to address local economic challenges and provide investment in strategic areas. These measures included a local \$500 million economic stimulus plan to supplement the federal plan.

Economic Development Plan

The administration has also developed the *Strategic Model for a New Economy*, which is a comprehensive long-term economic development plan aimed at improving Puerto Rico's overall competitiveness and business environment and increasing private-sector participation in the Puerto Rico economy. As part of this plan, the administration enacted Act No. 161 of December 1, 2009, which overhauled the permitting and licensing process in Puerto Rico in order to provide for a leaner and more efficient process that fosters economic development. The administration also proposes to (i) strengthen the labor market and encourage greater labor-force participation by bringing out-of-date labor laws and regulations in line with U.S. and international standards, (ii) adopt a new energy policy that seeks to lower energy costs and reduce energy-price volatility by reducing Puerto Rico's dependence on fuel oil and the promotion of diverse, renewable-energy technologies, and (iii) adopt a comprehensive tax reform that takes into account the Commonwealth's current financial situation. In February 2010, the Governor named a committee to review the Commonwealth's tax system and propose a tax reform. The committee's report is due by September 2010 and the administration plans to file tax reform legislation during the immediately following legislative session.

In addition, to further stimulate economic development and cope with the fiscal crisis, on June 8, 2009, the Legislative Assembly approved Act No. 29 establishing a clear public policy and legal framework for public-private partnerships to finance and develop infrastructure projects and operate and manage certain public assets. The administration is currently evaluating and expects to commence procurement for eight public-private partnership priority projects during fiscal year 2011.

The administration has also identified strategic initiatives to promote economic growth in various sectors of the economy where the Commonwealth has competitive advantages and several strategic/regional projects aimed at fostering balanced economic development throughout the Island. These projects, some of which are ongoing, include the development of a trans-shipment port and tourism and urban redevelopment projects.

Recalibration of Ratings of Commonwealth General Obligation Bonds

On April 19, 2010, Moody's Investors Service ("Moody's") announced the results of the recalibration of certain U.S. municipal bond issues and issuers in order to enhance the comparability of credit ratings across its portfolio of rated securities. As a result of this recalibration, the Commonwealth's general obligation debt is now rated "A3" with a stable outlook by Moody's, which is three categories above the previous "Baa3" rating. The administration expects that this recalibration will increase the number of potential investors for the Commonwealth's general obligation bonds and have a positive impact on the Commonwealth's financing costs.

Proposed Fiscal Year 2011 Budget

On April 26, 2010, the Governor submitted to the Legislative Assembly a proposed budget for fiscal year 2011. The proposed budget provides for total General Fund revenues of \$8.195 billion, compared to

estimated General Fund revenues of \$7.670 billion for fiscal year 2010. The proposed General Fund revenues of \$8.195 billion include base revenues of \$7.645 billion, \$241 million from tax enforcement and compliance measures, and \$89 million of property taxes from the self-appraisal of real property. The proposed General Fund revenues originally included \$220 million from the license fees of video lottery machines, but this measure has been withdrawn. Preparation of the budget is an ongoing process and various proposals are under review to replace these \$220 million. The proposed fiscal year 2011 budget provides for total expenditures of \$9.195 billion, consisting of General Fund expenditures of \$8.195 billion and additional expenditures of \$1.0 billion that are expected to be covered from proceeds of COFINA bond issues, including a \$500 million proposed bond issue during fiscal year 2011. The proposed total expenditures for fiscal year 2011 are \$975 million, or 9.6%, lower than budgeted total expenditures of \$10.170 billion for fiscal year 2010, and \$2.055 billion, or 18.3%, lower than estimated total expenditures of \$11.250 billion for fiscal year 2009.

Employment and Unemployment

The number of persons employed in Puerto Rico during fiscal year 2008 averaged 1,217,500, a 3.6% decrease from 1,262,900 in fiscal year 2007. For fiscal year 2009, the number of persons employed averaged 1,168,200, a decrease of 4.1% compared to previous fiscal year. During the first ten months of fiscal year 2010, total employment averaged 1,106,600, a decline of 5.9% with respect to the same period of the prior year; and the unemployment rate averaged 15.9%.

The following table presents annual statistics of employment and unemployment for fiscal year 2005 through fiscal year 2009, and the average figures for the first ten months of fiscal year 2010. These employment figures are based on the Household Survey, which includes self-employed individuals and agriculture employment, instead of the non-farm, payroll employment survey (the “Payroll Survey”), which does not. The number of self-employed individuals represents around 15% of civilian employment in Puerto Rico, more than double the level in the United States. On the other hand, agriculture employment in Puerto Rico represented 1.2% of total employment in fiscal year 2009.

From fiscal year 2005 to fiscal year 2009, the manufacturing and service sectors generated the largest portion of gross domestic product. The manufacturing, service, and government sectors were the three sectors of the economy that provided the most employment in Puerto Rico.

The following table presents annual statistics of gross domestic product by sector and gross national product for fiscal years 2007 to 2009.

There are numerous conceptual and methodological differences between the Household Survey and the Payroll Survey. The Payroll Survey reflects information collected from payroll records of a sample of business establishments, while the Household Survey is based on responses to a series of questions by persons in a sample of households. The Payroll Survey excludes the self-employed and agricultural employment. Totals may not add due to rounding.

Manufacturing

Manufacturing is the largest sector of the Puerto Rico economy in terms of gross domestic product. The Planning Board figures show that in fiscal year 2009 manufacturing generated \$43.5 billion, or 45.5%, of gross domestic product. During fiscal year 2009, payroll employment for the manufacturing sector was 96,708, a decrease of 7.1% compared with fiscal year 2008. Most of Puerto Rico's manufacturing output is shipped to the U.S. mainland, which is also the principal source of semi-finished manufactured articles on which further manufacturing operations are performed in Puerto Rico. Federal minimum wage laws are applicable in Puerto Rico. For fiscal year 2009, the average hourly manufacturing wage rate in Puerto Rico was approximately 53.8% of the average mainland U.S. rate.

Although the manufacturing sector is less prone to business cycles than the agricultural sector, that does not guarantee the avoidance of the effects of a general downturn of manufacturing on the rest of the economy. In the last three decades, industrial development has tended to be more capital intensive and more dependent on skilled labor. This gradual shift in emphasis is best exemplified by large investments over the

last decade in the pharmaceutical and medical-equipment industries in Puerto Rico. One of the factors encouraging the development of the manufacturing sector had been the tax incentives offered by the federal and Puerto Rico governments. Federal legislation enacted in 1996, however, which amended Section 936 of the U.S. Internal Revenue Code of 1986, as amended (the “U.S. Code”), phased out these federal tax incentives during a ten-year period that ended in 2006. This change has had a long-term impact on local manufacturing activity. See “Tax Incentives—Incentives under the U.S. Code” below.

Total employment in the manufacturing sector decreased by 20,609 from fiscal year 2005 to fiscal year 2009. Manufacturing employment had been declining during the past decade, but the decline accelerated during fiscal years 2002 and 2003, falling 10.6% and 4.8%, respectively. Thereafter, manufacturing employment stabilized around 118,000 jobs, but the acceleration in job losses reappeared in

fiscal year 2006 with the sector experiencing another drop of 4.0%. For fiscal years 2007, 2008 and 2009, manufacturing employment decreased by 4.2%, 3.5% and 7.1%, respectively. For the first ten months of fiscal year 2010, the sector lost an average of 7,600 jobs, or 7.8% compared to the same period of the previous year. Given that this sector used to pay the highest wages, on average, in Puerto Rico, its general downturn has represented a major difficulty for restoring growth for the whole economy. There are several reasons that explain this sector's job shrinkage: the end of the phase-out of the tax benefits afforded by Section 936 of the U.S. Code, the net loss of patents on certain pharmaceutical products, the escalation of manufacturing production costs (particularly labor and electricity), the increased use of job outsourcing, and, currently, the effects of the global economic decline. Puerto Rico's manufacturing sector is facing increased international competition.

Service Sector

Puerto Rico has experienced mixed results in the service sector, which, for purposes of the data set forth below, includes wholesale and retail trade, utilities, transportation and warehousing, information, finance and insurance, real estate and rental, and other services. This sector has expanded in terms of income over the past decade, following the general trend of other industrialized economies, but with differences on the magnitudes of those changes. During the period between fiscal years 2007 and 2009, the gross domestic product in this sector, in nominal terms, increased at an average annual rate of 1.0%, while payroll employment in this sector decreased at an average annual rate of 1.4%. In the Puerto Rico labor market, self-employment, which is not accounted for in the Payroll Survey, represents approximately 15% of total employment according to the Household Survey. Most of the self-employment is concentrated in the service and construction sectors. The development of the service sector has been positively affected by demand generated by other sectors of the economy, such as manufacturing and construction.

The high degree of knowledge, skills, and expertise in professional and technical services available in Puerto Rico places the island in a favorable competitive position with respect to Latin America and other trading countries throughout the world.

The service sector ranks second to manufacturing in its contribution to gross domestic product, and it is the sector with the greatest employment. In fiscal year 2009, the service sector generated \$41.0 billion of gross domestic product, or 42.9% of the total. Wholesale and retail trade, information services, education and health services, professional and business services and real estate and rentals experienced growth in fiscal years 2007 to 2009, as measured by gross domestic product at current prices. Finance and insurance, transportation and warehousing, utilities, and leisure and hospitality experienced contractions in fiscal years 2007 to 2009, as measured by gross domestic product at current prices. From fiscal year 2007 to 2009, gross domestic product increased in the trade sector from \$7.2 billion to \$7.5 billion and in real estate and rentals from \$11.7 billion to \$13.3 billion, and decreased in finance and insurance from \$6.7 billion to \$5 billion.

Service-sector employment decreased from 556,350 in fiscal year 2005 to 545,975 in fiscal year 2009 (representing 55% of total, non-farm, payroll employment). The average service-sector employment for fiscal year 2009 represents a decrease of 2.3% compared to the prior fiscal year. For the first ten months of fiscal year 2010, average service-sector employment was 533,080, a decrease of 2.7% with respect to the same period for the prior fiscal year.

Puerto Rico has a developed banking and financial system. As of March 31, 2010, there were thirteen commercial banks operating in Puerto Rico. Commercial banks in Puerto Rico are generally regulated by the Federal Deposit Insurance Corporation (the "FDIC") or the Board of Governors of the Federal Reserve System and by the Office of the Commissioner of Financial Institutions of Puerto Rico (the "OCFI"). The OCFI reports that total assets of these institutions (excluding assets of units operating as international banking entities) as of March 31, 2010 were \$81.1 billion, as compared to \$86.4 billion as of March 31, 2009. On April 30, 2010, the OCFI closed three of the thirteen commercial banks and the FDIC was named receiver. On the same date, the FDIC entered into loss share purchase and assumption

agreements with three of the other commercial banks with operations in Puerto Rico, providing for the acquisition of most of the assets and liabilities of the closed banks including the assumption of all of the deposits. The administration expects that this consolidation will strengthen the Puerto Rico banking sector.

Broker-dealers in Puerto Rico are regulated by the Financial Industry Regulatory Authority (“FINRA”) and the OCFI and are mainly dedicated to serve investors that are residents of Puerto Rico. According to the OCFI, assets under management by broker-dealers in Puerto Rico totaled \$3.4 billion as of March 31, 2010, up from \$2.8 billion on March 31, 2009. Another relevant component of the financial sector in Puerto Rico is the mutual-fund industry. Local mutual funds are organized as investment companies and recorded assets under management of \$14.4 billion as of March 31, 2010, up from \$13.0 billion as of March 31, 2009 according to the OCFI.

Other components of the financial sector in Puerto Rico include international banking entities (“IBEs”) and credit unions (locally known as *cooperativas*). IBEs are licensed financial businesses that conduct offshore banking transactions. As of March 31, 2010, there were 38 international banking entities (including units of commercial banks) operating in Puerto Rico licensed to conduct offshore banking transactions, with total assets of \$39.8 billion, a decrease from \$61.5 billion in total assets as of March 31, 2009. Meanwhile, credit unions, which tend to provide basic consumer financial services, reached \$7.3 billion in assets as of March 31, 2010, a slight increase from \$6.8 billion as of March 31, 2009.

In addition, there are specialized players in the local financial industry that include mortgage-origination companies and auto and personal finance companies.

Hotels and Related Services—Tourism

During fiscal year 2007, the number of persons registered in tourist hotels, including residents of Puerto Rico and tourists, was 1,792,300, a decrease of 6.8% over the number of persons registered during fiscal year 2006. The average occupancy rate in tourist hotels during fiscal year 2007 was 71.7%, compared to 70.8% in fiscal year 2006. The average number of rooms available in tourist hotels decreased by 6.5% to 10,044 rooms from fiscal year 2006 to fiscal year 2007 as the completion of regular maintenance and rehabilitation of rooms (that normally results in a certain number of rooms being unavailable at any time) took longer to complete than in the past.

For fiscal year 2008, the number of persons registered in tourist hotels, including residents of Puerto Rico and tourists, was 1,744,200, a further decline of 2.7% over the number of persons registered during fiscal year 2007. The average occupancy rate in tourist hotels during fiscal year 2008 was 70.4%, compared to 71.7% in fiscal year 2007. The average number of rooms available in tourist hotels increased by 2.1% to 10,250 rooms from fiscal year 2007 to fiscal year 2008.

During fiscal year 2009, the number of persons registered in tourist hotels, including residents of Puerto Rico and tourists, was 1,708,500, a decrease of 2% over the number of persons registered during the same period of fiscal year 2008. The average occupancy rate in tourist hotels during fiscal year 2009 was 66.2%, a decrease of 5.9% from the prior fiscal year. During fiscal year 2009, the average number of rooms available in tourist hotels increased by 2.1% to 10,467 rooms compared to fiscal year 2008.

In terms of employment figures, this sector has shown a behavior consistent with the local business cycle, accentuated by the contraction of U.S. economic activity. For fiscal year 2009, employment in hotels and other lodging facilities was reduced by 6.7% to 13,300 jobs. For the first ten months of fiscal year 2010, the average decrease was 4.3% with respect to the same period for the prior fiscal year.

The Commonwealth, through the Puerto Rico Convention Center District Authority (“PRCDA”), has developed the largest convention center in the Caribbean, and the centerpiece of a 100-acre, private development, that includes hotels, restaurants, office space, and housing. The convention center district is being developed at a total cost of \$1.3 billion in a public/private partnership effort to improve Puerto Rico’s competitive position in the convention and group-travel segments. The convention center opened on November 17, 2005 and, since its inauguration, the facility has hosted more than 1,000 events accounting for more than 1,000,000 attendees. A 500 room hotel located next to the Convention Center commenced operations at the end of November 2009.

The PRCDA also owns an 18,500-person capacity multipurpose arena, known as the José Miguel Agrelot Coliseum, located in San Juan, Puerto Rico. The coliseum was inaugurated in 2004 and has hosted more than 2.5 million people attending over 400 world-caliber events. The venue has received numerous awards including “Best International Large Venue of the Year” from Pollstar magazine in 2005.

Government

The government sector of Puerto Rico plays an important role in the economy. It promoted the transformation of Puerto Rico from an agricultural economy to an industrial one during the second half of the previous century, providing the basic infrastructure and services necessary for the modernization of the Island.

In fiscal year 2009, the government accounted for \$9.3 billion, or 9.7%, of Puerto Rico's gross domestic product. The government is also a significant employer, employing 285,600 workers (state, including public corporations, and local), or 28.8% of total, non-farm, payroll employment in fiscal year 2009. From fiscal year 2005 to fiscal year 2009, state and municipal government employment has been reduced by approximately 7,500 positions. During the first ten months of fiscal year 2010, state and local government employment decreased by 15,100 jobs. According to the payroll survey, the distribution of these job reductions was 10,800 jobs in the state government and 4,300 jobs in local government.

On February 25, 1998, legislation was enacted permitting the unionization of employees of the central government, which excludes municipal employees and employees of public corporations. Under this law, government employees are given collective bargaining rights subject to a number of limitations. Among those limitations are: employees are prohibited from striking; salary increases are contingent on the availability of budgeted revenues; employees cannot be required to become union members and pay union dues; and collective bargaining negotiations cannot occur in an election year. Currently, approximately 70,000 employees of the central government are unionized under this law.

As discussed previously, Act No. 7, enacted on March 9, 2009, establishes, among other things, a temporary freeze of salary increases and other economic benefits included in laws, collective bargaining agreements, and any other agreements. In addition, Act No. 7 provides that, for a period of two years, collective bargaining agreements that have already expired or that expire while the law is in effect and that relate to public employees may not be renegotiated or renewed.

Transportation

Thirty-four shipping lines offer regular ocean freight service to eighty United States and foreign ports. San Juan is the island's leading seaport, but there are also seaport facilities at other locations in Puerto Rico including Arecibo, Culebra, Fajardo, Guayama, Guayanilla, Mayagüez, Ponce, Vieques, and Yabucoa.

Puerto Rico's airport facilities are located in Carolina, San Juan, Ponce, Mayaguez, Aguadilla, Arecibo, Ceiba, Vieques, Culebra, and Humacao.

Luis Muñoz Marín International Airport in the San Juan metropolitan area is currently served by 24 domestic and international airlines. The airport receives over 10 million passengers per year, making it the busiest airport in the Caribbean. At present, there is daily direct service between San Juan and Atlanta, Baltimore, Boston, Chicago, Dallas, Miami, New York, Orlando, Philadelphia, and numerous other destinations within the U.S. mainland. San Juan has also become a hub for intra-Caribbean service for a major airline. While the main hubs in the U.S. mainland serve as the gateway from San Juan to most international destinations, Latin American destinations are also served through Panama City, Panama, with connections to Central and South America, while European cities are also served through Madrid, Spain. On December 22, 2009, the Federal Aviation Administration ("FAA") approved the Ports Authority's preliminary application to participate in the FAA's airport public-private partnership pilot program. The Ports Authority and the Public-Private Partnerships Authority continue to evaluate entering into a public-private partnership with respect to the Luis Muñoz Marín International Airport. The Public-Private Partnerships Authority has engaged a team of advisors to assist it in the preparation of a study required for the establishment of a public-private partnership.

Regarding other airports, Rafael Hernandez Airport in Aguadilla has regularly scheduled service to and from Fort Lauderdale, New York, Newark and Orlando; and Ponce's Mercedita Airport has regularly scheduled service to and from New York and Orlando. Both of these airports also have scheduled service to other Caribbean islands. Smaller regional airports serve intra-island traffic. Cargo operations are served by both Federal Express and United Parcel Service (UPS) at the airports in San Juan and Aguadilla.

The island's major cities are connected by a modern highway system, which, as of December 31, 2009, totaled approximately 4,629 miles and 11,947 miles of local streets and adjacent roads. The highway system comprises 387 miles of primary system highways, which are the more important interregional traffic routes and include PR-52, PR-22, PR-53, PR-66 and PR-20 toll highways, 252 miles of primary urban system highways, 959 miles of secondary system highways serving the needs of intra-regional traffic, and 3,053 miles of tertiary highways and roads serving local, intra-regional traffic.

The Port of the Americas is a deep draft container terminal under development on the south coast of Puerto Rico in the City of Ponce, the Commonwealth's fourth largest municipality by population. Managed by the Port of the Americas Authority, the terminal can handle containerized import/export and transshipment cargo. The first phase of the port development was completed in 2004 while the second phase, which resulted in container yard with capacity of up to 250,000 Twenty-Foot Equivalent Units per year, was completed in March 2009. A third development phase, which entails a public investment of \$84.4 million, is ongoing through September 2011. The completion of phase three will result in an annual terminal processing capacity of up to 500,000 Twenty-Foot Equivalent Units as well as the installation of basic infrastructure required to develop an industrial value-added zone on land adjacent to the Port. Currently, the Port of the Americas Authority is exploring entering into a concession agreement with respect to the terminal facility and is simultaneously undertaking efforts to maximize private sector interest in the related value-added zones.

Construction

Although the construction industry represents a relatively small segment of the economy compared to other sectors, it has made significant contributions to the growth of economic activity due to its multiplier effect on the whole economy. During the period from fiscal year 2007 to 2009, however, real construction investment decreased at an average annual rate of 14.7%. During the same time period, the total value of construction permits, in current dollars, decreased at an average annual rate of 9.8%.

Public investment has been an important component of construction investment. During fiscal year 2009, approximately 52.9% of the total investment in construction was related to public projects. The total value of construction permits increased 28.0% in fiscal year 2009 as compared to fiscal year 2008 but total sales of cement decreased by 25.4%, the largest decline registered since 1959. Average payroll employment in the construction sector during fiscal year 2008 was 60,000, a reduction of 9.9% from fiscal year 2007.

Total construction investment for fiscal year 2009 decreased in real terms by 20.1%, following a 9.0% real decline in fiscal year 2008, due principally to the drop in private construction activity. The Planning Board expects a further construction investment decrease of 5.2% in real terms for fiscal year 2010. Public investment in construction has been negatively affected by the Commonwealth's fiscal difficulties, while private investment in construction is still suffering from the credit conditions that prevailed during the last decade. While the Planning Board had originally projected a further construction investment decrease of 10.5% in real terms for fiscal year 2010, the expected positive impact of the Federal Stimulus and the Local Stimulus led it to reduce its projected decrease in construction investment to 5.2% in real terms. Public investment was primarily in housing, schools (and school reconstruction programs), water projects, and other public infrastructure projects.

During fiscal year 2009, the number of construction permits decreased 20.7%, while the total value of construction permits dropped by 28% compared to fiscal year 2008. For the first nine months of fiscal year 2010, the total number of construction permits decreased by 19.4%, while the value of construction permits decreased by 28.9%. These figures are consistent with cement sales, which declined by 25.4% in fiscal year 2009 and by 27.2% during the first ten months of fiscal year 2010, reaching levels not seen in more than a decade.

Agriculture

The Department of Agriculture and related agencies have directed their efforts at increasing and improving local agricultural production, increasing efficiency and the quality of produce, and stimulating the consumption of locally produced agricultural products. It should be noted, however, that agriculture production represents less than 1% of Puerto Rico's gross domestic product. During fiscal year 2009, gross income from agriculture was \$633 million, an increase of 3.4% compared with fiscal year 2008.

The administration supports agricultural activities through incentives, subsidies, and technical and support services, in addition to income tax exemptions for qualified income derived by bona fide farmers. Act No. 225 of 1995 provides a 90% income tax exemption for income derived from agricultural operations, grants for investments in qualified agricultural projects, and a 100% exemption from excise taxes, real and personal property taxes, municipal license taxes and tariff payments. It also provides full income tax exemption for interest income from bonds, notes and other debt instruments issued by financial institutions to provide financing to agricultural businesses.

Policy changes have been implemented to promote employment and income generated by the agricultural sector. The policy initiatives include a restructuring of the Department of Agriculture, an increase in government purchases of local agricultural products, new programs geared towards increasing the production and sales of agricultural products, and a new system of agricultural credits and subsidies for new projects.

Higher Education

During the five decades from 1950 to 2000, Puerto Rico made significant advances in the field of education, particularly at the college and graduate-school level. The transformation of Puerto Rico during the 1950s and 1960s from an agricultural economy to an industrial economy brought about an increased demand for educational services at all levels. During the 1970s and 1980s, certain higher-wage, higher-technology industries became more prominent in Puerto Rico. More recently, employment in the service sector has increased significantly. This has resulted in an increased demand for workers having a higher level of education and greater expertise in various technical fields. During the same time period, enrollments in institutions of higher learning rose very rapidly due to growth in the college-age population, and the increasing percentage of college attendance by such population. During the 1990s and into the current decade, college attendance and college attendance as a percentage of the college-age population continued to increase, although the college-age population has declined since 2000.

The following table presents comparative trend data for Puerto Rico and the United States mainland with respect to college-age population and the percentage of such population attending institutions of higher learning.

The University of Puerto Rico, the only public university in Puerto Rico, has eleven campuses located throughout the island. The University's total enrollment for academic year 2008-2009 was approximately 65,669 students. The Commonwealth appropriates annually for the University of Puerto Rico an amount equal to 9.60% of the average annual revenue from internal sources (subject to certain exceptions) for each of the two fiscal years immediately preceding the current fiscal year.

In addition to the University of Puerto Rico, there are 40 public and private institutions of higher education located in Puerto Rico. Such institutions had an enrollment during academic year 2008-2009 of approximately 171,541 students and provide programs of study in liberal arts, education, business, natural sciences, technology, secretarial and computer sciences, nursing, medicine, and law. Degrees are offered by these institutions at the associate, bachelor, master, and doctoral levels.

Institutions providing education in Puerto Rico must satisfy state licensing requirements to operate. Also, the vast majority of educational institutions are accredited by U.S. Department of Education-recognized accrediting entities.

Tax Incentives

One factor that has promoted and continues to promote the development of the manufacturing and service sector in Puerto Rico is the various local and federal tax incentives available, particularly those under Puerto Rico's Industrial Incentives Program and, until 2006, Sections 30A and 936 of the U.S. Code. Tax and other incentives have also been established to promote the development of the tourism industry. These incentives are summarized below.

Industrial Incentives Program

Since 1948, Puerto Rico has had various incentives laws designed to promote investment and job creation. Under these laws, companies engaged in manufacturing and certain other designated activities were eligible to receive full or partial exemption from income, property, and other local taxes. The most recent of these incentives laws is the Economic Incentives Act, enacted in May 2008.

The benefits provided by the Economic Incentives Act are available to new companies as well as companies currently conducting tax-exempt operations in Puerto Rico that choose to renegotiate their existing tax exemption grants, expand current operations or commence operating a new eligible business. The activities eligible for tax exemption under the Economic Incentives Act include manufacturing, certain designated services performed for markets outside Puerto Rico (including the United States), the production of energy from local renewable sources for consumption in Puerto Rico and laboratories for research and development. The Economic Incentives Act expands the definition of manufacturing activity from that included in Act No. 135 of December 2, 1997, as amended (the “1998 Tax Incentives Act”), to include clusters and supply chains.

Companies qualifying under the Economic Incentives Act can benefit from a simplified income tax system: in most cases, an income tax rate of 4% and a withholding tax rate of 12% on royalty payments. Alternatively, the income tax rate can be 8% and a withholding rate of 2% on royalty payments. Special rates apply to projects located in low and mid-development zones (an income tax reduction of 0.5%), certain local projects (an income tax rate as low as 3%), certain small- and medium-sized businesses (an income tax rate as low as 1%) and pioneering activities (an income tax rate of 1%, but for those using intangible property created or developed in Puerto Rico the income tax rate may be 0%). In addition, as with the 1998 Tax Incentives Act, the Economic Incentives Act grants 90% exemption from property taxes, 100% exemption from municipal license taxes during the first three semesters of operations and at least 60% thereafter, and 100% exemption from excise taxes with respect to the acquisition of raw materials and certain machinery and equipment used in the exempt activities.

The Economic Incentives Act is designed to stimulate employment and productivity, research and development, capital investment, reduction in the cost of energy and increased purchase of local products.

Under the Economic Incentives Act, as with the 1998 Tax Incentives Act, companies can repatriate or distribute their profits free of Puerto Rico dividend taxes. In addition, passive income derived by exempted businesses from the investment of eligible funds in Puerto Rico financial institutions, obligations of the Commonwealth, and other designated investments is fully exempt from income and municipal license taxes. Gain from the sale or exchange of shares of an exempted business by its shareholders during the exemption period that is otherwise subject to Puerto Rico income tax would be subject to a special Puerto Rico income tax rate of 4%.

The Economic Incentives Act, like the 1998 Tax Incentives Act, also provides investors that acquire an exempted business that is in the process of closing its operations in Puerto Rico a 50% credit in connection with the cash purchase of such corporation’s stocks or operational assets.

Tourism Incentives Program

For many years, Puerto Rico has enacted incentives laws designed to stimulate investment in hotel operations on the island. The Tourism Incentives Act of 1993 (the “Tourism Incentives Act”) provides partial exemptions from income, property, and municipal license taxes for a period of up to ten years. The Tourism Incentives Act also provides certain tax credits for qualifying investments in tourism activities, including hotel and condo-hotel development projects. Other legislation enacted in 2001 and 2002 provides further tourism incentives by granting certain tax exemptions on interest income received from permanent or

interim financing of tourism development projects and fees derived from credit enhancements provided to the financing of such projects.

As part of the incentives to promote the tourism industry, in 1993 the Commonwealth established the Tourism Development Fund as a subsidiary of GDB with the authority to (i) make investments in or provide financing to entities that contribute to the development of the tourism industry and (ii) provide financial guarantees and direct loans for financing tourism development projects. To date, the Fund has provided direct loans and financial guarantees in the aggregate \$1.137 billion for loans made or bonds issued to finance the development of twenty tourism projects representing 4,585 new hotel rooms and a total investment of \$1.795 billion.

Incentives under the U.S. Code

United States corporations operating in Puerto Rico have been subject to special tax provisions since the Revenue Act of 1921. Prior to enactment of the Tax Reform Act of 1976, under Section 931 of the U.S. Code, United States corporations operating in Puerto Rico (and meeting certain source of income tests) were taxed only on income arising from sources within the United States.

The Tax Reform Act of 1976 created Section 936 of the U.S. Code, which revised the tax treatment of United States corporations operating in Puerto Rico by taxing such corporations on their worldwide income in a manner similar to that applicable to any other United States corporation but providing such corporations a full credit for the federal tax on their business and qualified investment income from Puerto Rico. The credit provided an effective 100% federal tax exemption for operating and qualifying investment income from Puerto Rico sources.

As a result of amendments to Section 936 of the U.S. Code made in 1996, its income tax credit based on operating and certain investment income was phased out over a ten-year period for companies that were operating in Puerto Rico in 1995, and is no longer available.

Controlled Foreign Corporations

As a result of the modification and phase-out of the federal tax incentives under Section 936 of the U.S. Code, many corporations previously operating thereunder reorganized their operations in Puerto Rico to become controlled foreign corporations (“CFCs”). A CFC is a corporation that is organized outside the United States (including, for these purposes, in Puerto Rico) and is controlled by United States shareholders. In general, a CFC may defer the payment of federal income taxes on its trade or business income until such income is repatriated to the United States in the form of dividends or through investments in certain United States properties. The Puerto Rico Office of Industrial Tax Exemption has received notification from numerous corporations that have converted part or all of their operations to CFCs. These include most of the major pharmaceutical, instrument and electronics manufacturing companies in Puerto Rico.

CFCs operate under transfer pricing rules for intangible income that are different from those applicable to United States corporations operating under Section 936 of the U.S. Code (“Section 936 Corporations”). In many cases, they are allowed to attribute a larger share of this income to their Puerto Rico operation but must make a royalty payment “commensurate with income” to their U.S. affiliates. Section 936 Corporations were exempted from Puerto Rico withholding taxes on any cost-sharing payments they might have opted to make, but CFCs are subject to a 15% Puerto Rico withholding tax on royalty payments, unless they have a renegotiated Puerto Rico tax grant issued under the Economic Act in which case this withholding tax could be lowered to 2% or 12%.

For taxable years beginning after December 31, 2005 and before January 1, 2010, the special deduction granted under Section 199 of the U.S. Code against income derived from domestic production

activities is extended to taxpayers operating in Puerto Rico that are subject to U.S. federal income taxation at gradual rates, such as branches of U.S. companies operating in Puerto Rico.

In May 2009, the U.S. Department of the Treasury announced proposed changes to the U.S. Code that include, among others, changes to remove incentives for shifting jobs overseas. Several of these initiatives could affect CFCs operating in Puerto Rico. It is not possible at this time to determine the legislative changes that may be made to the U.S. Code, or their effect on the long-term outlook on the economy of Puerto Rico. The administration has commenced evaluating the impact of these proposals and will develop policy responses to the U.S. government to seek to safeguard Puerto Rico's economic reconstruction and development plans.

The Resolution shall be deemed to be and shall constitute a contract between the Corporation, the Owners from time to time of the Bonds and the Credit Facility Providers; and the pledge made in the Resolution and the covenants and agreements therein set forth to be performed on behalf of the Corporation shall be for the equal benefit, protection and security of the Owners of any and all of the Bonds and the Credit Facility Providers, all of which, regardless of the time or times of their authentication and delivery or maturity, shall be of equal rank without preference, priority or distinction of any of the Bonds and Credit Facility Providers over any other thereof, except as expressly provided in or permitted by the Resolution.

The Resolution creates, in the manner and to the extent provided therein, a continuing pledge of and lien on Pledged Property to secure the full and final payment of the principal of and premium, if any, and interest on, all of the Bonds issued pursuant to the Resolution. The Bonds shall be special obligations of the Corporation payable from the Pledged Property without recourse against other assets of the Corporation. No Bond shall constitute a debt of the Commonwealth within the meaning of any constitutional provision, or a pledge of the faith and credit of the Commonwealth or of the taxing power of the Commonwealth, and the Commonwealth shall not be liable to make any payments thereon, nor shall any Bond be payable out of any funds or assets other than the Dedicated Sales Tax Fund and other funds and assets of or available to the Corporation and pledged therefor.

Special Provisions for Refunding Bonds (Section 203)

Bonds of one or more Series may be authenticated and delivered upon original issuance, subject to the provisions and limitations of the Resolution, for the purposes of creating economic savings, restructuring debt service, modifying Resolution covenants, and providing for more favorable debt terms, or any of the foregoing or any other valid corporate purpose of the Corporation. - (ii) if the Bonds of a Series to be refunded are to be paid or redeemed subsequent to the forty-fifth day next succeeding the date of authentication,

Refunding Bonds may be issued only upon compliance with Section 710.

In connection with any Bonds, the Corporation may obtain or cause to be obtained one or more Credit Facilities or Liquidity Facilities and agree with the Credit Facility Provider or Liquidity Facility Provider to reimburse such provider directly for amounts paid under the terms of such Credit Facility or Liquidity Facility, together with interest thereon; provided, however, that no obligation to reimburse a Credit Facility Provider or Liquidity Facility Provider shall be created, for purposes of the Resolution, until amounts are paid under such Credit Facility or Liquidity Facility.

Any Supplemental Resolution may provide that (i) so long as a Credit Facility providing security is in full force and effect, and payment on the Credit Facility is not in default, the Credit Facility Provider is qualified to do business in the Commonwealth, and required ratings of the Credit Facility Provider by the Rating Agencies set forth in such Supplemental Resolution are maintained, the Credit Facility Provider shall be deemed to be the sole Owner of the Outstanding Bonds the payment of which such Credit Facility secures when the approval, consent or action of the Owners of such Bonds is required or may be exercised under the Resolution, or, in the alternative, that the approval, consent or action of the Credit Facility Provider shall be required in addition to the approval, consent or action of the applicable percentage of the Owners of Outstanding Bonds required by Section 1002 and following an Event of Default, provided that no such approval, consent or action of a Credit Facility Provider may be made or taken without the approval, consent or action of the Owner of each Bond affected if such approval, consent or action of such Owner otherwise would be required by the second sentence of Section 1002, and (ii) in the event that the principal, Sinking Fund Installments, if any, and Redemption Price, if applicable, and interest due on any Outstanding Bonds shall be paid under the provisions of a Credit Facility, all covenants, agreements and other obligations of the Corporation to the Owners of such Bonds shall continue to exist and such Bonds shall be deemed to remain Outstanding, and such Credit Facility Provider shall be subrogated to the rights of such Owners in accordance with the terms of such Credit Facility.

Redemption at the Election of the Corporation (Section 402)

In the case of any redemption of Bonds otherwise than as provided in the Section entitled “Redemption out of Sinking Fund Installments” below, the Corporation shall give written notice to the Trustee of its election so to redeem, of the redemption date, of the “CUSIP,” “ISIN” or other similar numbers (provided, however, that the Corporation and the Trustee shall not be liable for the correctness of such numbers as contained in such notice), of the Series, and of the aggregate principal amount (or Compounded Amount, if applicable) of the Bonds of each maturity and interest rate of such Series to be redeemed which principal amount (or Compounded Amount, if applicable) shall be determined by the Corporation in its sole discretion subject to any limitations with respect thereto contained in any Supplemental Resolution and of the moneys to be applied to the payment of the Redemption Price. Such notice shall be given at least thirty (30) days prior to the redemption date or such shorter period as shall be acceptable to the Trustee. In the event notice of redemption shall have been given as provided in the Resolution, except to the extent such notice shall state that such redemption is conditioned upon the receipt by the Trustee of moneys sufficient to pay the Redemption Price in the Currency in which the Bonds of such Series are payable, or upon the satisfaction of any other condition or the occurrence of any other event as shall be stated in such notice, the Corporation shall, prior to the redemption date, pay or cause to be paid to the Trustee an amount in cash and/or a principal amount of Investment Obligations maturing or redeemable at the option of the holder thereof not later than the date fixed for redemption which, in addition to other moneys, if any, available therefor held by the Trustee, will be sufficient to redeem on the redemption date at the Redemption Price thereof, plus interest accrued and unpaid to the redemption date, and in the Currency in which the Bonds of such Series are payable, all of the Bonds to be redeemed.

Redemption out of Sinking Fund Installments (Section 403)

In addition to the redemption of Bonds pursuant to the Sections entitled “Privilege of Redemption and Redemption Price” and “Redemption at the Election of the Corporation” above, Term Bonds issued pursuant to the Resolution shall be subject to mandatory redemption by lot out of Sinking Fund Installments at a Redemption Price equal to the principal amount (or Compounded Amount, if applicable) thereof, in the Currency in which the Bonds of such Series are payable, on the dates and in the amounts set forth in the Supplemental Resolution pursuant to which such Bonds were issued.

In the case of any redemption of Bonds out of Sinking Fund Installments, the Corporation shall, in the case of each Sinking Fund Installment, give written notice to the Trustee of (i) the date of such Sinking Fund Installment, (ii) the unsatisfied balance of such Sinking Fund Installment (determined as provided in the Section entitled “Satisfaction of Sinking Fund Installments” and (iii) the particular Series and maturity of the Bonds to be redeemed from such Sinking Fund Installment. Such notice shall be given at least forty (40) days prior to the date of such Sinking Fund Installment, or such shorter period as shall be acceptable to the Trustee.

The Corporation shall, and covenants that it will, prior to the date of such Sinking Fund Installment, pay to the Trustee an amount in cash which, in addition to other moneys, if any, available therefor held by the Trustee, will be sufficient to redeem at the date of such Sinking Fund Installment, at

the Redemption Price thereof, plus interest accrued and unpaid to the date of the Sinking Fund Installment, in the Currency in which the Bonds of such Series are payable, all of the Bonds which are to be redeemed out of such Sinking Fund Installment.

Selection of Bonds to be Redeemed in Partial Redemption (Section 404)

In the event of redemption of less than all the Outstanding Bonds of a particular Series pursuant to the Section entitled “Privilege of Redemption and Redemption Price” and “Redemption at the Election of the Corporation,” the Corporation shall designate the maturities of the Bonds to be redeemed.

If less than all of the Outstanding Bonds of a particular Series and maturity are to be redeemed, except to the extent the related Series Resolution shall require that Bonds of such Series and maturity are to be redeemed on a pro rata basis, the Trustee shall assign to each such Outstanding Bond a distinctive number for each amount representing the lowest authorized denomination of the principal amount of such Bond and shall select by lot, using such method of lottery selection as it shall deem proper in its discretion, as many numbers as shall equal the principal amount (or Compounded Amount, if applicable) of such Bonds to be redeemed. For purposes of this Section, Bonds or portions thereof which have theretofore been selected by lot for redemption shall not be deemed to be Outstanding.

The Pledge (Section 501)

- (i) Such amount determined by the applicable Series Resolution representing accrued interest received upon the sale of a Series of Bonds.
- (ii) Amounts transferred from the Capitalized Interest Account for the payment of interest on the Bonds of such Series.
- (iii) Amounts transferred from the Debt Service Reserve Account for the payment of interest on the Bonds and the interest component of Parity Obligations.

There also shall be deposited into the Principal Subaccount of a Debt Service Account, if necessary, the following:

- (i) Amounts transferred from the Debt Service Reserve Account for the payment of Principal Installments of the Bonds and the principal component of Parity Obligations.
- (ii) Amounts transferred from the Redemption Account for the payment of Principal Installments of any Bonds.

The Trustee shall pay out of the Interest Subaccount, to the Persons entitled thereto, (i) the interest on Bonds as and when due and payable, in the Currency in which the Bonds of such Series are payable, and (ii) the interest component of Parity Obligations at the times, in the manner and on the other terms and conditions as determined by the Corporation and set forth in written directions of an Authorized Officer of the Corporation delivered to the Trustee; provided, however, that amounts deposited to the Interest Account pursuant to clause (i) or (ii) of the second paragraph of this Section shall not be used to pay the interest component of Parity Obligations; and provided further, however, that if the amount available shall not be sufficient to pay in full all such interest due on the same date, then out of such available amount the Trustee shall make such payments under Bonds and Party Obligations ratably, as determined by an Authorized Officer of the Corporation as evidenced in a written instrument delivered to the Trustee according to the amounts due on such date, without any discrimination or preference.

The Trustee shall pay out of the Principal Account, to the Persons entitled thereto, (i) each Principal Installment for the Bonds (including the Redemption Price payable upon mandatory redemption out of Sinking Fund Installments) as and when due and payable, in the Currency in which the

Bonds of such Series are payable, and (ii) the principal component of Parity Obligations at the times, in the manner and on the other terms and conditions as determined by the Corporation and set forth in written directions of an Authorized Officer of the Corporation delivered to the Trustee; provided, however, that amounts deposited to the Principal Account pursuant to clause (ii) of the third paragraph of this Section shall not be used to pay the principal component of Parity Obligations; and provided further, however, that if the amount available shall not be sufficient to pay in full all such Principal Installments and principal due on the same date, then out of such available amount the Trustee shall make such payments under Bonds and Parity Obligations ratably, as determined by an Authorized Officer of the Corporation as evidenced in a written instrument delivered to the Trustee according to the amounts due on such date, without any discrimination or preference.

In the event of the refunding of any Bonds, the Trustee shall, upon the written direction of an Authorized Officer of the Corporation delivered to the Trustee, withdraw from the Debt Service Account all or any portion of amounts accumulated therein with respect to the Bonds to be refunded and deposit such amounts as provided in such written direction; provided, however, that such withdrawal shall not be made unless immediately thereafter the Bonds being refunded shall be deemed to have been paid pursuant to the Section entitled "Defeasance" below.

There shall be transferred from the Revenue Account, and deposited into the related Holding Subaccounts in the Debt Service Account, the Accrued Holding amounts related to the Senior Bonds, First Subordinate Bonds and Second Subordinate Bonds on the related dates set forth in the related Series Resolutions. The Trustee shall invest such amounts upon written direction of the Corporation in Defeasance Obligations and the Corporation shall take such actions as are required by Article XII to cause the related Bonds or portions thereof to be deemed paid and no longer Outstanding under the Resolution. The Trustee shall pay out of the Holding Subaccounts, to the Persons entitled thereto, on the dates set forth in such Series Resolutions, Principal Installments for the related Series of Bonds (including the Redemption Price payable upon mandatory redemption out of Sinking Fund Installments), which Principal Installments shall be paid from the related Holding Subaccounts prior to application of funds therefor from the Principal Subaccount or Interest Subaccount.

Debt Service Reserve Account (Section 507)

At the time any Series of Bonds is delivered pursuant to the Resolution, the Corporation shall pay into a Debt Service Reserve Account from the proceeds of such Bonds or other available funds, the amount, if any, necessary for the amount on deposit in such Debt Service Reserve Account to equal the Debt Service Reserve Requirement applicable to Bonds of such Series and Class, after giving effect to any Reserve Account Cash Equivalent, calculated immediately after the delivery of such Series of Bonds.

Except as otherwise provided by Supplemental Resolutions, amounts on deposit in a Debt Service Reserve Account shall be applied, to the extent other funds are not available therefor pursuant to the Resolution and the applicable Supplemental Resolution, to pay when due the Principal Installments and Redemption Price of and the interest on the Outstanding Bonds of the related Class and the principal and interest components of Parity Obligations, by transfer to the Debt Service Account or the Redemption Account, as applicable.

Whenever the amount in a Debt Service Reserve Account exceeds the related Debt Service Reserve Requirement, after giving effect to any Reserve Account Cash Equivalent, the Trustee shall, if so directed in writing by an Authorized Officer of the Corporation, withdraw from such Debt Service Reserve Account the amount of any excess therein over the Debt Service Reserve Requirement as of the date of such withdrawal and deposit the moneys so withdrawn into the Revenue Account.

Moneys in a Debt Service Reserve Account may and, at the written direction of an Authorized Officer of the Corporation, shall be withdrawn from the Debt Service Reserve Account by the Trustee and deposited in the Redemption Account for the purchase or redemption of Bonds at any time, provided that subsequent to such purchase or redemption the amount in the Debt Service Reserve Account, after giving effect to any Reserve Account Cash Equivalent, will not be less than the related Debt Service Reserve Requirement. In the event of the refunding of any Bonds, the Trustee shall, upon the written direction of an Authorized Officer of the Corporation, withdraw from the related Debt Service Reserve Account all or any portion of amounts accumulated therein with respect to the Bonds being refunded and apply such amounts in accordance with such direction; provided, however, that such withdrawal shall not be made unless (i) immediately thereafter the Bonds being refunded shall be deemed to have been paid pursuant to the Section entitled "Defeasance" below and (ii) the amount remaining in the Debt Service Reserve Account, after giving effect to any Reserve Account Cash Equivalent, after such withdrawal shall not be less than the related Debt Service Reserve Requirement.

If a deficiency exists in a Debt Service Reserve Account, no later than the last Business Day of each calendar month the Trustee, upon written direction of an Authorized Officer of the Corporation, shall transfer from the Revenue Account, in accordance with the priorities set forth in of Section 505.1, and deposit in the Debt Service Reserve Account the amount, if any, required for the amount on deposit in the Debt Service Reserve Account to equal the related Debt Service Reserve Requirement as of the last day of such calendar month, after giving effect to any Reserve Account Cash Equivalent. Upon any withdrawal of amounts from the Debt Service Reserve Account, the Corporation shall provide written notice thereof to the Secretary of the Treasury and to the Director of the Office of Management and Budget. Pursuant to the authority of the Act, such notice to the Secretary of the Treasury shall include the instruction to provide funds for reimbursement of such withdrawal from the first Dedicated Sales Tax collected in the next ensuing Fiscal Year and, to the extent such amounts are insufficient to make a complete reimbursement thereof, from the first Dedicated Sales Taxes received in subsequent Fiscal Years after making the deposits required under Article 3(a) of the Act.

Whenever the amount in all Debt Service Reserve Accounts, without giving effect to any Reserve Account Cash Equivalent, together with the amount in all Debt Service Accounts, is sufficient to pay in full all Outstanding Bonds in accordance with their terms (including the maximum amount of Principal Installments and interest which could become payable thereon) and all amounts due and owing to Credit Facility Providers, the funds on deposit in the Debt Service Reserve Accounts shall be transferred to the Debt Service Account established for the same Class, and thereupon no further deposits shall be required to be made into the Debt Service Reserve Accounts. Prior to said transfer, all investments held in the Debt Service Reserve Accounts shall be liquidated to the extent necessary in order to provide for the timely payment of the Principal Installments of and interest on Bonds.

Reserve Account Cash Equivalents may be deposited in the Debt Service Reserve Account as provided in this paragraph. In lieu of any required transfers of moneys to the Debt Service Reserve Account, the Corporation may cause to be deposited into the Debt Service Reserve Account a Reserve Account Cash Equivalent in an aggregate amount equal to the difference between the Debt Service Reserve Requirement and the sums of moneys or value of Investment Securities then on deposit in the Debt Service Reserve Account, if any. In lieu of retaining all or any portion of the moneys theretofore on deposit in the Debt Service Reserve Account, the Corporation may cause to be deposited into the Debt Service Reserve Account a Reserve Account Cash Equivalent in an aggregate amount equal to such moneys, subject to the third paragraph of this Section. Each Reserve Account Cash Equivalent shall be payable (upon the giving of notice as required thereunder) on any date on which moneys may be required to be withdrawn from the Debt Service Reserve Account. If a disbursement is made pursuant to a Reserve Account Cash Equivalent, the Corporation shall either (i) reinstate the maximum limits of such Reserve Account Cash Equivalent or (ii) deposit into the Debt Service Reserve Account funds in the

amount of the disbursement made under such Reserve Account Cash Equivalent, or a combination of such alternatives, at the times and in the amounts required by the fifth paragraph of this Section. In the event that the rating attributable to any provider of any Reserve Account Cash Equivalent shall fall below that required in the definition thereof, such Reserve Account Cash Equivalent shall no longer be deemed to be a Reserve Account Cash Equivalent and the Corporation shall either (i) replace such Reserve Account Cash Equivalent with a Reserve Account Cash Equivalent which shall meet the requirements therefor or (ii) deposit into the Debt Service Reserve Account sufficient funds, or a combination of such alternatives, at the times and in the amounts required by the fifth paragraph of this Section.

Notwithstanding anything to the contrary contained in this Section, if amounts obtained under a Credit Facility or Reserve Account Cash Equivalent are to be used to pay the Principal Installments and Redemption Price of and interest on Bonds, then amounts in the Debt Service Reserve Account which would otherwise have been used for such purposes may be applied to reimburse the Credit Facility Provider for the amounts so obtained.

Satisfaction of Sinking Fund Installments (Section 508)

Any amount accumulated in the Debt Service Account up to the unsatisfied balance of each Sinking Fund Installment for Bonds may and, if so directed in writing by an Authorized Officer of the Corporation, shall be applied (together with amounts accumulated in the Debt Service Account with respect to interest on the Bonds for which such Sinking Fund Installment was established) by the Trustee prior to the forty-fifth day preceding the due date of such Sinking Fund Installment as follows: (i) to the purchase of Bonds of the maturity and interest rate for which such Sinking Fund Installment was established, at prices (including any brokerage and other charges) not exceeding the principal amount (or Compounded Amount, if applicable) of such Bonds plus unpaid interest accrued to the date of purchase, such purchases to be made in such manner as the Trustee shall determine; or (ii) to the redemption of such Bonds if then redeemable by their terms at the price equal to the principal amount (or Compounded Amount, if applicable) of such Bonds plus unpaid interest accrued to the date of redemption.

Upon the purchase or redemption of any Bond pursuant to the preceding paragraph, an amount equal to the principal amount (or Compounded Amount, if applicable) of the Bonds so purchased or redeemed shall be credited toward the next Sinking Fund Installment thereafter to become due with respect to the Bonds of such maturity and interest rate and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Installment shall be credited against future Sinking Fund Installments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer of the Corporation at the time of such purchase or redemption. Concurrently with the delivery of such Bonds, the Corporation shall deliver to the Trustee a certificate of an Authorized Officer of the Corporation specifying (i) the principal amount (or Compounded Amount, if applicable), Series, maturity, interest rate and numbers of the Bonds so delivered, (ii) the date of the Sinking Fund Installment in satisfaction of which such Bonds are so delivered, (iii) the aggregate principal amount (or Compounded Amount, if applicable) of the Bonds so delivered, and (iv) the unsatisfied balance of such Sinking Fund Installment after giving effect to the delivery of such Bonds.

In satisfaction, in whole or in part, of any Sinking Fund Installment, the Corporation may deliver to the Trustee at least forty-five (45) days prior to the date of such Sinking Fund Installment, for cancellation, Bonds acquired by purchase of the Series and maturity and interest rate entitled to such Sinking Fund Installment. All Bonds so delivered to the Trustee in satisfaction of a Sinking Fund Installment shall reduce the amount of such Sinking Fund Installment by the aggregate principal amount (or Compounded Amount, if applicable) of such Bonds. Concurrently with such delivery of such Bonds the Corporation shall deliver to the Trustee a certificate of an Authorized Officer of the Corporation specifying (i) the principal amount (or Compounded Amount, if applicable), Series, maturity, interest rate

and numbers of the Bonds so delivered, (ii) the date of the Sinking Fund Installment in satisfaction of which such Bonds are so delivered, (iii) the aggregate principal amount (or Compounded Amount, if applicable) of the Bonds so delivered, and (iv) the unsatisfied balance of each such Sinking Fund Installment after giving effect to the delivery of such Bonds.

In the event that Bonds are redeemed prior to maturity pursuant to any Section hereof other than Section 403, there shall be credited the principal amount (or Compounded Amount, if applicable) of the Bonds so redeemed against Sinking Fund Installments due hereunder; provided, however, that the Corporation shall have delivered to the Trustee, at least forty-five (45) days prior to the date of such Sinking Fund Installment, a certificate of an Authorized Officer of the Corporation specifying (i) the principal amount, Series, maturity, interest rate and number of each Bond so redeemed, (ii) the date of each Sinking Fund Installment in satisfaction of which such redeemed Bonds are credited, (iii) the aggregate principal amount (or Compounded Amount, if applicable) of the Bonds so redeemed, and (iv) the unsatisfied balance of each such Sinking Fund Installment after giving effect to the redemption of such Bonds.

The Trustee shall, upon receipt of the notice specified by the Section entitled "Redemption out of Sinking Fund Installments" above and in the manner provided in the Resolution, call for redemption on the date of each Sinking Fund Installment falling due prior to maturity such principal amount (or Compounded Amount, if applicable) of Bonds of the Series and maturity entitled to such Sinking Fund Installment as is required to exhaust the unsatisfied balance of such Sinking Fund Installment. The Trustee shall redeem such Bonds with moneys as set forth in the Section entitled "Redemption out of Sinking Fund Installments" above.

Redemption Account; Amounts to be Deposited Therein (Section 509)

The following, upon receipt thereof, shall be deposited into the Redemption Account:

- (i) amounts determined pursuant to the sixth paragraph of the Section entitled "Costs of Issuance Account and Capitalized Interest Account" above;
- (ii) amounts determined pursuant to the fourth paragraph of the Section entitled "Bond Proceeds Account" above;
- (iii) amounts determined pursuant to the second paragraph of the Section entitled "Revenue Account" above; and
- (iv) amounts transferred from the Debt Service Reserve Account for the payment of the Redemption Price of Bonds.

Subject to the limitations contained in the final paragraph of this Section, if, on the last Business Day preceding any interest payment date for Bonds, Principal Installment due date for Bonds, or due date of interest or principal components of Parity Obligations, the amount on deposit in the Debt Service Account shall be less than the interest on Bonds due on such interest payment date, the Principal Installment for Bonds due on such Principal Installment due date, or the interest or principal components of Parity Obligations due on the due date thereof, and after giving effect to any amounts available therefor in the Debt Service Reserve Account, then the Trustee, upon written direction of an Authorized Officer of the Corporation, shall transfer from the Redemption Account to the Debt Service Account an amount (or all of the moneys in the Redemption Account if less than the amount required) which will be sufficient to make up such deficiency in the Debt Service Account.

To the extent not required to make up a deficiency as required in the second paragraph of this Section, amounts in the Redemption Account shall be applied by the Trustee, as promptly as practicable after delivery to it of written instructions from an Authorized Officer of the Corporation, to the purchase or redemption (including the payment of redemption premium, if any) of Bonds. Interest on Bonds so purchased or redeemed shall be paid from the Debt Service Account and all expenses in connection with such purchase or redemption shall be paid by the Corporation from moneys held in the Revenue Account pursuant to the second paragraph of the Section entitled "Revenue Account" above.

The transfers required by the second paragraph of this Section shall be made from amounts in the Redemption Account only to the extent that such amounts are not then required to be applied to the redemption of Bonds for which notice of redemption shall have been given pursuant to the Resolution, unless such notice is conditioned upon the availability of moneys on deposit in the Redemption Account.

Rebate Account (Section 510)

The Rebate Account and the amounts deposited therein shall not be subject to a security interest, pledge, assignment, lien or charge in favor of the Trustee, any Owner of any Bond, any other Beneficiary or any other Person.

The Trustee shall deposit in the Rebate Account such amounts and at such times as shall be specified in written instructions from an Authorized Officer of the Corporation delivered to the Trustee.

The Trustee shall withdraw from the Rebate Account such amounts and at such times, and deposit such amounts in the Revenue Account, as shall be specified in written instructions from an Authorized Officer of the Corporation delivered to the Trustee.

The Trustee shall have no responsibility or liability for the calculation of amounts required to be deposited in the Rebate Account under federal tax law.

Investment of Funds, Accounts and Subaccounts Held by the Trustee (Section 602)

Moneys in any Fund, Account or Subaccount held by the Trustee shall be continuously invested and reinvested or deposited and redeposited by the Trustee upon the written direction of an Authorized Officer of the Corporation. The Corporation shall direct the Trustee to invest and reinvest the moneys in any Fund, Account or Subaccount held by the Trustee in Investment Obligations so that the maturity date or date of redemption at the option of the holders shall coincide as nearly as practicable with the times at which moneys are anticipated to be needed to be expended. The Investment Obligations purchased by the Trustee shall be held by it, or for its account as Trustee. The Trustee, at the written direction of the Corporation as to specific investments, shall sell, or present for redemption, any Investment Obligations purchased by it as an investment whenever it shall be necessary in order to provide moneys to meet any payment from such Fund, Account or Subaccount. The Trustee shall have no obligation to invest, reinvest, deposit, redeposit or sell investments contemplated by the Resolution except upon the written direction of an Authorized Officer of the Corporation as to specific investments. The Trustee shall have no liability for interest on any money received by it hereunder (except as otherwise agreed in writing with the Corporation and except that the Trustee shall invest such money as required pursuant to written direction of an Authorized Officer of the Corporation) and no responsibility for any loss (after giving effect to any interest or other income thereon except to the extent theretofore paid to the Corporation) incurred on the sale of such investments. The Trustee shall advise the Corporation in writing on or before the 20th day of each calendar month of all investments held for the

credit of each Fund, Account or Subaccount in its custody under the provisions of the Resolution as of the end of the preceding month.

Moneys in any Fund, Account or Subaccount held by the Corporation shall be invested in Investment Obligations as determined by the Corporation.

Investment Obligations purchased under the provisions of the Resolution as an investment of moneys in any Fund, Account or Subaccount, whether held by the Trustee or the Corporation, shall be deemed at all times to be a part of such Fund, Account or Subaccount but, unless otherwise expressly provided in the Resolution or any Supplemental Resolution, (i) the income or interest earned and gains realized in excess of losses suffered by any Fund, Account (other than the Rebate Account) or Subaccount (other than any Subaccount in the Rebate Account) due to the investment thereof shall be deposited, upon written direction from an Authorized Officer of the Corporation to the Trustee, in the Rebate Account and if not required to be so deposited in the Rebate Account, because no such written direction was received, shall be deposited in the Bond Proceeds Account so long as there are moneys on deposit in the Capitalized Interest Account and, at any time that there are no moneys on deposit in the Capitalized Interest Account, shall be transferred for deposit in the Revenue Account, and (ii) all such income and interest received from any Investment Obligation on deposit in the Rebate Account shall remain in such Account. The Trustee shall keep a record of all such amounts deposited in the Revenue Account to indicate the source of the income or earnings.

The Trustee shall sell, or present for redemption or exchange, any Investment Obligation purchased by it pursuant to the Resolution or any Supplemental Resolution whenever it shall be requested in writing by an Authorized Officer of the Corporation to do so or whenever it shall be necessary in order to provide moneys to meet any payment or transfer from the Fund, Account or Subaccount for which such investment was made, except that any Investment Obligation may be credited to more than one Fund, Account or Subaccount based upon the portions thereof purchased by or allocable to each such Fund, Account or Subaccount and need not be sold in order to provide for the transfer of amounts from one Fund, Account or Subaccount to another. The Trustee shall advise the Corporation in writing, on or before the twentieth day of each calendar month, of all investments held for the credit of each Fund, Account or Subaccount in its custody under the provisions of the Resolution as of the end of the preceding month.

Nothing in the Resolution shall prevent any Investment Obligations acquired as investments of or security for Funds, Accounts or Subaccounts held under the Resolution from being issued or held in book-entry form on the books of the Corporation of the Treasury of the United States or any national securities depository.

In the event that the Trustee has not, prior to 11:00 a.m. on any Business Day, received investment instructions as provided herein as to any investment proceeds received hereunder, the Trustee shall invest the same in Investment Obligations having the shortest available maturity, in accordance with standing instructions received from an Authorized Officer of the Corporation.

Particular Covenants of the Corporation

Payment of Obligations (Section 701)

The Corporation shall duly and punctually pay or cause to be paid the principal and premium, if any, on every Bond and the interest thereon, and all Parity Obligations and Subordinate Obligations, at the date(s) and place(s) and in the manner mentioned in the Resolution, the applicable Supplemental Resolution, the Bonds, and applicable Credit Facilities, Liquidity Facilities, and Qualified

Hedges according to the true intent and meaning thereof, and shall duly and punctually satisfy all Sinking Fund Installments which may be established for any Series, subject to the provisions of Section 201. If, at the end of any Fiscal Year, the amount of Pledged Sales Tax received by the Trustee during such Fiscal Year shall be less than the Article 5(e) Amount applicable to such Fiscal Year, the Corporation shall take such actions as necessary to invoke the provisions of Section 5(e) of the Act to increase the amount of Pledged Sales Tax to cover such insufficiency in the next ensuing Fiscal Year. In addition, if the amount of Pledged Sales Tax applicable to a Fiscal Year shall be less than the Pledged Sales Tax Base Amount for such Fiscal Year, the Corporation shall provide written notice thereof to the Secretary of the Treasury and to the Director of the Office of Management and Budget. Such notice shall include the instruction to the Secretary of the Treasury to provide available funds to make up the shortfall, and to the Director of the Office of Management and Budget to include in the recommended budget for the current Fiscal Year or the next Fiscal Year the appropriations necessary to cover such shortfall, in each case as provided in paragraph (a) of Article 45 of the Act and the second sentence of paragraph (e) of Article 5 of the Act.

Further Assurance (Section 704)

At any and all times the Corporation shall, so far as it may be authorized by law, pass, make, do, execute, acknowledge and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers and assurances and record the same in any office or register as may be necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights and other moneys, securities and funds pledged or assigned by the Resolution, or intended so to be, or which the Corporation may become bound to pledge or assign and, if required by law, to perfect the security interest created thereby.

Agreement of the Commonwealth (Section 706)

Pursuant to the Act, the Corporation hereby includes, for the benefit of the Bondowners and the Beneficiaries, the pledge of the Commonwealth that, until the Bonds, of whichever date, together with the interest thereon, are totally paid and withdrawn, the Commonwealth will not (i) limit or restrict the rights or powers of the appropriate officers of the Commonwealth to impose, maintain, charge or collect the taxes and other receipts constituting amounts to be deposited in the Dedicated Sales Tax Fund in accordance with the provisions of the Act, provided that the foregoing shall not preclude the Commonwealth from exercising its power, through a change in law, to limit or restrict the character or amount of such taxes and other receipts or to substitute like or comparable security in the form of taxes, fees, charges or other receipts for deposit in the Dedicated Sales Tax Fund if, for the ensuing fiscal years, the projected revenues certified by the Secretary of the Treasury of such taxes, other receipts or collateral meet or exceed the debt service and other charges and any coverage requirements set forth in the related authorizing bond documents of the Corporation (including the Resolution), and (ii) limit or restrict the rights that are by the Act granted or the rights of the Corporation to meet its obligations to its Bondholders, until such Bonds, of whichever date, together with the interest thereon, have been completely paid and retired. The Act further provides that no amendment to the Act shall impair any obligation or commitment of the Corporation. The Corporation hereby covenants for the benefit of the Bondowners and the Beneficiaries that any such substitution of any security in the form of taxes, fees, charges or other receipts for the Dedicated Sales Tax shall not qualify as the delivery of “like or comparable security” in conformance with the foregoing covenant of the Commonwealth unless the Trustee shall have been provided with (i) written confirmation of all outstanding ratings of the Bonds from the Rating Agencies, taking such substitution into account, and (ii) written opinions of the Secretary of Justice, nationally recognized Bond Counsel, and Puerto Rico counsel expert in public finance matters, each concluding that the Puerto Rico Supreme Court, if properly presented with the issue, would conclude that the substituted assets and revenues have been validly imposed by law and that such substituted assets and revenues have been validly transferred to the Corporation and shall not constitute “available

resources” of the Commonwealth for purposes of Section 2 and Section 8 of Article VI of the Constitution of Puerto Rico nor shall they be available for use by the Secretary of the Treasury of the Commonwealth.

Creation of Liens (Section 707)

Until the pledge created by Resolution shall be discharged and satisfied as provided in the Section entitled “Defeasance” below, the Corporation shall not (i) issue any bonds or other evidences of indebtedness secured by a pledge of the Pledged Property held or set aside by the Corporation or by the Trustee under the Resolution, nor create or cause to be created any lien or charge on the Pledged Property, other than as permitted by the Resolution, (ii) at any time when the Corporation is in default in making any payment required to be made under the Resolution or maintaining the balance in any Fund, Account or Subaccount required to be maintained in the amount required therefor by the Resolution, set apart or appropriate and pay any amount in any Fund, Account or Subaccount except as required by the Resolution, nor (iii) issue any bonds or other evidences of indebtedness, other than the Bonds, secured by a pledge of any revenues, rates, fees, charges, rentals or other earned income or receipts, as derived in cash by or for the account of the Corporation, pledged under the Resolution. The Corporation may not issue Bonds with a payment priority or claim against the Pledged Property that is senior to that of the Senior Bonds. The Corporation, in its discretion, may determine to execute and deliver Subordinate Bonds and incur Subordinate Obligations of one or more Classes and payment priorities which are subordinate to the payment priorities accorded to the Senior Bonds under the Resolution.

Accounts and Reports (Section 708)

The Corporation shall keep proper books of record and account (separate from all other records and accounts) in which complete and correct entries shall be made of its transactions relating to the Pledged Property and each Fund, Account and Subaccount established under the Resolution, and which, together with all books and papers of the Corporation relating to the Repayment Project, shall at all reasonable times during normal business hours be subject to the inspection of the Trustee and the Owners of an aggregate of not less than 25% in principal amount of the Bonds then Outstanding or their representatives duly authorized in writing (it being understood that the Trustee shall have to duty to inspect).

The Corporation shall file with the Trustee and each Credit Facility Provider, Liquidity Facility Provider and Qualified Hedge Provider forthwith upon becoming aware of any Event of Default, or the occurrence of any event which with notice or lapse of time or both would be an Event of Default, a certificate signed by an Authorized Officer of the Corporation specifying any Event of Default or other event as described in this paragraph, and specifying the nature and status of such Event of Default or other such event.

Tax Matters (Section 709)

The covenants of this Section are made solely for the benefit of the Owners of, and shall be applicable solely to, all Bonds except Bonds to which the Corporation determines in a Supplemental Resolution that this Section shall not apply.

The Corporation will not make, or give its consent to the Trustee or any other Person to make, any use of the proceeds of the Bonds or of any moneys which may be deemed to be the proceeds of the Bonds pursuant to Section 148 of the Code which, if reasonably expected to have been so used on the date of issuance of the Bonds would have caused any of the Bonds to have been “arbitrage bonds” within

the meaning of said Section 148 and the regulations in effect thereunder at the time of such use and applicable to obligations issued on the date of issuance of the Bonds.

The Corporation shall at all times do and perform all acts and things necessary or desirable and within its power in order to assure that interest paid on the Bonds shall be excluded from gross income for Federal income tax purposes.

Notwithstanding any other provision of the Resolution, including in particular the Section entitled "Defeasance" below, the obligation to comply with the requirements of this Section shall survive the defeasance or payment in full of the Bonds.

1. No Series of Bonds in addition to Bonds issued on and prior to the date of issuance of Bonds designated "Series 2008A" may be issued without compliance with Section 202 and with the provisions of the Act that require that the Executive Director or other Authorized Officer of the Corporation certify that the principal and interest of the Corporation's bonds to be issued plus the principal and interest of all outstanding bonds (other than those bonds to be paid with the proceeds of the new bonds or those payments of principal and interest for which moneys sufficient for their payment have been segregated) payable every Fiscal Year (beginning with the current Fiscal Year) is less than or equal to the Pledged Sales Tax Base Amount assigned to the Corporation and corresponding to each such Fiscal Year plus any Build America Bond Tax Credit Receipts the Corporation expects to receive during each such Fiscal Year. In addition, no such Series of Bonds may be issued, and no Parity Obligations or Subordinate Obligations in addition to Parity Obligations incurred on and prior to the date of issuance of Bonds designated "Series 2008A" may be incurred, unless the Corporation shall have filed with the Trustee a certificate of an Authorized Officer of the Corporation reflecting the following (in each case, Accrued 12-Month Obligation (Senior), Accrued 12/15-Month Obligation (Senior), Accrued 12-Month Obligation (Subordinate) and Accrued 12/15-Month Obligation (Subordinate) shall each have credited thereto any capitalized interest available for transfer, and/or transferred, to the related Debt Service Accounts during the relevant period, any Build America Bond Tax Credit Amounts paid to the Trustee for deposit in the related Debt Service Accounts during the relevant period, and any Accrued Holding Amounts transferred to the related Holding Subaccounts in the Debt Service Accounts during the relevant period):

The Corporation shall do and perform or cause to be done and performed all acts and things required to be done or performed by or on behalf of the Corporation under the provisions of the Act and the Resolution.

Upon the date of authentication and delivery of any of the Bonds, all conditions, acts and things required by law and the Resolution to exist, to have happened and to have been performed precedent to and in the issuance of such Bonds shall exist, shall have happened and shall have been performed and the issue of such Bonds, together with all other indebtedness of the Corporation, shall be within every debt and other limit prescribed by the laws of the Commonwealth.

Responsibilities of Trustee (Section 802)

The Trustee undertakes to perform such duties and only such duties as are specifically set forth in the Resolution, and no implied covenants or obligations shall be read into the Resolution against the Trustee. The recitals of fact in the Resolution and in the Bonds contained shall be taken as the statements of the Corporation and the Trustee assumes no responsibility for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of the Resolution or any Supplemental Resolution or of any Bonds issued thereunder or as to the security afforded by the Resolution or any Supplemental Resolution, and the Trustee shall incur no liability in respect thereof. The Trustee makes no representations as to the value, condition or sufficiency of any assets pledged or assigned as security for the Bonds, the right, title or interest of the Corporation therein, the security provided thereby or by the Resolution, the feasibility of the Repayment Project, the compliance by the Repayment Project with the Act, or the tax-exempt status of Bonds. The Trustee shall, however, be responsible for its representation contained in its certificate of authentication on the Bonds. The Trustee shall be under no responsibility or duty with respect to the authentication and delivery of the Bonds for value or the application of the proceeds thereof or the application of any moneys paid to the Corporation. The Trustee shall not be responsible for the validity, perfection, priority or enforceability of the pledge and security interest in the Pledged Property created or intended to be created by the Resolution, whether or not impaired by operation of law. No provision of the Resolution shall be deemed to impose any duty or obligation on the Trustee to perform any act or acts, receive or obtain any interest in property or exercise any interest in property, or exercise any right, power, duty or obligation conferred or imposed on it in any jurisdiction in which it shall be illegal, or in which the Trustee shall be unqualified or incompetent in accordance with applicable law, to perform any such act or acts, to receive or obtain any such interest in property or to exercise any such right, power, duty or obligation. The Trustee shall be under no obligation or duty to perform any act which would involve it in expense or liability or to institute or defend any suit in respect hereof, or to advance any of its own moneys, unless provided with security and indemnity satisfactory to it. The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by the Resolution at the request or direction of any of the Owners pursuant to the Resolution, unless such Owners shall have offered to the Trustee security or indemnity satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction. The permissive right of the Trustee to take actions enumerated in the Resolution shall not be construed as a duty. The Trustee shall not be liable in connection with the performance of its duties under the Resolution except for its own gross negligence or willful misconduct. The Trustee shall not be liable for any error of judgment made in good faith by an Authorized Officer of the Trustee, unless it shall be proved that the Trustee was grossly negligent in ascertaining the pertinent facts. The Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance

with the direction of the Owners of a majority in principal amount of the Outstanding Bonds relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred upon the Trustee under the Resolution. The Trustee shall not be liable for any action taken, suffered, or omitted to be taken by it in good faith and believed by it to be authorized or within the discretion or rights or powers conferred upon it by the Resolution. Anything in the Resolution notwithstanding, in no event shall the Trustee be liable for special, indirect, punitive or consequential loss or damage of any kind whatsoever (including but not limited to loss of profit), even if the Trustee has been advised as to the likelihood of such loss or damage and regardless of the form of action. Whether or not therein expressly so provided, every provision of the Resolution relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of the Resolution.

Evidence on Which Trustee May Act (Section 803)

The Trustee may conclusively rely and shall be fully protected in acting or refraining from acting upon any notice, resolution, request, consent, order, direction, certificate, report, opinion, bond, or other paper or document believed by it to be genuine, and to have been signed or presented by the proper party or parties. The Trustee may consult with counsel, who may or may not be of counsel to the Corporation, and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken or omitted to be taken or suffered by it under the Resolution in the absence of bad faith and in reliance thereon; provided, however, that such opinion of counsel shall not relieve the Trustee from obtaining an Opinion of Bond Counsel when and if required under the Resolution.

Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or omitting to take or suffering any action under the Resolution, such matter (unless other evidence in respect thereof be therein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an Authorized Officer of the Corporation, and such certificate shall be full warrant and protection for any action taken or omitted to be taken or suffered, in the absence of bad faith, under the provisions of the Resolution in reliance thereon.

Except as otherwise expressly provided in the Resolution, any request, order, notice or other direction required or permitted to be furnished pursuant to any provision thereof by the Corporation to the Trustee shall be sufficiently evidenced if executed in the name of the Corporation by an Authorized Officer of the Corporation.

Compensation and Indemnification (Section 804)

The Corporation shall pay to the Trustee from time to time reasonable compensation for all services rendered under the Resolution (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust), and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents, and employees, incurred in and about the performance of their powers and duties under the Resolution and the Trustee shall have a lien prior to that of the Bondowners and other Beneficiaries therefor on any and all funds at any time held by it under the Resolution. The Corporation further agrees to indemnify and save the Trustee harmless against any loss, liability or expenses including taxes (other than taxes based upon, measured by or determined by the income of the Trustee), arising out of or in connection with the acceptance or administration of the trust or trusts hereunder, including the costs and expenses of defending itself against any claim (whether asserted by the Corporation or any Bondowner or any other Person) or liability in connection with the exercise or performance of any of its powers or duties hereunder, or in connection with enforcing the provisions of this Section, except to the extent that such

loss, damage, claim, liability or expense is due to its own gross negligence or willful misconduct. In addition to, but without prejudice to its other rights under the Resolution, when the Trustee incurs expenses or renders services in connection with an a bankruptcy or similar event, the expenses (including the reasonable charges and expenses of its counsel) and the compensation for the services are intended to constitute expenses of administration under any applicable federal or state bankruptcy, insolvency or other similar law. "Trustee" for purposes of Section 804 of the Resolution shall include any predecessor Trustee; provided, however, that the negligence, willful misconduct or bad faith of any Trustee hereunder shall not affect the rights of any other Trustee hereunder. The obligations of the Corporation and the lien provided for under the Resolution shall survive the satisfaction and discharge of the Bonds, the termination for any reason of the Resolution or the earlier resignation or removal of the Trustee. The Trustee shall not be required to expend any of its own funds in the execution of its duties pursuant to the provisions of the Resolution.

Certain Permitted Acts (Section 805)

The Trustee may become the owner of any Bonds, with the same rights it would have if it were not the Trustee. To the extent permitted by law, the Trustee may act as depositary for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondowners or to effect or aid in any reorganization growing out of the enforcement of the Bonds or the Resolution, whether or not any such committee shall represent the Owners of a majority in principal amount of the Bonds then Outstanding.

Resignation of Trustee (Section 806)

The Trustee may at any time resign and be discharged of the duties and obligations created by the Resolution by giving not less than 30 days' written notice to the Corporation (which shall give prompt written notice to each Beneficiary) and to the Bondowners (mailed, postage prepaid), specifying the date when such resignation shall take effect, and such resignation shall take effect upon the day specified in such notice unless (i) no successor shall have been appointed by such date in which case such resignation shall become effective upon the appointment of a successor, or (ii) previously a successor shall have been appointed by the Corporation or the Bondowners as provided in the Section entitled "Appointment of Successor Trustee" below, in which event such resignation shall take effect immediately on the appointment of such successor.

Removal of Trustee (Section 807)

The Trustee may be removed at any time, with or without cause, by an instrument or concurrent instruments in writing, delivered to the Trustee, and signed by the Owners of a majority in principal amount of the Bonds then Outstanding or their attorneys-in-fact duly authorized, excluding any Bonds held by or for the account of the Corporation, or, so long as no Event of Default or event which with the giving of notice or the passage of time would constitute an Event of Default has occurred and is continuing, by an instrument in writing delivered to the Trustee and signed by an Authorized Officer of the Corporation; provided, however, that in each case that a successor Trustee shall be simultaneously appointed with the filing of such instrument.

Appointment of Successor Trustee (Section 808)

In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, a successor may be appointed by the Owners of a majority in

principal amount of the Bonds then Outstanding, excluding any Bonds held by or for the account of the Corporation, by an instrument or concurrent instruments in writing signed and acknowledged by such Bondowners or by their attorneys-in-fact duly authorized and delivered to such successor Trustee, notification thereof being given to the Corporation and the predecessor Trustee; provided, nevertheless, that unless a successor Trustee shall have been appointed by the Bondowners as aforesaid, the Corporation by a duly executed written instrument signed by an Authorized Officer of the Corporation shall forthwith appoint a Trustee to fill such vacancy until a successor Trustee shall be appointed by the Bondowners as authorized in this Section. The Trustee shall mail a copy of the notice of any such appointment, postage prepaid, to the Owners of any Bonds, at their last addresses appearing on the registry books. Any successor Trustee appointed by the Corporation shall, immediately and without further act, be superseded by a Trustee appointed by the Bondowners.

If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within 30 days after the Trustee shall have given to the Corporation written notice as provided in the Section entitled "Removal of Trustee" above or after a vacancy in the office of the Trustee shall have occurred by reason of its inability to act or its removal under this Section, the Trustee or the Owner of any Bond may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper, appoint a successor Trustee.

Any Trustee appointed under the provisions of this Section in succession to the Trustee shall be a bank or trust company organized under the laws of a state of the United States of America or of the Commonwealth, or a national banking association, and having a capital and surplus aggregating at least \$50,000,000, if there be such a bank or trust company or national banking association willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolution.

Supplemental Resolutions Effective with Consent of Bondowners (Section 903)

At any time or from time to time, the Corporation may adopt a Supplemental Resolution subject to consent by Bondowners in accordance with and subject to the provisions of Resolution relating

to the amendment of the Resolution, which Supplemental Resolution, upon the delivery to the Trustee of a copy thereof certified by an Authorized Officer of the Corporation, and upon compliance with the provisions of the Section of the Resolution relating to amendment of the Resolution, shall become fully effective in accordance with its terms as provided in said Section.

General Provisions (Section 904)

The Resolution shall not be modified or amended in any respect except as provided in and in accordance with and subject to the provisions of Resolution relating to Supplemental Resolutions and to amendment of the Resolution. Nothing in the Resolution relating to Supplemental Resolutions and to amendment of the Resolution shall affect or limit the right or obligation of the Corporation to adopt, make, execute, acknowledge or deliver any resolution, act or other instrument pursuant to the provisions of the Section entitled “Further Assurances” above or the right or obligation of the Corporation to execute and deliver to the Trustee any instrument which elsewhere in the Resolution it is provided shall be delivered to the Trustee.

Any Supplemental Resolution referred to and permitted or authorized by the Sections entitled “Supplemental Resolutions Effective Upon Filing with the Trustee” or “Supplemental Resolutions Effective Upon Consent of the Trustee” may be adopted by the Corporation without the consent of any of the Bondowners, but shall become effective only on the conditions, to the extent and at the time provided in said Sections, respectively. The copy of every Supplemental Resolution when delivered to the Trustee shall be accompanied by an Opinion of Bond Counsel stating that such Supplemental Resolution has been duly and lawfully adopted in accordance with the provisions of the Resolution, is authorized or permitted by the Resolution, and is valid and binding upon the Corporation and enforceable in accordance with its terms.

The Trustee is authorized to accept the delivery of a certified copy of any Supplemental Resolution referred to and permitted or authorized by the Resolution and to make all further agreements and stipulations which may be therein contained, and the Trustee, in taking such action in good faith, shall be fully protected in relying on an Opinion of Bond Counsel that such Supplemental Resolution is authorized or permitted by the provisions of the Resolution.

No Supplemental Resolution shall change or modify any of the rights or obligations of the Trustee without its written assent thereto.

Powers of Amendment (Section 1002)

Any modification or amendment of the Resolution and of the rights and obligations of the Corporation and of the Owners of the Bonds may be made by a Supplemental Resolution, with the written consent given as provided in the Resolution, (i) of the Owners of at least a majority in principal amount of the Bonds Outstanding at the time such consent is given, and (ii) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, of the Owners of at least a majority in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given; provided, however, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like Series and maturity remain Outstanding, the consent of the Owners of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this Section. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal (or Compounded Amount, if applicable) of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount (or Compounded Amount, if applicable) or the Redemption Price thereof or in the rate of interest thereon without the consent of each Bondowner affected thereby, or shall reduce the

percentage of the aggregate principal amount (or Compounded Amount, if applicable) of Bonds or otherwise affect classes of Bonds the consent of the Owners of which is required to effect any such modification or amendment without the consent of all Bondowners, or shall change or modify any of the rights or obligations of the Trustee without its written assent thereto, or shall change or modify any of the rights of the providers of Qualified Hedges, Credit Facilities or Liquidity Facilities regarding source of and security for payments due to such Persons. For the purposes of this Section, a Series shall be deemed to be affected by a modification or amendment of the Resolution if the same adversely affects or diminishes the rights of the Owners of Bonds of such Series. The Trustee may in its discretion determine whether or not in accordance with the foregoing powers of amendment, Bonds of any particular Series or maturity would be affected by any modification or amendment of the Resolution and any such determination if reasonable and in good faith shall be binding and conclusive on the corporation and all Owners of Bonds.

Events of Default and Remedies (Article XI)

Events of Default (Section 1101)

Each of the following events shall constitute an Event of Default under the Resolution:

(i) There shall occur a default in the payment of principal or Redemption Price of or interest on any Bond or payments due to any Parity Obligation or any Subordinate Obligation related thereto after the same shall have become due, whether at maturity or upon call for redemption or otherwise.

(ii) There shall occur a failure to observe, or a refusal to comply with, the terms of the Resolution or the Bonds, other than a failure or refusal constituting an event specified in paragraph (i) of this subsection; provided, however, that with respect to any failure to observe or refusal to comply with the covenants and agreements set forth in the Resolution, such failure or refusal shall have continued for a period of thirty (30) days after written notice, specifying such failure and requesting that it be remedied, is given to the Corporation by the Trustee or any Beneficiary; and provided further, however, that if the failure stated in the notice cannot be remedied within the thirty-day period, corrective action has been instituted by the Corporation within such thirty-day period and is being diligently pursued;

provided, that Owners of Subordinate Bonds or obligees under Subordinate Obligations may not declare an Event of Default, or cause the Trustee to take any remedial actions hereunder in the event such Subordinate Bonds or Subordinate Obligations are not timely paid amounts due thereunder, until such time that Senior Bonds and all Parity Obligations are fully retired or are defeased in accordance with the provisions of the Resolution, and all references in Article XI of the Resolution to the Owners of Bonds exercising or directing the exercise of default remedies shall refer solely to those Bonds as to which an Event of Default has been declared hereunder.

In the event that the Corporation shall issue one or more Classes of Subordinate Bonds, or execute Subordinate Obligations, the related Series Resolution shall provide for the determination of Events of Default, and the imposition of remedies contained elsewhere in this Article XI, in accordance with the Class Priority set forth in such Series Resolution, which Class Priority shall in all cases provide that all Senior Bonds and all Parity Obligations related thereto shall be accorded senior status such that no Event of Default may be declared for default related to such Subordinate Bonds or Subordinate Obligations, and no remedy may be invoked under this Article XI for any such default on Subordinate

Bonds or Subordinate Obligations, until the Senior and all Parity Obligations related thereto are fully retired or are defeased in accordance with the provisions of the Resolution.

Remedies (Section 1102)

Upon the happening and continuance of any Event of Default, then and in each such case the Trustee may proceed to, and, upon the written request of the Owners of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds shall, declare the principal of and accrued interest on the Bonds to be immediately due and payable (Capital Appreciation Bonds at their Compounded Amount on the date of acceleration). Upon any such declaration, the principal of (Compounded Amount for Capital Appreciation Bonds) and accrued interest on the accelerated Bonds shall become due and payable immediately, and the Trustee shall make demand for payment upon the Corporation in an amount sufficient to pay principal of (Compounded Amount for Capital Appreciation Bonds) and interest accrued on the accelerated Bonds to the date established for payment thereof. In any such event, any Credit Facility Provider may elect to pay an amount equal to the accelerated principal (Compounded Amount) of and interest accrued on the Bonds covered by its Credit Facility to the date of acceleration and the Trustee shall accept such payment. In addition, the Trustee may, and upon the written request of the Owners of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds, shall, proceed to protect and enforce its rights and the rights of the Bondowners by such of the following remedies, as the Trustee, being advised by counsel shall deem most effectual to protect and enforce such rights subject to the provisions of Sections 201, 803 and 1206:

(i) by suit, action or proceeding to enforce all rights of the Bondowners, including the right to collect or require the Corporation to collect Revenues adequate to carry out the covenants, agreements and pledges with respect thereto contained in the Resolution and to require the Corporation to carry out any other covenant or agreement with Bondowners and to perform its duties under the Act;

(ii) by suit upon the Bonds limited, upon recovery thereunder, to the Pledged Property pledged under the Resolution;

(iii) by action or suit in equity, to require the Corporation to account as if it were the trustee of an express trust for the Bondowners, for the Pledged Property and assets pledged under the Resolution as shall be within its control; and

(iv) by action or suit in equity, to enjoin any acts or things which may be unlawful or in violation of the rights of the Bondowners or the Beneficiaries.

In the enforcement of any remedy under the Resolution, but subject to the Sections entitled "Authorization of Bonds," "The Pledge" and "No Personal Liability," the Trustee shall be entitled to sue for, enforce payment on and receive any and all amounts then or during any default becoming, and at any time remaining, due from the Corporation for principal, Redemption Price, interest or otherwise for Bonds under any provision of the Resolution or any Supplemental Resolution or of the Bonds, and unpaid, with interest on overdue payments at the rate or rates of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings under the Resolution and under such Bonds, without prejudice to any other right or remedy of the Trustee or of the Bondowners, and to recover and enforce judgment or decree against the Corporation for any portion of such amounts remaining unpaid, with interest, costs and expenses, in any manner provided by law, the moneys adjudged or decreed to be payable.

Priority of Payments After Event of Default (Section 1103)

Subject to Section 804 and after making provision for the payment of any reasonable expenses of the Trustee and its agents and attorneys necessary in the opinion of the Trustee to protect the interests of the Owners of the Bonds and the other Beneficiaries, and for the payment of the reasonable charges and expenses and liabilities incurred and advances made by the Trustee and its agents and attorneys in the performance of their duties under the Resolution, in the event that the funds held by the Trustee shall be insufficient for the payment of interest and principal or Compounded Amount or Redemption Price then due on the Bonds and other amounts payable as described in clauses FIRST through FIFTH below, such funds (excluding funds held for the payment or redemption of particular Bonds which have theretofore become due at maturity or by call for redemption) and any other moneys received or collected by the Trustee and any moneys or other property distributable in respect of the Corporation's obligations under the Resolution after the occurrence of an Event of Default, shall be applied as follows:

Unless the principal (or Compounded Amount, if applicable) of all of the Bonds shall have become due and payable,

FIRST: to the payment to the Persons entitled thereto of regularly scheduled fees payable under each Credit Facility and Liquidity Facility;

SECOND: to the payment to the Persons entitled thereto of all installments of interest on the Bonds and the interest component of Parity Obligations then due in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment due on the same date, then to the payment thereof ratably, according to the amounts due on such date, without any discrimination or preference;

THIRD: to the payment to the Persons entitled thereto of the unpaid principal or Redemption Price of the Bonds and the unpaid principal component of Parity Obligations which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amount available shall not be sufficient to pay in full all the Bonds and the principal component of Parity Obligations due on the same date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price due on such date, without any discrimination or preference;

FOURTH: to the payment to the Persons entitled thereto of amounts reimbursable or payable by the Corporation under each Credit Facility for draws or payments thereunder to pay principal of or interest on Bonds, whether such reimbursements or payments are made to the Credit Facility Provider as a Bondowner, as a subrogee or otherwise; and

FIFTH: to the payment to the Persons entitled thereto of amounts payable by the Corporation under each Credit Facility, Liquidity Facility and Qualified Hedge not constituting Parity Obligations or payable pursuant to clause FIRST OR FOURTH above;

provided, that if the principal of all the Bonds shall have become or shall have been declared due and payable, all such moneys shall be applied in accordance with the provisions of SECOND and THIRD above, ratably, without preference or priority of principal (Compounded Amount) over interest or of interest over principal (Compounded Amount) or of any installment of interest over any other installment of interest, and, provided further, in the event of an insufficiency of funds to make all payments required under any of clauses FIRST through FIFTH above, funds shall be applied to the payments required under the relevant clause, without preference or priority, ratably according to the amounts due.

The provisions of this Section are in all respects subject to the provisions of the Resolution relating to extending the payment of Bonds.

Whenever moneys are to be applied by the Trustee pursuant to this Section, such moneys shall be applied by the Trustee at such times, and from time to time, as provided above. The deposit of such moneys with the Trustee, or otherwise setting aside such moneys in trust for the proper purpose, shall constitute proper application by the Trustee and the Trustee shall incur no liability whatsoever to the Corporation, to any Bondowner to any Beneficiary or to any other Person for any delay in applying any such moneys, so long as the Trustee acts without gross negligence or willful misconduct. Whenever the Trustee shall exercise such discretion in applying such moneys, it shall fix the date (which shall be an interest payment date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate for the fixing of any such date. The Trustee shall not be required to make payment to the Owner of any Bond unless such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Termination of Proceedings (Section 1104)

In case any proceeding taken by the Trustee on account of any Event of Default has been discontinued or abandoned for any reason, then in every such case the Corporation, the Trustee, the Beneficiaries and the Bondowners shall be restored to their former positions and rights under the Resolution, respectively, and all rights, remedies, powers and duties of the Trustee shall continue as though no other such proceeding had been taken.

Bondowners' Direction of Proceedings (Section 1105)

Anything in the Resolution to the contrary notwithstanding, the Owners of a majority in principal amount of the Bonds then Outstanding shall have the right, by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method of conducting all remedial proceedings to be taken by the Trustee hereunder, provided that such direction shall not be otherwise than in accordance with law or the provisions of the Resolution, including Section 804 hereof, and that the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would be unjustly prejudicial to Bondowners not parties to such direction or would involve the Trustee in personal liability.

Limitation on Rights of Bondowners (Section 1106)

No Owner of any Bond shall have any right to institute any suit, action, mandamus or other proceeding in equity or at law under the Resolution, or for the protection or enforcement of any right under the Resolution unless such Owner shall have given to the Trustee written notice of the Event of Default or breach of duty on account of which such suit, action or proceeding is to be taken, and unless the Owners of not less than 25% in principal amount of the Bonds then Outstanding shall have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, shall have occurred, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers granted in the Resolution or granted under the law or to institute such action, suit or proceeding in its name and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses (including legal fees and expenses) and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time; and such notification, request and offer of indemnity are declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers under the Resolution or for any other remedy provided under the Resolution or by law. It is understood and intended that no

one or more Owners of the Bonds or other Beneficiary secured by the Resolution shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of the Resolution, or to enforce any right under the Resolution or under law with respect to the Bonds, or the Resolution, except in the manner provided in the Resolution, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner provided in the Resolution and for the benefit of all Owners of the Outstanding Bonds. Nothing contained in the Resolution relating to defaults and remedies shall affect or impair the right of any Bondowner to enforce the payment of the principal of and interest on such Owner's Bonds or the obligation of the Corporation to pay the principal of (or Compounded Amount, if any) and interest on each Bond issued under the Resolution to the Owner thereof at the time and place in said Bond expressed.

Anything to the contrary in this Section notwithstanding, or any other provision of the Resolution, each Owner of any Bond by such Owner's acceptance thereof, shall be deemed to have agreed that any court in its discretion may require, in any suit for the enforcement of any right or remedy under the Resolution, or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the reasonable costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable pre-trial, trial and appellate attorneys' fees, against any party litigant in any such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this paragraph shall not apply to any suit instituted by the Trustee, to any suit instituted by any Bondowner or group of Bondowners holding at least 25% in principal amount of the Bonds Outstanding, or to any suit instituted by any Bondowner for the enforcement of the payment of any Bond on or after the respective due date thereof expressed in such Bond.

Remedies Not Exclusive (Section 1108)

No remedy conferred upon or reserved to the Trustee or to the Owners of the Bonds is intended to be exclusive of any other remedy and each and every such remedy shall be cumulative and shall be in addition to any other remedy given under the Resolution or now or hereafter existing at law or in equity or by statute.

No Waiver of Default (Section 1109)

No delay or omission of the Trustee or of any Owner of the Bonds to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein and every power and remedy given by the Resolution to the Trustee and the owners of the Bonds or such Beneficiaries, respectively, may be exercised from time to time and as often as may be deemed expedient.

Notice of Event of Default (Section 1110)

The Trustee shall give to the Bondowners and the Beneficiaries notice of each Event of Default hereunder known to the Trustee within ninety days after actual knowledge by an Authorized Officer of the Trustee of the occurrence thereof, unless such Event of Default shall have been remedied or cured before the giving of such notice. However, except in the case of default in the payment of the principal (or Compounded Amount, if any) or Redemption Price, if any, of or interest on any of the Bonds, the Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee, or a trust committee of directors or responsible officers of the Trustee in good faith determines that the withholding of such notice is in the interest of the Bondowners and other Beneficiaries. Each such notice of Event of Default shall be given by the Trustee by mailing written notice thereof: (i) to all Owners of Bonds, as the names and addresses of such Owners appear upon the

books for registration and transfer of Bonds as kept by the Trustee, and (ii) to each of the Rating Agencies.

Defeasance (Section 1201)

Bonds which are denominated and payable only in Dollars may be defeased pursuant to the provisions of Section 1201 of the Resolution. Bonds denominated in a Foreign Currency or Currencies may be defeased pursuant to the provisions contained herein, as affected by the provisions of the related Series Resolution. The Corporation shall pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the Defeasance Obligations deposited as described herein or the principal and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the Bondowners.

If the Corporation shall pay or cause to be paid, or there shall otherwise be paid, to the Owners of all Bonds then Outstanding, the principal and interest and Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the Resolution, then, at the option of the Corporation, expressed in an instrument in writing signed by an Authorized Officer of the Corporation and delivered to the Trustee, the covenants, agreements and other obligations of the Corporation to the Bondowners shall be discharged and satisfied. In such event, and provided that all amounts owing to the Trustee and all Beneficiaries shall have been fully paid, the Trustee shall, upon the request of the Corporation, execute and deliver to the Corporation such instruments as may be desirable to evidence such discharge and satisfaction and the Trustee shall pay over or deliver to the Corporation all money, securities and funds held by them pursuant to the Resolution which are not required for the payment or redemption of Bonds not theretofore surrendered for such payment or redemption.

Bonds or any portion thereof for the payment or redemption of which moneys shall have been set aside and shall be held in trust by the Trustee (through deposit by the Corporation of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with the effect expressed herein. Any Outstanding Bonds of any Series or any maturity within a Series or portion thereof shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed herein if (a) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Corporation shall have given to the Trustee irrevocable instructions to give, as provided in Article IV of the Resolution, notice of redemption on said date of such Bonds, (b) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or Defeasance Obligations the principal of and interest on which when due and without reinvestment, except as provided below, will provide moneys which, together with the moneys, if any deposited with the Trustee at the same time, shall be sufficient to pay when due the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event said Bonds (or portions thereof) are not by their terms subject to redemption or maturity within the next succeeding 60 days, the Corporation shall have given the Trustee irrevocable instructions to mail, not less than seven (7) days after receipt of such instructions, a notice to the Owners of the Bonds (or portion thereof) which are to be deemed to have been paid hereunder that the deposit required by (b) above has been made with the Trustee and that said Bonds or portion thereof are deemed to have been paid in accordance herein and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal or Redemption Price, if applicable, on said Bonds or portion thereof, including the interest accrued thereon. Such notice shall be mailed, postage prepaid, to the Owners of said Bonds or portion thereof at their last mailing address, if any, appearing on the registry books, but such mailing shall not be a condition precedent to the deemed payment of such Bonds and failure so to mail, or failure by any Owner to receive, any such notice shall not affect the validity of the defeasance of such Bonds as herein provided for.

Neither Defeasance Obligations nor moneys deposited with the Trustee as established herein, nor principal or interest payments on any such Defeasance Obligations, shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if applicable, and interest on said Bonds; provided that any cash received from such principal or interest payments on such Defeasance Obligations deposited with the Trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested by the Trustee at the written direction of the Corporation in Defeasance Obligations maturing at the time or times and in amounts sufficient to pay when due the principal or Redemption Price, if applicable, and interest to become due on said Bonds on and prior to such redemption date or maturity date thereof, as the case may be. Any income or interest earned by, or increment to, the investment of any such moneys so deposited, in excess of the amounts required hereinabove to pay the principal of, Redemption Price, if applicable, and interest on such Bonds, as realized, shall be deposited by the Trustee in the Revenue Account. To the extent required by the provider of a Credit Facility, the Bonds which are the subject of the enhancement of such Credit Facility shall not be deemed paid hereunder unless there shall have been delivered to the Trustee and the provider of such Credit Facility (a) a verification report of a firm of independent accountants verifying the sufficiency of the escrow created hereunder to timely make full payment of principal or Redemption Price, if applicable, and interest on such Bonds to the dates scheduled for such payment, and (b) an opinion of Bond Counsel to the effect that, based upon the assumptions stated in such opinion, such Bonds are deemed defeased under the provisions of the Resolution.

For purposes of determining whether Adjustable Rate Bonds shall be deemed to have been paid prior to the maturity or redemption date thereof, as the case may be, by the deposit of moneys, or Investment Securities and moneys, if any, in accordance with the second sentence of subsection 3 of Section 1201 of the Resolution, the interest to come due on such Adjustable Rate Bonds on or prior to the maturity date or redemption date thereof, as the case may be, shall be calculated at the Contractual Maximum Interest Rate permitted by the terms thereof; provided, however, that if on any date, as a result of such Adjustable Rate Bonds having borne interest at less than such Contractual Maximum Interest Rate for any period, the total amount of moneys and Investment Securities on deposit with the Trustee for the payment of interest on such Adjustable Rate Bonds is in excess of the total amount which would have been required to be deposited with the Trustee on such date in respect of such Adjustable Rate Bonds in order to satisfy the second sentence of subsection 2 of Section 1201 of the Resolution, the Trustee shall, if requested by the Corporation, pay the amount of such excess to the Corporation free and clear of any trust, pledge, lien, encumbrance or security interest created hereby.

Option Bonds shall be deemed to have been paid in accordance with the second sentence of subsection 3 of Section 1201 of the Resolution only if, in addition to satisfying the requirements of clauses (a) and (c) of such sentence, there shall have been deposited with the Trustee moneys in an amount which shall be sufficient to pay when due the maximum amount of principal of and premium, if any, and interest on such Bonds which could become payable to the Owners of such Bonds upon the exercise of any options provided to the Owners of such Bonds; provided, however, that if, at the time a deposit is made with the Trustee pursuant to subsection 3 of Section 1201 of the Resolution, the options originally exercisable by the Owner of an Option Bond are no longer exercisable, such Bond shall not be considered an Option Bond for purposes established herein. If any portion of the moneys deposited with the Trustee for the payment of the principal and premium, if any, and interest on Option Bonds is not required for such purpose, the Trustee shall, if requested by the Corporation in writing, pay the amount of such excess to the Corporation free and clear of any trust, pledge, lien, encumbrance or security interest created hereby.

Anything in the Resolution to the contrary notwithstanding, but subject to any applicable law to the contrary, any moneys held by the Trustee in trust for the payment of the principal of or premium, if any, or interest on any of the Bonds which remain unclaimed for two (2) years after the date

when such principal, premium, if any, or interest, as the case may be, has become due and payable, either at their stated maturity dates or by call for earlier redemption or otherwise, if such moneys were held by the Trustee at such date, or for two (2) years after the date of deposit of such moneys if deposited with the Trustee after the said date when such principal, premium, if any, or interest, as the case may be, became due and payable, shall, at the written request of the Corporation, be repaid by the Trustee to the Corporation, as its absolute property and free from trust, and the Trustee shall thereupon be released and discharged with respect thereto and the Bondowners shall look only to the Corporation for the payment of such principal, premium, if any, or interest, as the case may be; provided, however, that before being required to make any such payment to the Corporation, the Trustee shall, at the expense of the Corporation, cause to be published once in a newspaper or financial journal, customarily published at least once a day for at least five (5) days (other than legal holidays) in each calendar week, printed in the English language and of general circulation in the Borough of Manhattan, City and State of New York, a notice that said moneys remain unclaimed and that, after a date named in said notice, which date shall be not less than thirty (30) days after the date of the publication of such notice, the balance of such moneys then unclaimed will be returned to the Corporation.

Moneys Held for Particular Bonds (Section 1203)

The amounts held by the Trustee for the payment of the interest, principal or Redemption Price due on any date with respect to particular Bonds shall, on and after such date and pending such payment, be set aside on its books and held in trust by it for the Owners of such Bonds.

Preservation and Inspection of Documents (Section 1204)

All documents received by the Trustee under the provisions of the Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the Corporation, and any Bondowner or other Beneficiary and their agents and their representatives any of whom may make copies thereof.

No Personal Liability (Section 1206)

Neither the members of the Corporation nor any other Person executing the Bonds shall be subject to any personal liability or accountability by reason of the issuance or execution and delivery thereof.

Governing Law (Section 1211)

The Resolution shall be governed by, and construed and enforced in accordance with, the laws of the Commonwealth; provided, however, that the formalities leading to the creation of the trusts contain in the Resolution shall be governed by the laws of the State of New York and, provided further, to the maximum extent permitted by applicable law, the rights, duties, privileges and immunities of the Trustee, any Paying Agent and Bond Registrar, shall be governed by the law of the jurisdiction in which its Corporate Trust Office is located.

OPINION OF BOND COUNSEL**

Puerto Rico Sales Tax Financing Corporation
San Juan, Puerto Rico

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance by Puerto Rico Sales Tax Financing Corporation (the "Corporation"), a public corporation and instrumentality of the Commonwealth of Puerto Rico (the "Commonwealth"), constituting a corporate and political entity independent and separate from the Commonwealth, created pursuant to Act No. 91 of the Legislature of Puerto Rico, approved May 13, 2006, as amended ("Act 91"), of its \$89,435,000 aggregate principal amount of Sales Tax Revenue Bonds, First Subordinate Series 2010D (Issuer Subsidy Build America Bonds) (the "Series 2010D Bonds") and its \$92,755,000 aggregate principal amount of Sales Tax Revenue Bonds, First Subordinate Series 2010E (Issuer Subsidy Recovery Zone Economic Development Bonds) (the "Series 2010E Bonds," the Series 2010D Bonds and the Series 2010E Bonds being referred to herein as the "Bonds").

The Bonds are being issued under and secured by the Sales Tax Revenue Bond Resolution, adopted by the Board of Directors of the Corporation on July 13, 2007, as amended and supplemented prior to the date hereof (the "General Resolution"), and a Fifteenth Supplemental Sales Tax Revenue Bond Resolution fixing the terms of the Series 2010D Bonds (the "Fifteenth Supplemental Resolution") and a Sixteenth Supplemental Sales Tax Revenue Bond Resolution fixing the terms of the Series 2010E Bonds (the "Sixteenth Supplemental Resolution," the Fifteenth Supplemental Resolution and the Sixteenth Supplemental Resolution being referred to herein as the "Bond Resolution," the General Resolution and the Bond Resolution being referred to herein as the "Resolution"), adopted by the Board of Directors of the Corporation on June 24, 2010. Capitalized terms used herein and not otherwise defined shall have the meanings ascribed thereto in the Resolution.

The Bonds are limited obligations of the Corporation payable solely from, and secured by a pledge and assignment of, the Pledged Sales Tax derived from a portion of the Commonwealth Sales Tax (to the extent received by the Trustee under the Resolution), undisbursed Bond proceeds, certain funds held under the Resolution, together with income earned thereon, and other Revenues (collectively referred to herein as the "Pledged Property") pledged therefor under the Resolution. The Bonds are First Subordinate Bonds under the Resolution and are subordinate in payment priority to the Senior Bonds and Parity Obligations currently outstanding and to be issued under the terms of the Resolution, and on a parity with other First Subordinate Bonds and First Subordinate Obligations currently outstanding and to be issued under the terms of the Resolution, all as provided in the Resolution.

The Bonds are being issued to provide funds for the purposes provided in Article 2 of Act 91.

The Bonds are dated, mature, are redeemable prior to maturity, are payable and bear interest or accrete in value in the manner and upon the terms set forth in the Bond Resolution. The Bonds are issuable in the form of fully registered bonds in the denominations set forth in the Bond Resolution and

will be initially registered in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company, New York, New York, which will act as securities depository for the Bonds.

As Bond Counsel we have examined (i) Act 91, (ii) certified copies of the proceedings of the Corporation authorizing the issuance of the Bonds, (iii) the Resolution, and (iv) one Bond, as executed and authenticated. We have also examined originals or copies, certified or otherwise identified to our satisfaction, of such instruments, certificates and documents as we have deemed necessary or appropriate for the purposes of rendering the opinions set forth below.

In such examinations, we have assumed the genuineness of all signatures, the authenticity of all documents tendered to us as originals and the conformity to original documents of all documents submitted to us as certified or photostatic copies. As to questions of fact material to our opinion we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion, under existing law, as follows:

1. Act 91 is valid in all respects material to the matters covered by this opinion.
2. The Corporation is duly constituted and validly existing as a public corporation and instrumentality of the Commonwealth, constituting a corporate and political entity independent and separate from the Commonwealth, with the corporate power and authority to adopt the Resolution and issue the Bonds.
3. The proceedings of the Corporation in connection with the authorization, issuance and sale of the Bonds have been validly and legally taken.
4. Act 91 and such proceedings show lawful authority for the issuance and sale of the Bonds by the Corporation.
5. As authorized by Act 91 and by said proceedings, the Resolution has been duly adopted by the Corporation and constitutes the legal, valid, binding and enforceable obligation of the Corporation.
6. The Bonds have been duly authorized, executed and delivered by the Corporation and constitute legal, valid, binding and enforceable obligations of the Corporation payable from and secured by a pledge of the Pledged Property, subordinate in payment priority to the Senior Bonds and Parity Obligations currently outstanding and to be issued under the terms of the Resolution, to the extent provided in the Resolution, and are entitled to the benefit and security of the Resolution.
7. The Bonds and other obligations of the Corporation do not constitute a debt or obligation of the Commonwealth nor of its instrumentalities (other than the Corporation) and neither the Commonwealth nor its public instrumentalities (other than the Corporation) shall be responsible for the payment of the Bonds or such other obligations, for which the full faith, credit and taxing power of the Commonwealth shall not be pledged.
8. Interest on the Bonds is not excluded from gross income for Federal income tax purposes and so will be fully subject to Federal income taxation; this opinion is not intended or provided by Bond Counsel to be used and cannot be used by an owner of the Bonds for the purpose of avoiding penalties that may be imposed on the owner of such Bonds. The opinion set forth in this paragraph is provided to support the promotion or marketing of the Bonds. Each owner of the Bonds should seek advice based on its particular circumstances from an independent tax advisor.

9. The interest on the Bonds is exempt from state, Commonwealth and local income taxation.

Except as stated in paragraphs 8 and 9 above, we express no opinion as to any other Federal, state, Commonwealth or local tax consequences of the ownership or disposition of the Bonds. Furthermore, we express no opinion as to any Federal, state, Commonwealth or local tax law consequences with respect to the Bonds, or the interest thereon, if any action is taken with respect to the Bonds or the proceeds thereof upon the advice or approval of other counsel.

It is to be understood that the rights of the holders of the Bonds and the enforceability thereof and of the Resolution may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Respectfully submitted,

**PROPOSED FORM OF OPINION OF
SPECIAL PUERTO RICO TAX COUNSEL**

June __, 2010

PUERTO RICO SALES TAX FINANCING CORPORATION
Roberto Sánchez Vilella Government Center
De Diego Avenue, Stop 22
San Juan, Puerto Rico 00940

Re: Puerto Rico Sales Tax Financing Corporation
Sales Tax Revenue Bonds, First Subordinate Series 2010D (Issuer Subsidy Build America Bonds)
Sales Tax Revenue Bonds, First Subordinate Series 2010E (Issuer Subsidy Recovery Zone
Economic Development Bonds)

Gentlemen:

We have examined a record of proceedings relating to the issuance by Puerto Rico Sales Tax Financing Corporation (the "Corporation"), a public corporation and instrumentality of the Commonwealth of Puerto Rico (the "Commonwealth"), constituting a corporate and political entity independent and separate from the Commonwealth, created pursuant to Act No. 91 of the Legislature of Puerto Rico, approved May 13, 2006, as amended ("Act 91"), of its \$182,190,000 aggregate principal amount of Sales Tax Revenue Bonds, First Subordinate Series 2010D (Issuer Subsidy Build America Bonds) (the "Series 2010D Bonds") and Sales Tax Revenue Bonds, First Subordinate Series 2010E (Issuer Subsidy Recovery Zone Economic Development Bonds) (the "Series 2010E Bonds" and, together with the Series 2010D Bonds, the "Bonds").

The Bonds are being issued under and secured by the Sales Tax Revenue Bond Resolution, adopted by the Board of Directors of the Corporation on July 13, 2007, as amended and supplemented prior to the date hereof (the "General Resolution"), a Fifteenth Supplemental Sales Tax Revenue Bond Resolution fixing the terms of the Series 2010D Bonds, and a Sixteenth Supplemental Sales Tax Revenue Bond Resolution fixing the terms of the Series 2010E Bonds (collectively, the "Bond Resolution," the General Resolution and the Bond Resolution being referred to herein as the "Resolution"), adopted by the Board of Directors of the Corporation on June 24, 2010. Capitalized terms used herein and not otherwise defined shall have the meanings ascribed thereto in the Resolution.

From such examination, and having regard to legal questions we deem relevant, we are of the opinion that:

1. Interest on the Bonds is exempt from Puerto Rico income, sales, use and withholdings taxes, including the alternative minimum tax imposed by Section 1017 of the Puerto Rico Internal Revenue Code of 1994, as amended (the "P.R. Code").

2. The Bonds are exempt from property taxes imposed by the Municipal Property Tax Act of 1991, as amended, and interest thereon is exempt from the municipal license tax imposed by the Municipal License Tax Act of 1974, as amended.

3. The transfer of the Bonds by gift will not be subject to gift tax under the P.R. Code in the case of donors who are residents of Puerto Rico at the time the gift is made. The transfer of the Bonds by death will not be subject to estate tax under the P.R. Code in the case of a decedent who at the time of death was (x) a resident of Puerto Rico and (y) a United States citizen who acquired such citizenship solely by reason of birth or residence in Puerto Rico. The transfer of the Bonds by any means will not be subject to Puerto Rico sales and use taxes.

4. Gain recognized from the sale or exchange of a Bond will be subject to income tax under the P.R. Code to taxpayers subject to Puerto Rico income tax on such gains, including individuals residing in Puerto Rico and corporations and partnerships organized under the laws of Puerto Rico.

5. The Bonds will be considered an obligation of an instrumentality of Puerto Rico for purposes of (i) the non-recognition of gain rules of Section 1112(f)(2)(A) of the P.R. Code applicable to certain involuntary conversions and (ii) the exemption from the surtax imposed by Section 1102 of the P.R. Code available to corporations and partnerships that have a certain percentage of their net income invested in obligations of instrumentalities of Puerto Rico and certain other investments.

6. Interest on the Bonds constitutes “industrial development income” under Section 2(j) of the Puerto Rico Industrial Incentives Act of 1963, the Puerto Rico Industrial Incentives Act of 1978, the Puerto Rico Tax Incentives Act of 1987, and the Puerto Rico Tax Incentives Act of 1998, as amended (collectively, the “Acts”), when received by a holder of a grant of tax exemption issued under any of the Acts that acquired the Bonds with “eligible funds,” as such term is defined in the Acts.

In addition to the opinions above we would like to bring to your attention that: (a) the P.R. Code does not provide rules with respect to the treatment of the excess, if any, of the amount due at maturity of a Bond over its initial offering price (the “Accretion Amount”) and that under the current administrative practice followed by the Puerto Rico Department of the Treasury, the Accretion Amount is treated as interest; and (b) prospective owners of the Bonds, including but not limited to financial institutions, should be aware that ownership of the Bonds may result in having a portion of their interest and other expenses attributable to interest on the Bonds disallowed as deductions for purposes of computing the regular tax and the alternative minimum tax for Puerto Rico income tax purposes.

7. Based on the provisions of the United States Internal Revenue Code of 1986, as amended (the “U.S. Code”), and the regulations thereunder, now in force:

(a) Interest on the Bonds received by, or “original issue discount” (within the meaning of the U.S. Code) accrued to, an individual who is a *bona fide* resident of Puerto Rico within the meaning of Section 937 of the U.S. Code during the entire taxable year in which such interest is received or “original issue discount” is accrued will constitute gross income from sources within Puerto Rico and, therefore, is excludable from gross income for purposes of the U.S. Code pursuant to section 933(1) thereof.

(b) Interest received, or original issue discount accrued, on the Bonds is not subject to United States federal income tax if the holder of the Bonds is a corporation organized under the laws of Puerto Rico and such interest or original issue discount is not effectively connected or treated as effectively connected with the conduct of a trade or business in the United States by such corporation, and such corporation is not treated as a domestic corporation for the purposes of the U.S. Code.

(c) Gain on the sale of the Bonds derived by an individual who is a *bona fide* resident of Puerto Rico within the meaning of Section 937 of the U. S. Code during the entire taxable year of the sale and during the ten years preceding the year of the sale who does not hold the Bonds as

inventory will be excludable from gross income for purposes of the U.S. Code under Section 933(1) thereof; provided that if the individual was not a bona fide resident of Puerto Rico during the entire ten year period preceding the year of the sale the individual may elect to treat the portion of the gain attributable to the period of Puerto Rico residency as Puerto Rico source income excludable under Section 933(1) of the U.S. Code.

(d) Gain on the sale of the Bonds derived by a Puerto Rico Corporation will not be subject to United States federal income tax provided such gain is not effectively connected or treated as effectively connected with the conduct of a trade or business by such Puerto Rico Corporation in the United States and such corporation is not treated as a domestic corporation for purposes of the U.S. Code.

Prospective owners of the Bonds should be aware that the U.S. Code provides special rules for the taxation of shareholders of foreign corporations that qualify as “controlled foreign corporations,” “personal holding companies,” or “passive foreign investment companies,” as such terms are defined in the U.S. Code.

In connection with the foregoing statements about certain United States tax consequences arising from the ownership of, receipt or accrual of interest on, or the disposition of the Bonds, be advised that pursuant to the U. S. Internal Revenue Service Circular No. 230:

(1) These tax statements are not intended or written to be used, and cannot be used by any taxpayer, for purposes of avoiding penalties that may be imposed on the taxpayer by the Internal Revenue Service,

(2) These statements were written in connection with the promotion or marketing of the Bonds; and

(3) Each prospective purchaser of the Bonds should seek tax advice from an independent tax advisor based on its particular circumstances.

This opinion is limited to the above, and we express no other opinion regarding Puerto Rico or United States tax consequences arising from ownership or disposition of the Bonds.

This opinion is furnished by us solely for the benefit of the Corporation and the holders from time to time of the Bonds and may not be relied upon by any other person.

We hereby consent to the inclusion of this opinion as *Appendix D* to the Official Statement of the Corporation dated June 24, 2010 in connection with the Bonds. We further consent to the reference made to us under the captions “Tax Matters” and “Legal Matters” in said Official Statement.

We are rendering our opinion under existing statutes and court decisions as of the issue date, and assume no obligation to update our opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise.

Respectfully submitted,

AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE BONDS. If, however, the aggregate principal amount of any issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has S&P’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission (“SEC”). More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of the Bonds (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, the Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bonds documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Corporation as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, redemption premium, if any, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Corporation or the Trustee on payable dates in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the Corporation, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, redemption premium, if any, and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Corporation or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Corporation or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The Corporation may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Corporation believes to be reliable, but the Corporation takes no responsibility for the accuracy thereof.

NONE OF THE CORPORATION, THE TRUSTEE OR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DIRECT PARTICIPANTS, INDIRECT PARTICIPANTS OR ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY PARTICIPANT OR INDIRECT PARTICIPANT; (II) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF, OR PREMIUM, IF ANY, OR INTEREST ON, THE BONDS; (III) ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO BONDHOLDERS; (IV) ANY CONSENT GIVEN BY DTC OR OTHER ACTION TAKEN BY DTC AS A BONDHOLDER; OR (V) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE BONDS.
